STREET CARS

Expected to be Running in Two or Three Weeks.

If the weather permits, it is thought that the street cars will be running in Durham within two or three weeks.

The Durham Traction Company has ordered twelve passenger cars, and these will be run on convenient schedules, so as to give the public the very best service possible.

The enormous engine weighing 28,000 pounds, which was mentioned in these columns as having been received here a few days ago, has been put in place.

Our people will hail with delight the running of the cars throughout the city.

All Durham friends of Mrs. J. Frank Morris, of Winston, will regret to know that she is quite ill at the home of her husband's parents in Goldsboro.

BOWERS SUIT COMPROMISED

THE PLAINTIFF PAID \$60 BY THE DEFENDANT.

Each Agreed to Settle With Their Own Witnesses—Mental Anguish Suit at an End.

The suit of DeWitt Bowers against the Western Union Telegraph Company, which was to have been tried in Durham Superior Court this week, has been compromised.

Mr. Bowers brought suit for \$1,999.99 for failure of the telegraph company to deliver an important message for sometime after it was sent. It was claimed that the plaintiff desired to get a message through to Apex, but found the Western Union office closed.

We know nothing of how strong the evidence for the plaintiff was, but the above does look like rather small compensation for a "mental anguish" suit.

NO VERDICT YET.

Judge Jones Charging the Jury this Afternoon.

A telephone message from the Raleigh Times to the Sun states that a special from Elizabeth City, received in Raleigh, about 1 o'clock this afternoon, gives out the information that Judge Jones completed his charge to the jury in the Wilcox case, about 10:40 this morning, and then proceeded to read the evidence in the case, which contains 200 type written pages.

The meeting was held for the purpose of securing uniformity among the independent telephone men of the South in regard to the different systems. Heretofore when a long distance line was constructed it was put in according to the plans of the person who was superintending its construction.

Five States were represented at the meeting—Virginia, North Carolina, South Carolina, Georgia and Florida. One hundred telephone men were present either in person or by proxy.

Mr. Shaw was honored by being elected second vice president. While in Charleston Mr. Shaw attended the Exposition, and was most favorably impressed with it.
