## KING'S CONDITION BETTER.

HE RESTED WELL ON WEDNESDAY NIGHT.

While Feeling is More Hopeful, the King is Not Near Out of Danger.

The condition of King Edward was thought to be slightly improved this afternoon. This is encouraging news.

The King rested well on Wednesday night, and the feeling at Buckingham Palace is very hopeful. During the night he was able to take a little nourishment such as scrambled eggs, hook and soda. With his own hands he opened several telegrams.

Over forty hours have now elapsed since the operation was performed, and the absence of complications creates hopefulness in all quarters, although it will probably be several days before all possibility of danger can be eliminated.

A statement issued by high medical authority says: "What his physicians now fear is that peritonitis or hemorrhage may supervene. There must always be this danger in such cases. Again, it is a fact that an abscess due to perityphilitis may have a fatal issue without any warning symptoms. All the indications are often masked until the post mortem, and there are many cases on record where the disease was only discovered after death from an extraneous cause, such as an accident. At any rate, the King's grave illness must invalid him for a long time."

### AN OLD ENGINEER.

Bill Blake, Formerly of the N. C. Road

"Bill" Blake spent Wednesday night in Durham and left this morning over the Norfolk and Western road, with a number of hands to do some railroad work in Kentucky.

Mr. Blake for a number of years was an engineer on the North Carolina Division, between Greensboro and Goldsboro. He has been out of the service for several years.

In conversation with a SUN reporter, Mr. Blake said that on one occasion he had to haul a party of distinguished people from Raleigh to Hillsboro, a distance of 40 1/2 miles. He made the trip in 42 minutes, having stopped in Durham two minutes. A part of the way he was not able to make over thirty miles an hour on account of the injector not working readily, but elsewhere he made up speed enough to average a mile a minute during the actual running time.

While here Mr. Blake was pleased to meet several of his friends who he had not seen in years. He says that sometimes he has a great longing to be back at the throttle again. Great improvements in rail-roading have been made since the days he was on the road, but even then he often made speed that is rarely equalled now.

### Mr. Bunting Promoted.

C. L. Bunting, who was quite awhile soliciting freight agent of the Southern road, with headquarters at Raleigh, but more recently of Charlotte, has been promoted to the position of general agent of the company at Jacksonville, Fla. He takes charge of his new post July 1st. Mr. Bunting has a number of friends in Durham who are glad to learn of his promotion.

### Jim Lowry Caught.

Jim Lowry, the negro, who killed the chief of police of Shelby, N. C., has, it is thought, been arrested at Newport News. A negro answering the description of Lowry, even to the missing tooth and birthmark is under arrest there awaiting identification. There is a reward of \$500 for Lowry's capture. The Newport News negro claims to be Jim Taylor.

Luther M. Carlton, who came over to attend the marriage of his sister, Miss Eva Carlton, to Mr. E. C. Matthews, has returned to his home in Roxboro.

### DIDN'T STOP HERE.

A Dream That A Durham Young Man Had.

One of Durham's most prominent young men had a dream. In it he saw an excursion train that he thought was bound for Heaven. St. Peter was the engineer, and one of the disciples the fireman.

This young man was telling a prominent young educator of our city about his dream, when the educator asked him if he got aboard the train. He told him that he did not, because the train failed to stop at Durham.

The young man who had the dream says that the young educator thought that he was trying to catch him in some way by his reply about the train not stopping in Durham, but he never intended it that way.

What we have published above comes from the gentleman who had the dream.

P. S.—There is no suitable depot for such a train.

### WIND SWOOPS DOWN IN FURY

A Section of Indiana Visited by a Terrible Storm With Loss of Life.

INDIANAPOLIS, June 25.—The most terrific storm in many years swept over central Indiana about 9 o'clock this morning. Telegraph and telephone wires were torn down, and at noon communication with the storm-swept section was almost entirely interrupted.

From information which had reached Indianapolis up to noon time it was believed there had been a heavy loss of life.

The storm spent most of its force in the country twenty or thirty miles northeast of Indianapolis, lying between the Greenfield electric line on the south and the union traction lines to Anderson on the north. Maxwell, Cleveland and Pendleton suffered most severely.

