TELEPHONE subscribers will add No. 6 to the list—Dr. N. M. Johnson's residence.

A DURHAMITE, some time since, bought and planted a lot of turnip seed. They have come up twice. This is a fact.

THE outside work of the Christian Church, on Liberty street, at the head of Queen, is rapidly nearing completion.

THERE were good breaks of tobacco in town yesterday, and the streets presented a lively appearance with the farmers hustling around.

CLYDE THAXTON, a little son of Mr. J. J. Thaxton, who broke his arm a few days since by a fall from a porch, is improving very rapidly.

A DOG, foaming very much at the mouth, and running around wildly, created some excitement on north Mangum street yesterday afternoon.

MR. J. H. KING tendered his resignation last night as a member of the Durham Cornet Band. They will miss him greatly, as he was one of their best musicians.

IN the hurry of writing the notice of the Broadway Glee Club entertainment, Thursday night, the name of Miss Nola Woodward was omitted. She was one of the most prominent participants, and rendered excellent music. We beg her pardon for this omission.

WILLIAM CAMERON, colored, one of the first hands to work tobacco in Durham, some time since was taken with gangrene in his right foot. He was taken to the poor house. Yesterday Dr. N. M. Johnson amputated the effected foot. He is getting on very well.

WHEN a person rides 26 miles to get a chance to walk back, we think he is fond of exercise. A young man came up from Raleigh a few days ago, got too much "booze," and tried to borrow money, but failed, and actually "w-a-l-k-e-d" back to Raleigh.

THE Farmers' Alliance have rented the Globe Warehouse, and will open it the 1st day of October. Mr. J. W. Pope has been retained as manager and will run it. The entire force has not yet been selected, but will be by the 28th of this month.

MR. GEORGE W. WARD, of Nash county, sold 440 pounds of tobacco at Parrish's Warehouse Thursday. It was the whitest tobacco seen on this market in many years. Some of our buyers say it was the whitest they ever saw. It averaged him \$35.17 all round. Come and see us again, Mr. Ward!

WE are pleased to learn that the O'Brien road is now in a traveling condition. The recent washout, or cave out, where it crosses the Lynchburg & Durham railroad, has been repaired. We are informed that a bridge across the railroad will be completed in a few days, and this will facilitate travel.

Mr. and Mrs. Julien A. Smith have returned from their bridal tour to Greensboro. They went immediately to housekeeping, occupying the Wiggins house, on Pettigrew street. They are receiving the congratulations of their friends, and they have a host of them, who give expression to all manner of good luck, attended with richest blessings.

THE colored woman, Virginia Howell, mentioned in yesterday's paper, left last evening for Asheville, going on a first-class ticket. It was not because the railroad refused to sell her a first-class ticket, but because she was going on the orders of the party who sent for her, and he had designated a second-class ticket, consequently the agent here would not countermand the order until he had instructions from Asheville, which came yesterday.

THE Durham & Northern Railway will sell round-trip tickets to parties wishing to attend the Maryland Exposition at Baltimore for \$9.10 via. Bay Line. Tickets on sale Sept. 7th to 9th inclusive. Good to return until Sept. 20th inclusive. Close connection will be made at Henderson on Monday, Sept. 9th, with R. & G. train. Parties wishing to take this route will leave Durham about 10:30, A. M., on Sept. 9th.

CONSTABLE Davis arrived in Durham yesterday morning, on the early freight, with Thomas Flinch, colored. Flinch had a hearing before Justice C. B. Green yesterday morning and was bound over to the Superior Court in a bond of \$50, and is now in jail waiting to hear from parties who he says will stand his surety. The clothing he stole were recovered with the exception of a hat. He had on the shoes and red trousers in the Magistrate's office, turning them over to the constable and going to jail.

### Personal Points

MR. O. R. FOSTER has returned from Danbury.

Rev. H. T. Darnall went up to Greensboro last evening.

Miss Kate Fuller, of Raleigh, is visiting relatives in town.

Mr. T. A. Noell, of Henderson, was in the city yesterday.

Mr. C. G. Koonce, we are sorry to learn, is sick in Raleigh at the home of his father.

Miss Emma Jordan, of New Berne, is visiting Mrs. W. A. Muse, at the Hopkins House.

Mr. W. M. Markham, of Chatham, father of John W. Markham, was in town yesterday.

Mr. John Jones, of the firm of Jones & Lyon, is on a visit to his father's family in the country.

