For Superior Court Clerk.
To the Voters of Durham County: I hereby announce myself a candidate before the primaries to be held the 23rd of July next, for the office of Clerk of the Superior Court.
I have no superior claims to urge for your support. Many have done as much, and not a few more than I. Four years of youth and early manhood I cheerfully gave exclusively to the service of my country; whatever, as a public duty or privilege, I have done since has always been under the conviction that it was for the best interest of my people. The office is yours and at your disposal. I need the place and earnestly, urgently solicit your votes.
Very truly yours,
Jun20-2w R. G. RUSSELL.

KING AT POINT OF DEATH.

Operation Performed Was for Appendicitis—Coronation Postponed.
LONDON, June 24.—King Edward VI, who was operated on for perityphilitis (the British name for appendicitis) at 2 o'clock this afternoon, is now resting comfortably and there is strong hope for his recovery. However, it is realized that the king's condition is extremely critical. The next 24 hours may tell. A high official of the government said there was undoubtedly grave cause for anxiety. His latest information from the palace was that the king had successfully passed the chloroforming stage, but nobody could say definitely for the next 24 hours how matters would turn.
The king suffered a relapse early today and an operation was decided upon. Sir Joseph Lister, Sir Thomas Smith, Sir Francis Henry Laking, Sir Thomas Barlow and Sir Frederick Treves were the surgeons in attendance, and it is said that Sir Frederick Treves performed the operation. A large abscess was evacuated.

NEWS CAUSED CONSTERNATION.
LONDON, June 24.—The sudden announcement of the postponement of the coronation just on the eve of the ceremony, caused the utmost consternation everywhere. The news spread like wild fire. London is staggered by the suddenness of it all, particularly as an absolute denial that his majesty was seriously ill was issued Saturday by Sir Francis Knollys.
The streets, as the day wore on, came more and more congested, and the holiday crowd concentrated into groups, reading and re-reading the "extras." Most of the people felt dazed and scarcely appreciated the full import of what they read.

LITTLE HOPE REMAINS.
LONDON, June 25.—Dr. Laing left his majesty's bed room shortly before one o'clock this morning for supper. In response to inquiries he said the best must be hoped for, but the situation was very serious. At about midnight the king took a little nourishment and a hyperdermic injection of nitro-glycerine was administered, the heart's action being weak. His majesty rallied slightly and recognized several of those about his bed. He then relapsed into a comatose condition.
The queen has left the bedside but once since the operation. The feeling at the palace is that little hope remains.

SYMPATHY FROM PRESIDENT.
WASHINGTON, June 24.—Just before he left Washington for Boston President Roosevelt sent this message: "To His Majesty, Edward VII, London: 'I ask your majesty to accept my sincere assurance of sympathy and wishes for speedy convalescence.'
(Signed)
"THEODORE ROOSEVELT."

The Park Bill Passed.
A special from Washington to the Raleigh News and Observer says the Senate Tuesday passed the Appalachian Park Bill without a division. Senator Bate, of Tennessee, who opposed the bill when it was up last week, contented himself with offering an amendment, which was accepted by the friends of the bill. He then voted for the bill.
Its passage in the House at this session is very doubtful, as it is understood that Speaker Henderson and Chairman of the Appropriator Committee Cannon both oppose it, but its passage at the short session is reasonably certain.

Negro Driven From Home.
COOLEMEER, N. C., June 24.—Stokes Cowan, a negro, and his family, have been driven from their home here. Cowan is a relative of the negro boys lynched at Salisbury, and was suspected of complicity in the murder of Miss Benson. Friday night a well armed party went to Cowan's house and fired on it with various firearms. Stokes, with a heavily loaded shotgun, an old muzzle loader, attempted several times to return the fire, but his gun failed. His wife received a wound in the arm before escaping. Stokes returned the next day to dispose of his crop now in process of cultivation. He says he will remain away.

Cheapest in the Trade.
Take time looking through our line of clothing, for the longer you look the bigger bargains you'll see. He who hesitates is not always lost, especially when the buying of clothing is concerned. For our part we don't ask you to listen to our stories, but to simply compare our prices with those of other retailers, the comparison will prove that you can save quite a respectable little sum by purchasing your clothing at the A. Max store, and every little helps you know. Of course we could charge you as much for clothing as other merchants do, and get it too, but then we would forfeit our title of being the cheapest house in the trade and this we won't do.

Some people don't know when you are doing them a favor. I heard that a lot of chickens would be killed if they were not put up. I thought to do the owners a favor by mentioning it in the paper, so they could save their fowls. Most of them thank me for so doing, but two or three are mad as wet hens because I gave them the information.
