

THE REASON WHY

Vinol

IS THE BEST STRENGTHENING TONIC

for Feeble Old People, Delicate Children, Weak, Run-down Persons, and to Counteract Chronic Coughs, Colds and Bronchitis, is because it combines the two most world-famed tonics—the medicinal, strengthening, body-building elements of Cod Liver Oil and Tonic Iron, without oil or grease, tastes good, and agrees with every one.

We return your money without question if Vinol does not accomplish all we claim for it.

ECZEMA CURED

Many people have tried so many remedies for eczema without being materially benefited that they have come to the conclusion that there is no cure for this most distressing disease. That this conclusion is erroneous, and that

Hobson's Eczema Ointment

will effect a cure is shown by the following unsolicited testimonial of Mr. Venable Wilson, who for many years was a citizen of Wadesboro. Mr. Wilson says:

"This is to certify that for nine years I suffered with eczema, and during that time tried numerous so-called specifics for it, but without effect. But after a few applications of Hobson's Eczema Ointment I was completely cured."

BOY TO BE HANGED.

Convicted of Brutally Murdering a Little 13-Year-Old Florida Girl, Who Was on Her Way to School—Relates Horrible Details of the Crime With Testimony.

Deland, Fla., April 11.—Irwin Hanchett, the 14-year-old Connecticut boy, was found guilty in the criminal court here today of the murder of Cleve Tedder, 13-year-old, and sentenced to be hanged.

The crime of which the youthful criminal was convicted was one of the most brutal in the annals of the state. He met the little girl while she was on her way to school and after she had rejected his proposals, he stabbed her to death. Her body was a mass of knife wounds, one physician testifying at the trial that he counted 75 wounds.

Following the boy's arrest he only escaped lynching by being spirited away.

Throughout the trial Hanchett maintained a stolid indifference to the testimony and received the death sentence with the same demeanor. His attorneys allowed him to go on the stand and relate the brutal details of the murder in hopes of substantiating their plea of insanity.

Hanchett was an inmate of the Connecticut State Reform School and was brought here by Mr. W. T. Wooley and given employment.

How He Expressed It.

Every family and especially those who reside in the country should be provided at all times with a bottle of Chamberlain's Liniment. There is no feeling when it may be wanted in case of pain or accident or emergency. It is most excellent in all cases of rheumatism, sprains and bruises. Sold by The Parsons Drug Co.

Richard's mother was putting him to bed, and as she kissed him good night she said, "Do you know you are all the world to mama?"

"Am I?" he answered, quickly. "Well, then, you're heaven and the north pole to me."

Accidents will happen, but the best regulated families keep Dr. Thomas' Electric Oil for such emergencies. It soothes the pain and heals the hurts.

WORTH MOUNTAINS OF GOLD

During Change of Life, says Mrs. Chas. Barclay

Grantville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."—MRS. CHAS. BARCLAY, R. F. D., Grantville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

This is the second sale of said property and the bidding will commence at four hundred dollars.

This the 14th day of April, 1910.
T. L. CAUDLE, Commissioner.

SHOT AFTER PREACHING.

Missionary Had Offered to Lay Down Life for Christianity.

Pittsburg, April 10.—A sermon on martyrdom, in which Frank Skala, editor and prominent mission worker, had declared himself willing to lay down his life for the Christian cause, was followed today by his assassination, and the shooting down also a fellow church leader, John Gay.

Arm-in-arm, the two missionaries were leaving the little Congregational church in Woods Run, a suburban, at the head of more than 100 foreigners. A raggedly dressed and collarless man poked his way through the crowd as it reached the intersection of Eckhart street and McClure avenue, and when he was but a step behind the leaders, he pressed a revolver to Skala's head and fired twice. The bullets took effect in the jaw and temple, and he fell dead in the midst of his followers. Gay, who threw up his right hand as if to ward off the weapon, was struck first in the thumb and a second bullet buried itself in his head. He fell unconscious across the lifeless body of his colleague.

For a moment—for several moments—the assassin stood over his prey in a crazed contemplation of the deed, flourishing his revolver, while the panic-stricken crowd fled to shelter behind posts and doorways.

HAD ATTENDED SUNDAY SCHOOL.