Mrs. J. B. Whitaker, Sr., who has been visiting her sons, left for her home in Goldsboro yesterday.

Miss Bee Vaughn has returned to her home at Roxboro, accompanied by her friend, Miss Lena Harden.

Mr. Henry King, a popular young druggist of Raleigh, and a former Durhamite, paid a flying visit to our little city yesterday.

Miss Hortense Saunders, of this place, and Mrs. Dr. Jordan, of Wayne, are visiting Col. Wm. Jordan, in Orange County.

Chas. E. Henry went over to Person county yesterday afternoon. He was looking pretty blue when he left, judging from the suit he wore.

We are pleased to see Miss Claude Barham back at her post again at Mrs. Follet's, after a pleasant visit to West Point, Richmond and Baltimore.

Rev. W. B. Oliver, we learn, has been called to the pastorate of the Fayetteville Baptist Church. We are not informed whether or not he has decided to accept.

Mr. J. H. King, an old typo, and a good one, too, will leave next week for Washington City, which he will make his future home. His mother and sister will accompany him. We wish him success in his new home.

### A Grand Journal.

The Manufacturers' Record, of Baltimore, is doing a great work for the South. It is a grand journal, in the literal sense of this term. It appears this morning in a new suit of type and looks fresh, healthy and vigorous. It has added one or two new departments, which will be very beneficial and add to its attractiveness. The SUN wishes it continued increase of prosperity.

### The Dissatisfaction Among the Negroes

Raleigh Cor. Wilmington Messenger.] Mr. J. C. L. Harris was noticed yesterday, on the street, in conversation with Mr. Spier Whitaker. Mr. Harris was talking of negro dissatisfaction with the white republicans. He was asked by your correspondent the extent of this feeling among the blacks and said: "The colored people certainly are stirred up. They have a movement on hand for holding a State convention. There is a great deal of threatening talk among them. The cause of the angry feeling is the failure of the office-holders to give them positions. They propose therefore to fight the confirmations by the Senate of all those who have failed to give offices to them. They purpose to send a committee to Washington to make a plain statement of their grievances. Dozens of negroes come to my office and talk freely of those matters. It is no secret that they are deeply stirred. Ask Stewart Ellison or any other informed negroes and you will find out their views." Mr. Harris is a very observant man, and ought to be well informed on this matter. He went on to say if there were to be an election in Wake county in the next two years it would go Democratic by 2,500 majority.

### Judge Bynum Sours on Durham.

Kinston Free Press.] In his charge to the grand jury Monday Judge Bynum said there are more men in the penitentiary in consequence of the manufacture and sale of cigarettes than from liquor drinking—that boys formed the habit of smoking cigarettes between the ages of seven and fourteen years, and that the depraved taste thus formed developed into a thirst for stimulants when they became older, thus making most of our drunkards. He wants a law passed against selling cigarettes. Judge Bynum went for the cigarette manufacturers at Durham with "gloves off." There is no doubt but that cigarette smoking is terribly injurious, and we believe Judge Bynum's views on this question are very nearly correct.

### The Origin of "Boycott."

Greensboro Workman.] Arthur B. Boycott, one of the two young men who did work in the paving of South Elm street, and whose death occurred at Roxboro on Monday last, was a native of England, and had been in this country only a year. An interesting fact in the history of these young men is that they are nephews of the celebrated Mr. Boycott, from whose collision with certain parties in his neighborhood came the phrase "Boycott him." We have not space to give the full history, but this was the beginning of "Boycott." The young men of the name were highly esteemed here.

The Raleigh correspondent of the Wilmington Messenger says the charge that Dr. Hammond, of New York was interested in the prosecution of Dr. Grissom, and was furnishing funds for that purpose, is denied by Mr. John Thompson and others.

CINCINNATI, Sept. 3.—A special meeting of the general book committee of the Methodist Episcopal Church was held in this city today to elect a successor to the Rev. Dr. J. H. Baylis, editor of the Western Christian Advocate, who died August 15th, in Michigan. Fifteen members of the committee were present, and the chairman, Amos Shingle, of Covington, Ky., presided. Rev. ### Sam Jones on Faith

From a Recent Sermon.] I'll tell you where it comes in. There's an angel and sister, who have been the nasty quick patent of the market for the last year. Somebody comes along over 'em, and they quit patent medicines; and they again. They say it was cured. It was faith. Faith which caused them to ing old patent nostrums ed them.
