The Place to Buy

Where You Can Get What You Want When You Want It

My Rutherford street store is that place. If you want nice, fresh groceries I have them. If you want a good, honest pair of shoes you can get them from me. In fact, if you want anything kept in a general store I will treat you right and try to save you money.

Don't forget the place—Rutherford street, first door north of W. N. Jeans' store.

J. E. C. Hill.

OLD MACHINE SMASHED.

Control of Senate Passes to Insurgents and Democrats—Aldrich Clique Broken up.

Washington, Nov. 9.—There is no more significant feature of the election yesterday than the complete smashing of the Aldrich Senate machine that for so many years has wielded a power only vaguely grasped by the people. This machine is now a thing of the past.

Weakened and crippled by primary defeats and enforced retirements before election, the vote on Tuesday in the several States has wrecked it irrevocably. So relentlessly were the Aldrich men slaughtered in their States that the question as to who will succeed Aldrich as the organization leader is no longer a material one, because the organization itself has been broken to little pieces. While there will still be a Republican majority, the Democrats and the Insurgents will constitute nearly three-fifths of the membership, and there will be about that august assemblage an entirely new atmosphere.

According to the returns, in the next Senate there will be 61 Republicans and 41 Democrats, a clear gain of nine for the Democrats. The Democrats apparently have gained seats in the following States now represented by Republicans: Indiana, Missouri, Montana, Nebraska, New Jersey, Ohio, New York and West Virginia. In Maine a Democratic Legislature was chosen in September, insuring a Democratic Senator to succeed Senator Eugene Hale.

The slaughter of the wheel horses of the Senate machine, beginning six months ago and ending with the vote on Tuesday, has been terrific. It began with the announcement of Senator Aldrich that he would not be a candidate for re-election. Later it developed that this was a matter of expediency, as the indications were that he could not be re-elected. Late returns indicate that the Rhode Island Legislature will be deadlocked on the question of the Senatorship. The next retirement was that of Sen-

HAD PSORIASIS FOR TEN YEARS

Itching and Burning Terrible. Appearance Worse. Had Specialists and X-Ray, with Some Success, Others without Relief. Used Cuticura. In 4 Days Relieved. Inside of 2 Weeks Cured.

"I had been suffering with psoriasis for a period of ten years. It would disappear occasionally for a year or so and then return in worse form than before. The last attack came on a little over a year ago, and by early summer had covered me all over. The itching and burning were terrible, and my appearance was worse. I had tried different specialists and had had the X-rays used on me, sometimes with some success and at others without relief. In the early fall of 1909 I was induced to try the Cuticura treatment, by a party who had heard of a remarkable cure it had made, and I confess that I started in, not only without faith, but with every prejudice against the medicine. In four days I was relieved of the inconvenience, and inside of two weeks cured, except for a slight discoloration of the skin, which wore off in a few weeks. I subsequently saw my friend Mr. [Name] who had had the same trouble. When he saw the wonderful effect of Cuticura upon me, he at once started the entire family, and was well in about ten days. I beg to thank you for the relief you have given me, and if any one wants my testimony as to the merit of Cuticura for their trouble, and will send me a stamped envelope with their address on it, I will be glad to send them a recommendation under my own signature. Harry G. Martin, 1008 Colvert Bldg., Baltimore, Md., Mar. 1, 1910."

Cuticura Remedies sold throughout the world. Foster Drug & Chem. Corp., Sole Mfrs., Boston. 2¢ Mailed free. 32-page book on Skin Eruptions.

HAVE YOU

seen the New Standard Annual Dividend Policies now being issued by The Mutual Life Insurance Co. of New York? The Mutual Life is the only company which has increased its dividend scale five years in succession. For particulars regarding policies and terms to producing agents address

Wadesboro, N. C.

Change of School Districts.

An application to enlarge the Polkton school district by adding thereto portions of the Brown Creek, High Hill and Polkton Hill districts will be heard by the Board of Education at its next meeting, on the first Monday in December, 1910, when all who are interested in such change are notified to meet the Board and make known their wishes for or against the same. This Nov. 15th, 1910. J. E. WALL, Sec'y Board of Education.

ator Eugene Hale, of Maine, who saw the handwriting on the wall and got out before he was voted out. Senator Julius Caesar Burrows, of Michigan, aspired to succeed Aldrich as leader of the Senate and chairman of the Appropriations Committee. At the primaries on September 5 the Republican voters of Michigan decided they had had enough of Burrows, and by an emphatic majority retired him to private life, nominating as his successor Congressman Townsend, a semi-Insurgent. These were the fatalities prior to election day.