The madman was Jan Radowitch, a character known to most of the mission for his shiftless habits, slovenly dress and radical opinions. A moment before he had meekly read from juvenile leaflets in the Sunday school led by Skala; previously he had sat in a back pew of the church during the regular sermon, and at the commencement of the service Skala had shaken his hand in greeting. In all this Radowitch had given no warning of his murderous intentions.

There were no police in sight when the murder was done, the church people were too frightened to seize the assassin, and after flourishing his weapon and stamping on the bodies he made off down the avenue to the Fort Wayne railroad tracks and was soon lost to view. A large armed posse of police, detectives and church people was soon in pursuit, but late tonight they had found no trace of him.

AFTER THE madman's flight the mission crowd reassembled about their fallen leaders and passionately mourned their loss. Skala's body was removed to an undertaker's rooms and Gay was taken to St. John's Hospital. His wound is a dangerous one, but it is believed he will recover.

PROMINENT AS A MISSION WORKER.

Skala was very prominent as a mission worker and associate editor of the Bohemia Christian Journal, which he and Rev. James Losa published at Coropolis. He was a Presbyterian, but had filled the pulpit at the Congregationalist Mission House as he had often done before.

ONLY A BARREL OF "COAL OIL."

Richmond, Va., April 11.—Whiskey is sometimes called the "oil of joy," but it is seldom that it figures as coal oil. A case of this sort has just arisen, however, at the little town of Hamlet, N. C., where the United States revenue officers headed by Deputy Merritt of Colonel Chapman's office, this city, have just laid bare an ingenious fraud.

A barrel which came to Hamlet marked "coal oil" was found to contain a smaller barrel of whiskey. The larger receptacle of the two had a 50-gallon capacity and that containing the ardent spirits a 25-gallon capacity.

Of course the scheme was designed primarily to evade the prohibition laws of North Carolina, but it also against one of the United States statutes as to the shipment of whiskey.

The "coal oil" came from North Fort, but it not known who sent it.

For Lamé Back

An aching back is instantly relieved by an application of Sloan's Liniment.

This liniment takes the place of massage and is better than sticky plasters. It penetrates the skin and muscular tissue right to the bone, quickens the blood, relieves congestion, and gives permanent as well as temporary relief.

Here's the Proof.

Mr. JAMES G. LEE, of 1100 9th St., S.E., Washington, D. C., writes: "Thirty years ago I fell from a scaffold and severely injured my back. I suffered terribly at times; from the small of my back all around my stomach was just as if I had been beaten with a club. I used every plaster I could get with no relief. Sloan's Liniment took the pain right out, and I can now do as much ladder work as any man in the shop, thanks to Sloan's Liniment."

Mr. J. F. EVANS, of Mt. Airy, Ga., says: "After being confined for three years with rheumatism, I used Sloan's Liniment, and was cured sound and well, and am glad to say I haven't been troubled with rheumatism since. My leg was badly swollen from my hip to my knee. One-half a bottle took the pain and swelling out."

Sloan's Liniment has no equal as a remedy for Rheumatism, Neuralgia or any pain or stiffness in the muscles or joints.

Prices, 25c., 50c. and \$1.00.

30 YEARS OF SUCCESS.

The Parsons Drug Co. Offers a Remedy for Catarrh. The Medicine Costs Nothing if it Fails.

When a medicine effects a successful treatment in a very large majority of cases, and when we offer that medicine on our own personal guarantee that it will cost nothing if it does not completely relieve catarrh, it is only reasonable that people should believe us, or at least put our claim to a practical test when we take all the risk. These are facts which we want the people to substantiate. We want them to try Rexall Mucuo-Tone, a medicine prepared from a prescription of a physician with whom catarrh was a speciality, and who has a record of thirty years of enviable success to his record.

We receive more good reports about Rexall Mucuo-Tone than we do of all other catarrh remedies sold in our store, and if more people only knew what a thoroughly dependable remedy Rexall Mucuo-Tone is it would be the only catarrh remedy we would have any demand for.

Rexall Mucuo-Tone is quickly absorbed and by its therapeutic effect tends to disinfect and cleanse the entire mucous membrane tract, to destroy and remove the parasites which injure the membraneous tissues, to soothe the irritation and heal the soreness, stop the mucous discharge, build up strong, healthy tissue and relieve the blood and system of diseased matter. Its influence is toward stimulating the mucous cells, digestion and improving nutrition until the whole body vibrates with healthy activity. In a comparatively short time it brings about a noticeable gain in weight, strength, good color and feeling of buoyancy.

