

Johnston's Sarsaparilla

QUART BOTTLES.

A MOST WONDERFUL CURE

A Grand Old Lady Gives Her Experience.

Mrs. Thankful Orilla Hurd lives in the beautiful village of Brighton, Livingston Co., Mich. This venerable and highly respected lady was born in the year 1812, the year of the great war, in Hebron, Washington Co., New York. She came to Michigan in 1840, the year of "Tippecanoe and Tyler too." All her faculties are excellently preserved, and possessing a very retentive memory, her mind is full of interesting reminiscences of her early life, of the early days of the State of Michigan and the interesting and remarkable people she has met, and the stirring events of which she was a witness. But nothing in her varied and manifold recollections are more marvelous and worthy of attention than are her experiences in the use of JOHNSTON'S SARSAPARILLA. Mrs. Hurd inherited a tendency and predisposition to scrofula, that terribly destructive blood taint which has cursed and is cursing the lives of thousands and marking thousands more as victims of the death angel. Transmitted from generation to generation, it is found in nearly every family in one form or another. It may make its appearance in dreadful running sores, in unsightly swellings in the neck of goitre, or in eruptions of varied forms. Attacking the mucous membrane, it may be known as catarrh in the head, or developing in the lungs it may be, and often is, the prime cause of consumption. Speaking of her case, Mrs. Hurd says: "I was troubled for many years with a bad skin disease. My arms and limbs would break out in a mass of sores, discharging yellow matter. My neck began to swell and became very unsightly in appearance. My body was covered with scrofulous eruptions. My eyes were also greatly inflamed and weakened, and they pained me very much. My blood was in a very bad condition and my head ached severely at frequent intervals, and I had no appetite. I had sores also in my ears. I was in a miserable condition, I had tried every remedy that had been recommended, and doctor after doctor had failed. One of the best physicians in the state told me I must die of scrofulous consumption, as internal abscesses were beginning to form. I at length was told of Dr. Johnston, of Detroit, and his famous Sarsaparilla. I tried a bottle, more as an experiment than anything else, as I had no faith in it, and greatly to my agreeable surprise, I began to grow better. You can be sure I kept on taking it. I took a great many bottles. But I steadily improved until I became entirely well. All the sores healed up, all the bad symptoms disappeared. I gained perfect health, and I have never been troubled with scrofula since. Of course an old lady of 83 years is not a young woman, but I have had remarkably good health since then, and I firmly believe that JOHNSTON'S SARSAPARILLA is the greatest blood purifier and the best medicine in the wide world, both for scrofula and as a spring medicine." This remarkably interesting old lady did not look to be more than sixty, and she repeated several times, "I believe my life was saved by JOHNSTON'S SARSAPARILLA."

200 REPORTED KILLED.

An Avalanche Comes Down Upon Petrolem Workers.

TACAMZA, March 24.—The steamship Duke of Fife, arrived here, brings the news of a terrible and unprecedented disaster in the Ohio petroleum works big refinery establishment at Labanosawa, near Milgatta, on the west coast of Japan, which involved the loss of possibly 200 lives.

The works are under the brow of a steep hill. In a heavy fall of snow an avalanche suddenly thundered down from a height of 600 feet crashing the tanks, reservoirs, offices and workmen's dwellings. An outbreak of fire reached the oil and rapidly spread to the buildings, burning those who were not buried.

Up to the time the latest telegrams had been received at Yokohama 80 bodies had been recovered.

He Was Not Dead.

While about to be carried away to a Chicago morgue on Wednesday upon the stretcher of the Harrison street police station patrol Chas. Henderson, a railroad switchman, sat upright upon the rubber conveyance and remonstrated with two policemen who were carrying him. A few minutes before he was being mourned by many who knew him at the workman's home. He ordered the police to carry him back to his bed on the second floor of the building, whence they had removed him, while those who had been bowed with grief at the loss of a friend formed a circle about the stretcher and rejoiced. C. P. Williamson, manager of the home, had gone to Anderson's room early in the morning. The man had been suffering from tuberculosis and had shown little vitality in the night. Williamson intended administering medicine and serving Henderson with a light breakfast. He could not awaken the patient and his body was cold. Williamson immediately telephoned the police, asking them to send an ambulance, that the body might be removed. As the policemen were joggling along toward the morgue they were terrified to observe the "corpse" rise and protest in a loud and angry voice: "What are you fellows up to?" he demanded.

"Lie down! You are dead," they responded. "Not in a thousand years," said the "corpse." "Take me back to my bunk right away," and the officers gladly complied.

A Severe Cold for Three Months. The following letter from A. J. Nusbaum, of Batesville, Ind., tells its own story. "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar, and eight doses cured me." Reuse substit. A. B. Matthews.

At Kosciusko, Miss., Sunday night five county convicts made an attempt to burn their way out of prison, burning the stockade house in which they were confined down over their heads, cremating themselves. They were all negroes and were all charged with minor offenses.