Now, look at what has happened. Senator Thomas H. Carter, of Montana, a wheel horse of the organization, is in danger of defeat. Senator Kean, of New Jersey, another tried and true Aldrichite, will be succeeded by a Democrat. The New York Legislature is in the hands of the Democrats, who will elect a Senator to succeed Chauncey M. Depew. Senator Charles E. Dick, the long-haired Aldrich satellite from Ohio, has been beaten, and a Democrat will come to Washington as Burton's colleague. In Nebraska, Congressman Gilbert M. Hitchcock, the Democrat who started the Ballinger investigation, has defeated Senator Burkett, upon whom Aldrich could always count when he wanted him. Senator Bulkeley, of Connecticut, it appears, will not be re-elected, and in West Virginia the confident Senator Scott faces defeat. These last are both big surprises. Connecticut and West Virginia are regarded as rock-ribbed Republican States, and the Democratic campaign managers had at no time counted upon gaining a Senator in either. Greater still, however, is the surprise that the Legislature is so close in Massachusetts that it is doubtful whether Henry Cabot Lodge can be re-elected, even though the Republicans have a majority. Some Republican members hold him responsible for the defeat of Governor Draper, and they say, will not vote for him under any circumstances. Another "standpat" Senator eliminated is Warner, of Missouri, who will be succeeded by a Democrat, probably David R. Francis.

With Aldrich, Hale, Burrows, Burkett, Lodge, Carter, Bulkeley, Dick, Kean, Warner and Scott all succeeded by Democrats in the next Senate, there will be little left of the "old guard." The only big figure still standing there is Boies Penrose, of Pennsylvania. Prior to the election the most sanguine Democrat campaign managers did not count upon a Democratic gain of more than six seats in the Senate, including Maine. Senator Beveridge is the only Insurgent Senator who has suffered defeat. Clapp, in Minnesota, and La Follette, in Wisconsin, are sure of re-election.

The changes in the personnel mean a change in Senate methods and Senate atmosphere—more freedom, more independence, more consideration and legislation for the public, and less for the "interests."

DANDRUFF EASILY CURED.

In fact Parsons Drug Co. has a certain hair restorer called Parisian Sage which costs only 50 cents a large bottle that is guaranteed to cure dandruff in two weeks or money back.

Parisian Sage is the discovery of an eminent student, scientist and specialist, and is made in this country only by the Gironx Mfg. Co., Buffalo, N. Y.

Parisian Sage is a most pleasant, daintily perfumed hair dressing, and besides curing dandruff, your drugist will return your money if it fails to stop falling hair or itching of the scalp.

It will make hair grow, and women who desire soft, beautiful and luxuriant hair can have it in two weeks by using this famous, quick acting preparation. It is not sticky or greasy.

Scott's Emulsion

is a wonderful food-medicine for all ages of mankind. It will make the delicate, sickly baby strong and well—will give the pale, anemic girl rosy cheeks and rich, red blood. It will put flesh on the bones of the tired, overworked, thin man, and will keep the aged man or woman in condition to resist colds or pneumonia in the winter.

FOR SALE BY ALL DRUGGISTS
Send for name of paper and this ad. for our beautiful Savings Book and Child's Health Book. Each book contains a Good Luck Penny.
SCOTT'S Emulsion is sold by Dr. J. E. WALL, Sec'y Board of Education.

PLYLER TO SUFFER DEATH.

Union County Man Must Die in the Electric Chair, is Decision of the Supreme Court.

Monroe, Nov. 11.—The Supreme Court has affirmed the conviction of Charles B. Plyler, who was tried here early in August last for the murder of Carter Parks, his brother-in-law. Plyler was tried with two negroes, George Mayhew and John McManus, and the jury returned a verdict of guilty of murder in the first degree against Plyler and Mayhew, and not guilty as to McManus. Plyler was sentenced to death in the electric chair on September 15, but sentenced was not passed upon Mayhew, Justice Allen taking under consideration a motion to set aside the verdict against him. Plyler got a stay of execution upon receiving a copy of the Supreme Court's certification to the Union county superior court of the affirmation of the sentence.

Plyler and Mayhew were taken to the Lee county jail immediately after their conviction, their counsel having made a motion to that effect on the ground that they would not be safe in the Union county jail because of the alleged strong feeling against them in this county, and the motion was granted. The sheriff of Lee county has just reported that Plyler tried to kill himself when he got the news that his sentence had been affirmed.

Prominent Women of Wilmington Dies Without Medical Attention.

Wilmington, Nov. 10.—Miss Mary Bridgers, one of Wilmington's most prominent women, daughter of the late Col. Robert R. Bridgers, first president of the Wilmington & Western Railroad, died here today.

She was the founder of the Christian Science church here.

She was ill with fever two weeks, and died without medical attention. Her relatives are bitter in condemnation of the Christian Science element. They state that she suffered from a fall at her residence two weeks ago, and that her body shows signs of injuries.

Relatives state that they were not allowed to see her during her illness, and that they do not know whether death was due to fever or to the fall. Medical attention was not had, in spite of the efforts of relatives. Her death caused a sensation here, and universal regret.

Deceased was wealthy and gave the site for the Christian Science church. Christian Scientists have taken possession of her papers. It is expected that legal fight will be made by relatives for possession.

Miss Bridgers some time ago gave a deed to the church to the Eddy element. Her relatives will fight for recovery of the property.

