NUMBER 72.

DEATH OF J. L. BLACKWELL.

Our People Were Shocked to Hear the Announcement this Morning. Mr. James L. Blackwell, father of Col. W. T. Blackwell, died this morning between 1 and 2 o'clock. The announcement was met with regrets on all sides. Mr. Blackwell was in apparently good health yesterday and heart trouble was the immediate cause of his death. He moved among our people peacefully and kindly and was esteemed as much as any man in Durham.

He had just entered upon the 76th year of his age on the 8th of this month. On the 8th of February 1830 he married Miss E. F. Buchanan, who survives him. He was the father of 12 children; 8 girls and 4 boys, 9 of which are now living. Col. W. T. Blackwell was the oldest and Mrs. J. D. Pridden the youngest.

The family have the sympathy of our people in this sudden bereavement and he will be greatly missed by those among whom he daily associated.

The funeral will take place from his residence, on Chapel Hill street, tomorrow afternoon at 3 o'clock.

A NEW PLUG FACTORY.

Green & Morehead Will Manufacture the Plug.

Durham is going to have a new plug factory and it will be run by Messrs. Green & Morehead, who have been leaf dealers on this market for several years. They will continue their leaf business.

The factory will be located in the T. D. Jones prize house and this new manufacturing firm will begin operation about the first of June. Most of the machinery has already been placed in position, and everything is in good shape for the work. W. T. Meadows will be the manager of the manufacturing department. We wish the new firm every possible success.

The Festival Tonight.

The festival last evening for the benefit of the Golden Belt Hose Co., was largely attended, and our people displayed a good deal of interest in helping the Company in the object for which it was held.

The festival will be continued tonight and every one is invited to come out and have a good time. A handsome gold pin will be voted to the most popular young lady in Durham, and a gold headed cane will be voted to the most popular young man. Come out and make the affair a grand success.

There was some very reprehensible conduct last night on the part of some smart Aleck's who had very little respect for themselves and our people are assured that strenuous efforts will be made tonight to have the most perfect order and a cordial invitation is extended to ladies and gentleman to patronize this festival.

To Get at the Facts

Regarding Hood's Sarsaparilla, ask the people who take this medicine, or read the testimonials often published in this paper. They will certainly convince you that Hood's Sarsaparilla possesses unequalled merit, and that HOOD'S CURES.

LIGHT DRESS STUFFS.

The dainty printed sorts that have been dancing to the front for a month past. There's sunshine in the soft shimmer of their filmy folds. More sorts, more loveliness than you ever saw here in such goods. Twice over, may be, what you ever saw in any store. Words cannot picture the peculiar beauties of

Mousseline, Batiste, Organdies, Jacquets, Swiss,

And all that breeze-tossed sisterhood. Look at them. Lift them—sophy yards, flower flecked, 12½ to 35 cents. Or the

LINEN LAWNs,

Cool, crisp, pure linen. Styles rise and fall, but Linen Lawns go on, the welcome Summer Dress Goods for many. Modest and neat patterns, only 25 cents.

LACES.

Open worked Oriental, Irish Point and Applique Laces, in Ivory, White and Beige. Chantilly and Net Top Silk Laces, in White, Cream and Black, from 2 to 15 inches wide, at one-fourth to one-third less than value.

Shoes.

Experienced and able Shoe men say that it is folly to offer Fine Shoes as we have been and are now doing. The public, it is alleged, is not appreciative. Our sales tell another story. But we do admit that it is hard to make some people understand the cheapness of our finer lines of Shoes. Do you know them? If not, come and try them, then you'll agree.
