

Cheapest in the Trade.
 Take time looking through our line of clothing, for the longer you look the bigger bargains you'll see. He who hesitates is not always lost, especially when the buying of clothing is concerned. For our part we don't ask you to listen to our stories, but to simply compare our prices with those of other retailers, the comparison will prove that you can save quite a respectable little sum by purchasing your clothing at the A. Max store, and every little helps you know. Of course we could charge you as much for clothing as other merchants do, and get it too, but then we would forfeit our title of being the cheapest house in the trade and this we won't do.

For Superior Court Clerk.
 To the Voters of Durham County:
 I hereby announce myself a candidate before the primaries to be held the 26th of July next, for the office of Clerk of the Superior Court.
 I have no superior claims to urge for your support. Many have done as much, and not a few more than I. The office is yours and at your disposal. I need the place and earnestly, urgently solicit your votes.
 Very truly yours,
 June 29-2w **R. G. RUSSELL.**

DURHAM LOSES AGAIN.

The Sea Gulls Won Out by One Run.
 By bunching hits in the sixth inning and taking advantage of errors on Durham's part, Wilmington won Friday afternoon's game by the score of 7 to 6. In the first inning Durham got a lead of four runs and in the fifth secured two more. Vetter was in the box for Durham for six innings, when he was replaced by Morris. Krause opened on the slab for Wilmington, but was relieved in the second inning by Mace. The latter was succeeded by Matthewson in the seventh inning. The batting of Stockdale and Curran for Durham, and McGinnis and Lawson for Wilmington were the features.

POSTAL'S BIG DEAL.

To Assume Exclusive Right on the Pennsylvania Road.

An agreement has been consummated between the Postal Telegraph Company and the Pennsylvania Railroad Company under which the Telegraph Company acquires the exclusive right to transact commercial telegraph business on the lines belonging to the railroad system east of Pittsburgh and Erie, Penn., and to string wires on the railroad company's poles and rights of way. The agreement is expected to take effect July 1st. It is understood that similar agreements, covering the remainder of the railroad company's system, will be put in force as soon as the existing contracts with the Western Union Company expire. The agreement just consummated will take away from the Western Union system all offices and the telegraph lines on 474 miles of railroad in a populous and important section of the country.

This the most important and far reaching deal ever made by an opposition telegraph company. It not only takes away from the Western Union and gives to the Postal large revenue from commercial telegraph business, but incidentally will put the Western Union Co. to heavy expense in removing its pole lines from the railroad rights-of-way and rebuilding its lines in other locations.

Although this is perhaps the most serious blow that the one-time monopoly has ever received, it is not the only recent one. The Postal Telegraph and Commercial Cable Companies' victory in connection with the Pacific Cables, in which fight the Western Union Company is said to have expended large sums of money, involves the loss to the Western Union of very considerable future revenue. Even the Cuban cable fight, although nominally a victory for the Western Union, really resulted in loss to them because it compelled a heavy reduction in rates. The Postal Telegraph and Commercial Cable Company's comparatively recent connection with the new German cables and also with the Halifax and Bermuda and direct West Indies cables have resulted in diverting very considerable business from the older company. The completion of the new Pacific cable will also result in large increase of the Postal Company's business.
