THE PATHFINDERS.

A Big House Greets Them in Greensboro the Opening Night.

The Grand last night was a lively place. It was practically full of people to see the Rentfrow Comedy Company on its first night. The orchestra seats were all taken and chairs had to be placed in some of the aisles.

The bill was "From Sire to Son" and it contained enough of comedy, pathos and tragedy to please the large audience. The company is a very good one indeed, among them being some artists, notably Mr. Phelps, the leading man, Mr. Peters, a well balanced comedian, Miss May and others—in fact there are no "sticks" in the company and the work is far and away ahead of the usual popular priced attraction. If one does not like the play he can get more than his money's worth in music furnished by a most excellent orchestra, while the specialties are of a most interesting kind, musical and otherwise. There is nothing stale about them and the whole show is bright and catchy.—Greensboro Daily Record, Jan. 21.

The Jolly Pathfinders open a week's engagement at Durham Opera House tonight in the above play. Matinees will be given Wednesday and Saturday. Ladies free Monday and Tuesday night when accompanied by one paid 30 cent ticket, if reserved before 6 p. m. each evening. Seats on sale at Vaughan's Drug store.

Captured Boers Escape.

PRETORIA, Jan. 26.—Col. Wilson captured 20 Boers near Frankfort in Orange River Colony. He was preparing at dawn the next day to move away with his captives when a superior force of Boers made a desperate effort to recapture the prisoners.

A hot fight ensued in which all but three of the prisoners escaped, and in which a few men were killed or wounded on both sides.

A bill introduced in the New York Legislature provides that a passenger in a street car that is delayed more than ten minutes by a block, shall receive back the price of the car fare on demand.

HOMICIDE AT SPENCER.

O. L. Folger kills R. H. Moore and Also Shoots a Negro.

SALISBURY, Jan. 26.—O. L. Folger, a white fireman of the Southern, shot and killed R. H. Moore, also white, at Spencer tonight at 7:30 o'clock. The two men who had previously been on friendly terms, quarreled, Moore cursing Folger and advanced on him with a butcher knife. Folger drew a pistol and shot Moore three times, the shots causing almost instant death. A negro who interfered with the evident intention of aiding Moore, was shot in the leg.

Folger was arrested at the Southern passenger depot here tonight and committed to jail. Several years ago he shot and seriously wounded Dick Sparnell, at that time yard conductor on the Southern.—Special to Charlotte Observer.

College Bred Negroes.

An inquiry into the pursuits of college bred negroes received 1,312 replies. Of this number one-half are teachers, one-sixth preachers, one-sixth students and professional men, 6 per cent farmers, artisans and merchants and 4 per cent in the government service. The teachers, if competent, are all needed, but the number of mechanics, farmers and trades is significantly small. The failure to engage in trade may not be altogether voluntary, but the disposition to crowd the professions is as evident as among whites and with less chance of success.—Louisville Courier-Journal.

A Widow's Offers of Marriage.

In a mining center some eighty miles from Coolgardie, in Western Australia, a carpenter died, and his widow had offers of marriage from the doctor who attended the deceased, the undertaker, the clergyman who read the burial service, the local apothecary who made up the medicines and prescribed for the departed and the custodian of the cemetery where he was interred; likewise from about a score of mine managers and miners. She did not accept one of the suitors and departed for her home in Melbourne.

A Cantilever Bridge in Alaska.

The White Pass and Yukon Railway company has just finished a cantilever bridge over the White Pass canyon 850 feet in length, with a clear span of 240 feet, and 275 feet high above the bottom of the canyon in the middle. The everlasting ice had to be quarried away for the supports of the bridge. When tested with the weight of a massive rotary snowplow and two engines coupled together, there was a total downward deflection in the middle of the bridge of but five-eighths of an inch.

Colorado's Flower.

Among the sessions laws of Colorado is the following:

Section 1. The white and lavender columbine is hereby made and declared to be the state flower of the state of Colorado.

Sec. 2. Whereas, in the opinion of the general assembly, an emergency exists, therefore this act shall be in force from and after its passage.

By this prompt action the state was saved from insidious propaganda in favor of other flowers.
