" not attending S. S.	2,854
" promised to attend	261
persons over 21 years of age	1,999
" persons under 21 and over 4	1,719
" persons under 4	477
" printed invitations given	778
" visits made	1,003

A Union Meeting of all the churches of the town will be held on next Sunday night, August 4th, at 8 o'clock, at the First Baptist Church, to perfect or adopt some plan to overtake the religious destitution and neglect in the County and town of Durham, as indicated by the Statistics of the Colporteur's report gathered by a careful canvass recently made. Addresses will be made by prominent representative laymen from the different congregations. E. J. Parrish will preside. Every one in town ought to attend this meeting.

Sherron Captured and Discharged.
Willard Sherron, a white boy, who escaped just as the officers were going to arrest him for being implicated in the larceny of \$19 from Wright & Co., which Tom Watts was bound over to court about two weeks ago, was arrested in Greensboro yesterday morning. The authorities here were notified and last evening Officer W. G. Crabtree went up after him and returned with him this morning.

He was given a hearing before Mayor Peay this morning. R. B. Boon appeared for the defendant and F. A. Green for the State. The evidence was very weak, in fact, so much so, that the court did not think there was probable cause of his guilt. He was discharged.

Bound Over for Cruelty.

W. H. Currell, a white man, carpenter by trade, was arrested yesterday afternoon upon the charge of cruelty to animals, in two cases, for committing a dastardly and unmentionably offence, while under the influence of whiskey. The animals which he was accused of treating cruelly were a horse and mule belonging to country men. At the trial this morning R. B. Boone appeared for the defendant. In the first case he was bound over to court and in the second case he waived examination. His bond was fixed at \$50 which up to this writing he has failed to give.

Hurt By a Horse.

About 4 o'clock yesterday afternoon, Mary, the little daughter of Mr. and Mrs. W. R. Herndon, was playing in the yard in which Mr. Herndon had turned his horse loose. By some means the horse struck the girl in the breast with one of its fore feet, knocking her down and skinned a large place upon one of her lower limbs. Dr. A. Cheatham was called and attended the little sufferer. At first it was thought she was dangerously hurt but this morning she was much better and able to sit up.

Much Enjoyed Occasion.

An ice cream and water melon party was given at the residence of E. J. Lee in the western portion of the city last night in honor of Misses Florrie and Mamie Remington, of Alexander, Va., who are visiting relatives on Chapel Hill street. Quite a party of their young friends were present and pronounced it a very enjoyable occasion. The Misses Remingtons will leave for their home tomorrow.

A Fire Engine the Thing.

At the fire yesterday morning and the failure to get on sufficient pressure for some time, has proven conclusively that Durham needs a fire engine and needs it bad. If there had been an engine there the fire in all probability, would never have crossed Corcoran street and about seventy-five thousand dollars worth of property would have been saved. With a fire engine the insurance rates would be less, and the firemen would be equal to the emergency when a large conflagration broke out. The flames could be subdued before thousands of dollars worth of property is gutted out and ruined and large stocks of goods rendered valueless. Give Durham a fire engine before the repetition of yesterday's conflagration.

Echoes from the Fire.

It is said that one citizen very much worked up over the fire, was seen carrying loose brick to a place of safety to keep them from burning.

An enthusiastic citizen did faithful work in trying to save some burning electric light poles. He threw mud at the little flames that were sputtering about on some of them.

The Interstate Telephone and Telegraph Company lots two phones. The Bell about three.

The Electric Light Co., had their wires and poles damaged to the amount of about \$20.

The safe of Carrington & Hutchings was opened this morning. The books and papers were in a good condition save being scorched on the edge. Some silver, nickles and pennies were all right, but were somewhat colored.

There were some very large rats in the old Reams warehouse. When the roof fell in a number started to leave the building but were over come by heat and died before crossing the street.

J. D. Irvin, foreman of the force for Contractor C. H. Norton, lost his baby carriage. It was being repaired in one of the shops under the Reams warehouse, where the conflagration started.

Big Assignments.

CINCINNATI, Aug. 1.—The Standard Wagon Company and the Davis Company assigned this afternoon to Edward Ritchie, with preferences. The Standard is reported as having \$300,000 assets and \$400,000 liabilities and the Davis Company \$150,000 assets, but no statement of liabilities is given. President Burrows, of the unfortunate concern, attributes the failure to the alleged fact that the banker's dollar has doubled in value, while the value of the manufacturer's dollar has decreased and as a consequence depreciation in really good assets follows that makes it impossible for him to meet liabilities.

Next Thursday.

The Steamer "Ariel" is chartered by Freeland & Co., for the exclusive use of their excursion party at Norfolk Aug. 9th. She will touch at the Navy Yard, Old Point, Hampton and Newport News, &c. By this arrangement the people can enjoy the day for only fifty cents. This will be a very enjoyable affair especially for those who enjoy good music as a good band will be aboard. No extra charges whatever over the fifty cents.

"The Fire Caused it All."

This morning Mayor Peay had four plain drunks, among other cases, for his consideration. Each one of the defendants were men—two white and two colored—who had assisted around the fire and had taken a drink after the fire was out which resulted in their getting drunk. The Mayor discharged the bunch upon their paying \$2.30 each as cost.

A man must shave.

Every man should shave himself. Every man can shave himself and save money and time. Try a Torrey Razor and strop and be convinced. See them at Lloyd's Hardware Store.

Brass Kettles and Porcelain lined preserving Kettles at Lloyd's.

SPINAL weakness easily cured by Dr. Miles' Nerve Restorer.

Durham Advertisements.

THE FAVORITE SYRUP.

It tastes like more. Tickle the palate, pleases those who know a good thing when they taste it. Let your tongue make the test. You'll say it's the best that ever crossed the ivory barriers of your mouth. You'll taste more when you taste once. So much for so little is wonderful.

Medicines for sick folks and those who need strengthening. Be wise and keep a bottle of our summer medicine on hand—Yearby's Cholera Cure. Valuable for all complaints, such as Diarrhoea, Dysentery, Colic, &c.

Yearby's Drug Store.
