Chowan's Alpha Pi Upsilon Active

Alpha Pi Epsilon is the National Secretarial Honor Society created for two and four year colleges offering two years of work in secretarial subjects. The local chapter, known as the Alpha Pi Chapter, at Chowan, was organized in the spring of 1958.

It is the ultimate purpose of Alpha Pi Epsilon to professionalize the status of the college-trained secretary, thereby sending young men and women of the highest academic level into the business world, equipped with keen intelligence and

a mastery of their skills.

The official emblem of Alpha Pi Epsilon is an honorary gold key, symbolizing the ideals of the society. These ideals are: Accuracy, Efficiency and Dependability.

Membership is restricted to superior scholarship, personality, and character. All members must have a 2.0 average.

Last year, the organization sold Chowan stationery and mugs. They set up a \$50 scholarship to be awarded to an outstanding returning two year student in the sec-

retarial career. This is to become a yearly project. As a service project they issued information on how to write a successful letter of application. They were hostess to the North Carolina Baptist Teachers' Convention held here at Chowan.

Thanksgiving Observed With International Flavor Here

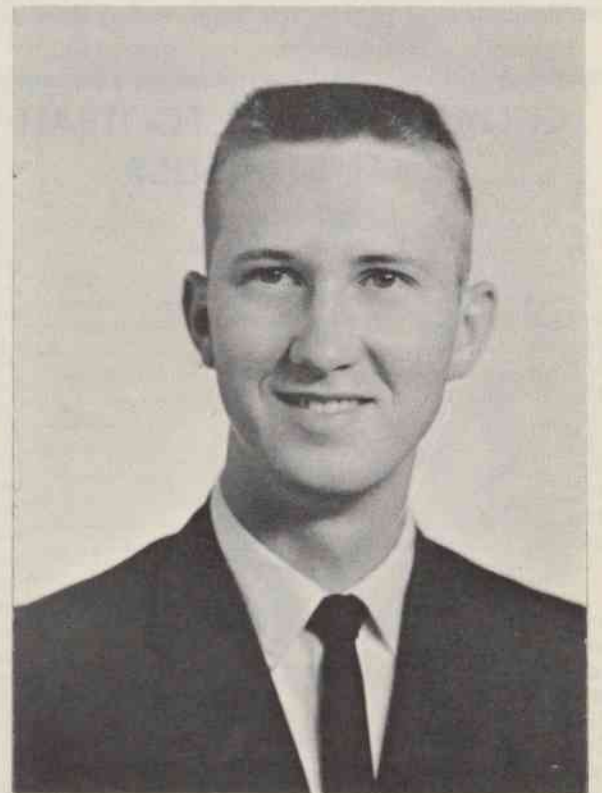

Chowan students were home for the holidays. But Thursday, November 28 saw Thanksgiving with an international flavor observed in the college cafeteria. At 12:35 p.m. two chartered busses drove onto the campus, bearing some 85 students, bound for the annual international Student Retreat in Williamsburg, Virginia.

Awaiting the students' arrival were several members of the WMS of Meherrin Baptist Church and the WMS of Murfreesboro Baptist Church, who had prepared a meal of chicken, sandwiches, fruit, potato chips, and a soft drink for their anticipated guests. Tables were decorated with miniature dolls, representing the early New England Pilgrims, who celebrated that first Thanksgiving Day. Beside each plate was a "favor," made by members of the Sunbeam Bands from the churches and con-

taining a scriptural word of thanksgiving and a piece of chewing gum.

After a word of welcome and greeting by Chaplain Taylor and the invoking of God's blessing by the Reverend John Davis, the students settled down to eating and becoming better acquainted. Getting acquainted presented some problems, for not all the students had been in the United States long enough to communicate well in the English language.

In addition to the United States, the following nations were represented: Chili, Thailand, India, Netherlands West Indies, South Vietnam, Philippines, Hong Kong, Liberia, Taiwan, Korea, Uganda, Venezuela, Japan, Sierra Leone, Brazil, Egypt, Kenya, Syria, Trinidad, Greece, Pakistan, Cuba, Jordan, United Arab Republic, Iran, Ecuador, and Columbia.

JOHN ANDREW BARRETT

This Month's Outstanding Student

Selected by the Editors of THE CHOWANIAN

John Andew "Andy" Barrett, a sophomore at Chowan College has been selected at the OUTSTANDING STUDENT OF THE MONTH.

Andy is the son of Mr. and Mrs. Alvin W. Barrett of Seaboard, N. C., where he attended Seaboard High School.

While in high school, Andy was a member of the Beta Club for three years, and served as president during his senior year. He was also a member of the Future Farmers of America, the Glee Club, and was the recipient of the Citizenship Award at graduation.

During his freshman year at Chowan, Andy was elected into the Phi Theta Kappa and Circle K, of which he was elected president for the 1963-64 school year. He was also a marshal at graduation, which requires a very high average.

Andy assisted the freshmen in registering at the beginning of the fall term. He is now serving out his term as president of the Circle K, and still holds membership in the Phi Theta Kappa.

Andy is a member of the Pleasant Grove Methodist Church. He taught the Intermediate Sunday School class there this past summer.

Following his graduation from Chowan, where he is taking a pre-science curriculum, Andy hopes to continue his education at either Atlantic Christian College or at the University of North Carolina at Raleigh. He plans to major in chemistry and minor in math.

Congratulations to one of the nicest young men on the Chowan campus.
