SOUVENIR SPOONS.

Something Novel--The Bennett Place Beautifully Engraved.

Historic places dot the south, in every direction, as a result of the conflict some thirty eight years ago, when the red flags of war were flying, and they are now of peculiar interest to those who participated in the events of that time.

The picture of the place was taken with a kodak by Mr. W. G. Bramham, of this city, and he had Mr. Snider conceived the idea of reproducing the same on these handsome spoons, which was a happy idea.

QUITE A NUMBER.

Congressman W. W. Kitchin, A. J. Hester, J. A. Long, Dr. E. J. Tucker, Luther M. Carlton, N. Lunsford, J. W. Noell, John E. Tucker and others, of Roxboro, were here a short time this morning going to Greensboro to attend the Congressional Convention, which met there this afternoon, and also the State and Judicial conventions, to be held there tomorrow.

Victor S. Bryant, of this city, also went up this morning. Quite a number of persons from Raleigh and points further east were aboard, among the number being Josephus Daniels, editor of the News and Observer, and W. P. Whitaker, of the Morning Post.

Durham sent up a right good delegation this afternoon.

A Durham Boy Promoted.

S. E. Howard, who enlisted in the U. S. navy several months ago, and who, since leaving the training ship, has been on the battleship Indiana, has been transferred to the Puritan, stationed at Bedford, Mass. He now holds the position of gunner's mate on that vessel. We are always glad to hear of the prosperity of Durham boys.

Excursion From Norfolk.

A large excursion of colored people is due here this afternoon from Norfolk, Va. They come via the Southern railway. There will be one or two entertainments on tonight, and the colored element will doubtless predominate on the street cars.

Gone to Hot Springs.

Col. A. B. Andrews, First Vice-President of the Southern Railway, with his secretary, Blair Patterson, in his private car, passed through Durham early this morning going to Hot Springs, N. C., where they will spend the summer. They will stop at the Mountain Park Hotel.

Ex-Judge A. W. Graham, of Oxford, passed through the city this morning on his way to Greensboro.

Working 24 Hours a Day.

There is no rest for those tireless little workers--Dr King's New Life Pills. Millions are always busy, curing Torpid Liver, Jaundice, Biliousness, Fever and Ague. They banish Sick Headache, drive out Malaria. Never gripe or weaken. Small, taste nice, work wonders. Try them. 25c at R Blacknal & Son's Drug Store.

SECOND SEWER FATALITY

LIFE CRUSHED OUT WITHOUT WARNING.

Abe Fowler Killed Almost Instantly, and Jim Jackson is Badly Hurt.

Another fatal accident is added to the list of casualties on the sewer system work. This makes two lives that have been lost, and in both instances resulted from being caught by cave-ins.

Abe Fowler, colored, the second victim, was working with a force of hands in a ditch about fifteen feet deep, near the residences of B. L. Duke and Fred Roll. Braces were used on the sides of the ditch, but these supports gave way and pinned Fowler in the ditch, crushing his life out. His legs were broken and there were several other serious injuries.

Physicians were summoned, but the man was beyond all human aid. Jim Jackson, colored, who was also at work in the ditch, was caught by the cave-in, and very painfully injured. He was moved to the Lincoln Hospital for care and treatment. His injuries were thought to be internal.

A telephone message from the hospital this afternoon states that Jackson is getting along nicely and that there are chances that he will recover.

PUBLIC SCHOOL MATTERS.

Schools in the County Get Thirty-one Weeks.

According to the report of Supt. C. W. Massey, of the public schools in Durham county, there are 9,139 children of school age in this county, and of this number 5,367 attended school last year. The average length of white schools is 31 weeks, an increase of about one week over the previous year.

The Board of Education has inaugurated another move that will doubtless become very popular. They have decided to establish a central graded or high school in each township. One of these has already been located in Mangum township. During the coming year it is the purpose of the board to locate others. By the location of such schools, children can get a higher education than offered by ordinary public schools, and at the same time the money intended for the education of the children is not curtailed.

Educational matters in the county were never in better condition than at present.

Friday and Saturday Nights.

An old time festival will be given by Durham Hose Company No. 1, on Friday and Saturday nights of this week, at the Parrish Warehouse. The object is to raise the balance of money necessary to purchase uniforms and to pay expenses to the firemen's tournament. Durham Hose Company No. 2 gave a festival sometime since.

There will be all the delicacies of the season, served in the most tempting manner. The attractions and amusements will be varied and interesting. Go out and help the firemen, and at the same time you cannot help but enjoy yourself.

Ball of Durham Players.

A game of ball was played at the George Lyon Park, Monday afternoon, between the Durham League team and the Durham Semi-Professionals. The first named won by a score of 3 to 0.

This afternoon the second game between the two teams is being played.

BURIED IN ROCK.

A Singular Tomb Found in Franklin County.

Mr. W. D. Latta returned yesterday from a visit through the counties of Johnston, Franklin, Nash and Wake. He tells us that the crops in the sections he visited are the finest he ever saw. The prospects are bright and he found the people in good spirits.

In Harris township, in Franklin county, he saw in a graveyard a remarkable tomb, and one that thousands of people have visited. A solid rock--and apparently the only one in the yard--rises up nine feet above the level of the earth, and is fifty-pine feet around, and is somewhat bowl shaped. It is a natural rock, and in this is hewn out a receptacle for two bodies. In this natural tomb repose the remains of William Andrew Jeffreys, born January 23rd, 1817, and died October, 1845. Mr. Jeffreys had the tomb prepared himself, and the opening is closed with a marble slab, bearing the inscription and sealed up with cement. It is viewed by all visitors with a great deal of curiosity. It was Mr. Jeffreys' intention to have his wife placed there beside him, but she was not, and is buried in another part of the cemetery.

The Tent Meeting.

The tent meeting at West Durham draws large crowds nightly. Numbers of people from this city go up on the street cars. The tent is located a short distance to the right of the car line. Rev. Arthur O'Rear is preaching with power and earnestness. The singing is a very attractive feature of the meeting. Services will be held again tonight at 8 o'clock, to which all, especially the unsaved and those who are laboring for the salvation of souls are cordially invited.

Mattresses.

All grades, any size mattress at the Durham Mattress Factory.