The average man never fully realizes the truth of the adage about a fool and his money until after he has bumped up against some other man's game.

Thousands Sent Into Exile. Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. Don't be an exile when Dr. King's New Discovery for Consumption will cure you at home. It's the most infallible medicine for Coughs, Colds, and all Throat and Lung diseases on earth. The first dose brings relief. Astounding cures result from persistent use. Free bottles free at R. Blacknall & Son's. Price 50c and \$1.00. Every bottle guaranteed.

The Senate yesterday passed bills appropriating \$3,000 to enclose and beautify the monument on the Moore's Creek battlefield, N. C., and appropriating \$100,000 for a public building at Georgetown, S. C.

Fine Lots for Sale. Five very desirable residence lots belonging to Mrs. A. B. Turner, and situated on Ferrell street in the western part of the city, will be sold at public auction on Saturday, March 29. Sale will take place on the premises at noon. Any one wishing nice residence property could not do better than to attend this sale. The lots are located in the western part of the city, in convenient distance to the factories and the business district of the town. Keep the sale in mind and for further information see marr8-tf W. C. BRADSHAW.

One of the most picturesque places in the world is undoubtedly the Egyptian City of Cairo, and not the least of its attractions are the varied and often musical street cries which assail the ears on all sides. Not only the street musicians who tap their tambourines to the admiring "Allahs" of the crowd, but the merchants and peddlers, contribute to the chorus.

A fruit seller, basket on head, with grapes and figs, will saunter by singing in a quaint minor: "Oh, grapes, oh, sweet grapes, that are larger than doves' eggs and sweeter than new cream! Oh, angel's food, delicious figs, bursting with honey, restorers of health!"

Another street cry which may be heard in the main street of Abbassieh, a suburb, contains the following enticing announcement: "Tomorrow, O people, I am going to kill a camel. The doctor says it is young and healthy. Oh, its flesh will be tender as the quail and juicy as lamb. Its price is but 1 1/2 piasters (7 1/2 cents) the pound. Do you love the sweet flesh of a camel? Then come early and be satisfied!"

Not the least picturesque figures in the streets are the city police in their neat white and red uniforms in summer and blue serge in winter.—Detroit Free Press.

The Bank Messenger.

"Hello, Willie!" exclaimed the messenger boy as he met his old time friend in Nassau street the other day. "Who yer workin' fer now, Willie?"

"Workin' for a bank," replied Willie. "Got a good job."

"Watcher got in the satchel?" asked the messenger boy, scrutinizing a little handing that Willie carried.

"Hist! Don't say a word! I'm scared to death."

"What is it—dynamite?" asked the messenger boy in alarm.

"Naw; it's money."

"Gee! Money! How much?"

"Two thou. I'm carryin' it down to another bank, and I'm scared."

"Say, how does a feller feel when he has so much money?"

"Scared," whispered the bank messenger, and he continued on his way.—New York Tribune.

How to Cure the Grip. Remain quietly at home and take Chamberlain's Cough Remedy as directed and a quick recovery is sure to follow. That remedy counteracts my tendency of the grip to result in pneumonia, which is really the only serious danger. Among the tens of thousands who have used it for the grip, not one case has ever been reported that did not recover. For sale by W. M. Yearby.

It is reported that April 9 has been officially named as president's day at Charleston and that president Roosevelt will attend and present Major Jenkins a \$5000 sword at that time.

Danger of Colds and La Grippe. The greatest danger from colds and la grippe is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous malady. It will cure a cold or an attack of la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by W. M. Yearby.

The entire city of Norfolk is on the watch in anticipation of further trouble from the street railway strikers. All cars are being watched by guards.

RHEUMATISM CURED IN A DAY. "Mystic Cure" for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Sold by Hackney Bros., Druggists, Durham.

Despondency

Is often only a symptom of dyspepsia. In dyspepsia there is a loss of nutrition which is felt by brain as well as body; the mind grows morbid as the body loses vigor.

Doctor Pierce's Golden Medical Discovery cures dyspepsia and other diseases of the stomach and associated organs of digestion and nutrition. It enables the proper nutrition of the body and restores mental cheerfulness as well as physical strength.

"For about two years I suffered from a very obstinate case of dyspepsia," writes R. E. Secord, Esq., of 13 Eastern Ave., Toronto, Ontario. "I tried a great number of remedies without success. I finally lost faith in them all. I was so far gone that I could not bear any solid food on my stomach for a long time; fell melancholy and depressed. Could not sleep nor follow my occupation. Some four months ago a friend recommended your Golden Medical Discovery." After a week's treatment I had derived so much benefit that I continued the medicine. I have taken three bottles and am convinced it has in my case accomplished a permanent cure. I can conscientiously recommend it to the thousands of dyspeptics throughout the land."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood, and lungs.

Dr. Pierce's Pleasant Pellets stimulate the liver.
