## Pretty Coeds Housed in New, Attractive Dormitory

First of the new buildings completed under the Development Program at Chowan College, the girls' dormitory is one of the most attractive structures of its type in North Carolina. The top picture is an angle shot of the front of the new building; the bottom is, of course, one of the rooms in the building which are occupied by as prettier a group of coeds as can be found on any campus. (See story on page two; other pictures on back page.)
