# 'Lounge' Fund Drive Falls Short of Goal

A drive for funds to remodel the men's lounge on the Chowan Campus fell short of its goal by some \$200 according to Mr. Paul Davis, advisor to the men students on the campus.

The fund, originated in early October in answer to numerous requests by students, was intended to purchase a television set for the student lounge located on the first floor of the men's dormitory. Chairs and other furnishings were to be included in the benefits of the fund which in order to buy all needed commodities would have amounted to around \$300.

Solicitors working under the direction of the Men's Judiciary collected around \$96, or about \$2.00 each from 48 of the male members of the Chowan student body. There are approximately 150 male students at Chowan. All of the amount was refunded to contributors when the drive was abandoned.

Leonard Pulley, secretary treasurer of the men's Judiciary, was in charge of collections for the organization. The target date for the drive was postponed on three different occasions to give students more time to raise the money.

The drive was begun after a motion was introduced and passed upon at a meeting of the male students. Cabins 530 and 520 and the first floor of the dormitory led in percentage of contributions, said Pulley.

# New Members to Enter 'M' Club

The Monogram Club, which now consists of 35 members, is now in the process of making money. The club ran the concession stand at the ball games during the football season with the help of two young ladies of the Chowan student body, Miss Leora Holland and Miss Carol Brown Bradley.

Now that the basketball season is here, the club is operating a concession stand in the left side of the gym.

The club has no regular meeting period with the meetings during the month announced by the president, Herman Clark, when necessary business needs to be transacted.

The club is also in the process of initiating the new members, composed of members of the football squad who made their first letter during the fall season. The initiation will occur some time during the next two weeks.