We urge you to try Rexall Mucuo-Tone, beginning a treatment today. At any time you are not satisfied, simply come and tell us, and we will quickly return your money without question or quibble. We have Rexall Mucuo-Tone in two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Wadesboro only at our store—The Rexall Store. The Parsons Drug Co.

PREMATURE BURIAL.

Statistics That Prove Such Happenings to be Practically Unknown.

London Lancet.

It is possible that an examination of the probability of premature burial, in the light of certain facts, may be of consolation to the less prejudiced of those who dread its occurrence. In all the thousands of post-mortem examinations which have been performed throughout the civilized world during the last 50 years has there been a single instance of the supposed body under examination showing signs of life such as would infallibly appear at the dissection of a living subject? We venture to say that if this had occurred the world would have heard of it. We would point out, moreover, that the bodies upon which post-mortem examinations are performed are in no sense selected, but include those of persons of both sexes and of all ages who have died from all sorts of natural and violent deaths, and at widely varying intervals of time before the section cadaveris.

In our minds this consideration at once disposes of the assumption that premature burial is of any frequent occurrence, and limits discussion to those unusual cases which, either because of a trance condition having existed before the supposed time of death or delay of rigor mortis, or from the temporary persistence of the body temperature of life, there are reasonable doubts of the fact of death. But surely, these are just cases in which expert opinion will always be sought, and in which burial will naturally be delayed until the onset of the incontrovertible sign of putrefaction.

Evidence more conclusive than that of opinion is forthcoming, for our Vienna correspondent describes the elaborate system of death certification which has been enforced in Austria during the last 50 years which provides that everybody before burial must be seen at least twice within 48 hours after death by two independent medical men and by one of them again immediately before closing the coffin. In no single instance has the fact of death been controverted during these repeated examinations, and to make assurance doubly sure in Vienna those persons who desire can have the uncoffined bodies of their dead friends kept under observation in special mortuary halls for as long as they desire.

By virtue of the power contained in the last will and testament of Allen Edwards, which was duly admitted to probate on the first day in April, 1901, in the Superior Court of Anson county, the undersigned will, on Monday, May 3, 1910, at the court house door in Wadesboro, at 12 M., expose the following lands for sale at public auction, to-wit: The home place of the late Allen Edwards, consisting of 106 acres, more or less, situate in Burnsville township, above state and county, adjoining the lands of Richmond Edwards, Ben Edwards and John T. Edwards and Tom Parker. A plot of said lands has been made during the present month and will be on exhibition at the sale. The terms of the sale are as follows: One-fourth cash, three-fourths on the first day in January, 1911, with interest from the day of sale at the rate of six per cent. per annum on the deferred payments, title to be made when all the purchase money with interest is paid, with option to the purchaser to pay all cash and receive title at once. This is a final sale and will not be left open. The last bid at the auction of a responsible party takes the land. This March 21, 1910.

THE CHILD'S CONGRESS.

Charlotte Chronicle.

The Chronicle has often referred to the record of Anson county for its progressiveness in education—technical, industrial and otherwise—and it has made mention of the latest step in the organization of the Children's Industrial Congress. In speaking of the organization of this scheme and its work, North Carolina Education says that the forty schools of Anson elected representatives to this congress; and on the appointed day, March 6th, they met in the auditorium of the Wood and Iron building. One boy and one girl came from each school, in addition to the number of parents and friends who attended. "Industrial Education and the General Betterment of School Conditions" was the theme. The Woman's Betterment Association is behind the organization. At the first meeting reports were received from the secretaries of the Betterment Association. Rooms were fitted up for demonstration purposes. In one room a well equipped kitchen with all necessary utensils attracted considerable attention. This room was furnished here by Mr. B. G. Covington, a local hardware dealer. The delegates representing the schools of the county were given pictures and taught mounting and framing them. The children who attended this congress were entertained free, and they had a great time. This plan, North Carolina Education thinks, should commend itself to every county in the State. In this way the child becomes a very active part of the betterment association; and through the child, the parent.