The funeral will occur tomorrow at the residence of Mrs. Preston L. Bridgers. Christian Science people are notified not to attend. Funeral will probably be conducted by the pastor of St. James' Episcopal church, the denomination of her relatives, who have assumed charge of the funeral arrangements.

PARSONS DRUGS—Taxes—pays no rent, Office bustled—without a cent. But a king among men—from disease I'm free. Since taking Rocky Mountain Tea. —Fox & Lyon.

"My God! What Will Colonel Say?"
New York, Nov. 9.—A telephone rang in the Associated Press office last night about 8:30 o'clock. A woman's voice at the other end of the wire said: "This is the Outlook office. Will you please tell us how the election is going?"

"Foss has carried Massachusetts," was the reply. "Connecticut and New Jersey have also gone Democratic. Harmon has been elected in Ohio, and Dix has carried New York by about 60,000 plurality."

There was a moment's pause, and then, from the feminine voice, "My God! What will the Colonel say?"

Not Sorry for Blunder.
"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes B. T. Sanders, of Harrodsburg, Ky., "but for years they saw every attempt to cure a lung racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life saver is an unrivaled remedy for coughs, colds, lagrippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c, \$1.00. Trial bottle free. Guaranteed by Parsons Drug Co."

Go on Before.
Penn.—Do you see anything of our old friend Govey? Last time I saw him he said he didn't like New York.

Gothamite—That's so, but I guess he'd rather be in New York than where he is now.

Penn.—Where is he now?
Gothamite—I wouldn't care to say. He's dead.—Catholic Standard and Times.

LAND VALUES.

Laurinburg Exchange.

Now and then we hear some one say that farm lands are too high. Farm lands are now selling in this county at from \$100 to \$150 an acre, on an average. We do not think this is too high, and we further do not think that this is as high as they are going. Five or six years ago a farm of about 75 acres was offered for sale at \$75 per acre. About 50 were in cultivation, the balance in woodland. A very prominent man remarked to us that this was entirely too high; that farm lands were too high. In fact, it was with much difficulty that a purchaser was found at the price. Today this same land could not be bought for \$150. The owner will not consider that price. And why should he? He has averaged from 23 to 28% on the investment, and one-third of it has not been touched. He is making from 11 to 14% on it at a valuation of \$150, and the one-third is still untouched. Pretty good investment, it seems to us. Farm lands in Scotland county at the prices at which they are now selling offer excellent investments, and they can still stand a considerable raise.

Dr. Kingsbury Stricken.

Wilmington Star.
The many friends in Wilmington and all over the State will hear with infinite regret that the venerable Dr. Theodore B. Kingsbury yesterday evening about 6 o'clock suffered a recurrent attack of paralysis and that last night his condition was regarded critical. Dr. Kingsbury was seated in the family room at his residence, No. 211 South Fifth street, reading his Bible when he reached up to turn off an electric light, suffering the stroke. His vocal organs are affected and last night he did not recognize those about him. Dr. Kingsbury suffered a similar attack about two years ago, but the one last night seemed more acute. He is in the eighty-third year of his age. Friends earnestly hope that he will receive and soon be himself again.

WHY NOT GET RID OF CATARRH?

Here are some symptoms of catarrh; if you have any of them, get rid of them while there is yet time:
Is your throat raw?
Do you sneeze often?
Is your breath foul?
Are your eyes watery?
Do you take cold easily?
Is your nose stopped up?
Do you have to spit often?
Do crusts form in your nose?
Are you losing your sense of smell?
Do you blow your nose a great deal?
Does your mouth taste bad mornings?
Do you have to clear your throat on rising, or have a discharge from the nose?
Does mucus drop in back of throat?
Have you ringing noises in the ears?
HYOMEI (pronounce it High-ome) is guaranteed to cure catarrh, coughs, colds, sore throat, bronchitis, asthma and croup, or money back. Just breathe it in. Complete outfit, including hard rubber inhaler, \$1.00. Parsons Drug Co., and druggists everywhere sell HYOMEI. If you already own an inhaler, you can buy an extra bottle of HYOMEI for only 50 cents. Remember that.

We're sorry if you've tried other medicines and they failed. As a last resort try Hollister's Rocky Mountain Tea. It's a simple remedy, but it's worked wonders, made millions well and happy. Purifies the blood, makes flesh and muscle, cleanses your system.

For His Sake
"My husband begged me to take Cardui," writes Mattie L. Bishop, of Waverly, Va., "and for his sake I agreed to try it. Before I had taken 1 bottle, I felt better. Before taking Cardui I suffered miserably every month and had to go to bed until it wore off, but now I am all right."

Take **CARDUI**
The Woman's Tonic
You know Cardui will help you, because it has helped others who were in the same fix as you. It is not only a medicine for sick women, but a tonic for weak women. Being made from mild, gentle, vegetable ingredients, it is perfectly harmless and has no bad after-effects. Cardui can be relied upon to help you. Try it today. At all druggists.
