SMILES.

"My dear woman, don't give up. Cast your bread upon the waters, and it will return to you." "That's just why I don't dare to try it."

TEACHER—"Now, Johnny, you may close your geography and tell us what a bluff is." Johnny—"Oh, it's what to try when you don't have no luck."

Tennyson on Spring.

We have the word of Alfred Tennyson for it that in the spring the young man's fancies lightly turn to thoughts of love. It is singular that the great laureate omitted to mention the fact that it is in the spring that a considerable portion of the human race turn to taking Hood's Sarsaparilla. Probably nothing but the difficulty of finding a good rhyme for that invaluable remedy deterred him. Certain it is that the old-time domestic remedies are generally discarded in favor of the standard blood purifier. Hood's Sarsaparilla, which has attained the greatest popularity all over the country as the favorite Spring Medicine. It purifies the blood and gives nerve, mental, bodily and digestive strength.