A telephone message from Greenfield said that a terrific storm had swept over Hancock county, taking in Wilkinson and Pendleton. It blew houses down in all of these towns and from ten to eighteen people are reported killed. Three men are believed to have been killed in the chain factory which was demolished at Maxwell; a grain elevator there was also blown down. In a funeral procession at Cleveland, Ind., eighteen horses are reported killed.

### SECOND SERIES.

Schedule of Games in Which Durham Plays.

The schedule of the first series of games of the North Carolina Base Ball League will come to an end on Saturday.

The new series begins on Monday of next week, when Greensboro plays at Durham, Charlotte at Raleigh and Wilmington at New Bern.

Durham will play the following games away from home:

At Raleigh, July 4, afternoon; at Greensboro, July 7, 8 and 9; at New Bern, July 28, 29 and 30; at Wilmington, July 31, August 1 and 2; at Greensboro, August 11, 12 and 13; at Raleigh, August 21, 22 and 23; at New Bern, September 1, 2 and 3; at Wilmington, September 4, 5 and 6.

The following is the schedule of games arranged to be played in Durham and the names of teams who will be here with the locals:

Greensboro, June 30, July 1 and 2; Raleigh, July 3, 4 (morning game) and 5; Charlotte, July 14, 15 and 16; New Bern, July 21, 22 and 23; Wilmington, July 24, 25 and 26; Greensboro, August 4, 5 and 6; Raleigh, August 7, 8 and 9; Charlotte, August 18, 19 and 20; New Bern, August 25, 26 and 27; Wilmington, August 28, 29 and 30.

### The Fidelity Bank.

DURHAM, N. C.

At a meeting of the Board of Directors, held June 6th, 1902, the surplus of this Bank was increased to \$100,000, and a semi-annual dividend of six per cent was declared, payable on July 1st to stockholders of record at the close of business June 30th, 1902.

## JOHNSON DID NOT APPEAR

THOUGHT THAT HE HAD SKIPPED OUT.

A Capias Issued For His Arrest and Placed in Constable Lea's Hands.

Charlie Johnson, a young man, was to have been tried before Squire D. C. Gunter this morning on the charge of perjury. The court and witnesses were on hand promptly, but the defendant failed to show up. On this account, Squire Gunter discharged the witnesses in the case. A capias was issued for Johnson and placed in the hands of Constable E. T. Lea. While not known definitely, it is thought that Johnson gave leg bail. The officer had not found him up to the time this was written.

The offense for which Johnson is charged was in swearing that Miss Nettie Inscore, daughter of J. F. Inscore, of West Durham, was of lawful age, and on his affidavit a license was issued by John E. Suit, Register of Deeds, for her marriage to Kenneth Brown. The license was procured Sunday night, and on Monday night the couple were married by Rev. W. C. Barrett, pastor of the West Durham Baptist church.

J. T. Inscore, father of the young lady, was the prosecuting witness. He claims that his daughter will not be 18 until the 13th of next November.

Johnson, when arrested on Wednesday afternoon, was let off upon his own recognizance for appearance this morning. But the sequel is told above.

### PUT ON THE SHOO FLY.

It Would Suit Durham Very Nicely Indeed.

A petition is being circulated along the line of the Southern railway about Greensboro and between Danville and Charlotte, as follows: "We, the undersigned, patrons of the Southern railway, respectfully petition that a 'shoo fly' passenger train be operated between Charlotte and Danville, said train to make connection with the noon train from Raleigh, and arrive at Charlotte about 3 o'clock, p. m., if practicable. Returning leave Charlotte about 3:30 that afternoon."

Durham people and others along the North Carolina Division would be glad to see such a train put on. If a person leaves here at 9:50 a. m., for points south of Greensboro, a wait of several hours has to be made at Greensboro. Such a train would be highly appreciated by the travelling public.

You can't afford to miss going on the Lynchburg and Natural Bridge excursion, Sunday, July 6th. C. D. Rigsbee, manager.
