DOWN PINE DRIVE

Blooms: Two pear trees in full white bloom, a few deep camellias, jonquils. It will be the roses next. And among the blooms can be seen people in pairs in the rose arbors. Spring.

Bumps: Among the blooms are bumps, bumps, bumps. Little can a driver see of the blooms for he is too busy watching the caverns dodging one then another. The Pine Driver suggests a toll charge at the gate to collect funds for an asphalt drive. With the scores of Sunday sightseers a decent sum might be had soon. Just a suggestion.

Unsightly: The trash heap east of the main buildings and the cast off furniture piled on the porch facing the drive. This can't satisfy our sightseers whom we like to visit us. Would another clean-up day be the answer to this problem?

Off the drive: To hear the "Revelers", a male quartet in concert in Franklin, went a group of students and teachers recently. Off again will be others to see "Hamlet" in the same Virginia city. Franklin is offering much in the way of entertainment.

Thanks: The advertising staff

Reorganized Glee Club Plans Public Programs

Tryouts of prospective members for the Glee Club, now being reorganized for the new semester, were held Wednesday night, February 1. Quite a few students were accepted as members; however, the club will not be closed to new members until February 10. Anyone interested in trying out may do so by contacting Miss Dot Ballenger some time during the coming week.

Glee Club membership entitles a student to one credit for the semester. Rehearsals will be held for one week on Monday and Wednesday evenings at 6:30. No one will be allowed over one excused cut from the rehearsals during the semester. Failure to observe this rule will automatically cause the offender to fail the course.

Tentative plans are being made for the Glee Club to present programs in many churches in the near-by towns. Small special groups will make special appearances at various times.

and this column wishes to say "thanks" to the merchants of Murfreeboro and nearby towns for their support in making this paper and column possible. A paper is a good advertisement for a school.

Welcome: To the new students who have come to join us down the drive. We hope you like us as well as we like you.

Roar: Some Lions are on the campus! Professors Staples, Jarvis, O'Connell, and C. V. Williams have become charter members of the newly formed Lions Club of Murfreeboro.

Here and There ... Merrill Evans

(From the Daily News)

I HAVE BEEN A PESSIMIST about Chowan College, but progress made to date has about convinced me I was wrong. Several days ago I had lunch with the students. While on the campus we went through the entire college plant. It was the first time I had seen it in three years. The changes which have been made are amazing. A person who has not seen it cannot believe that so thorough a job of reworking has been done.

When the Baptist State Convention agreed to put \$10,000 in Chowan in the event an additional \$38,000 is raised they went a long way toward breathing new life into the 100 year old institution. Many had doubted the Convention would make a grant in any amount. A number of definite plans had been held up pending this decision. Now that it has been made, the college can begin to make definite plans looking to another year and to the future.

One of the most remarkable things about the new Chowan is the fact that there has been no difficulty in getting a student body. Before the college closed several years ago there was extreme difficulty in getting enough young folks to attend. Many regarded it as an established fact that one, two or three hundred young men and women would never attend college in Murfreeboro. We know now that was wrong.

THERE ARE BETWEEN 125 and 130 students at Chowan now. It is anticipated that 200 to 250 will attend next year if facilities can be prepared for them. They come from as far east as Manteo. It is a rare thing for

B.S.U. Services

The B. S. U. had a candle light service on January 21, under the direction of Mabel Johnson.

The program began by the playing of "We've a Story to Tell to the Nations" and "When I Survey the Wonderous Cross" by Ann Jackson.

"O Zion Haste" was sung by the entire group. Lonnie Harrell read the Scripture Matthew 28: 18-20 followed by a prayer for missions with "Take My Life and Let It Be" played softly as a background.

A trio composed of Eva Hunt, Lona Worrell, and Lonnie Harrell sang "O Jesus I Have Promised."

Mable Johnson gave the message on missions. Her story was illustrated by a rose bud.

The program ended by a silent prayer and then a prayer was given by Mr. Warren Taylor.

pastor of the Murfreeboro Baptist Church.
