200 Parrish Street. Interstate Phone 294.

The WEEKLY SUN is only \$1 a year. From 20 to 23 columns of live, interesting local, state and general news each week. Subscribe and get a wide-awake Durham paper.

### CROWD STILL LARGE.

Prof. Noble Making a Favorable Impression.

Another large crowd of teachers and friends of education were present at the court house today in attendance upon the Teachers' Institute.

Prof. Noble, who is conducting the Institute, has made an exceedingly favorable impression. His explanations are very clear, forcible and to the point.

The Institute will be in session again tomorrow and Friday, and will come to an end on the afternoon of the last named day. It is expected that the attendance will be equally as large on these two days, especially on Friday, when State Superintendent Joyner is to deliver an address.

### Some Questions.

Has the Durham Traction Company any rights in Durham that should be respected?

Will the people ride or walk? Is the schedule to be a great deal less than six and eight miles an hour or will it come up to that?

Who is trying to make Durham ridiculous in the eyes of the public?

Is it in order for every fellow who has an accident by means of the street car to go before the Aldermen and have the schedule time cut down several minutes?

Is a driver in a buggy or carriage to go through the city, from Five Points to Dillard street, at any rate he pleases regardless of how crowded the streets may be?

Is there anybody in Durham who wants to drive up the car track and run over the street cars?

Is there—  
But what's the use of asking any more questions? Everybody is discussing, and "cussing" the matter.

### Damaged Considerably.

Frank Howard & Co., who run a fruit and confectionery store under the First National Bank, were considerably damaged by the hard wind this afternoon. Parts of their awning were blown down, and in falling, upset and turned over their fruits, etc., into the street. Mr. Howard told a SUN reporter that the damages would amount to \$150 or more.

### Shipped Solid Car Load.

The Key West Cheroot factory shipped a solid car load of their popular cheroots this afternoon to Birmingham, Ala. The goods of this firm are constantly growing in popularity all the time, and they are selling vast quantities throughout the United States.

### Person Court Next Week.

Person Superior Court convenes at Roxboro next week. There will be several Durham people there as witnesses in the suit against the Seaboard Air Line for the killing of Sidney Lea, which is set for trial during the term.

Ample time to visit Baltimore, Washington and other places of interest if you go on Christian & Weathers' excursion to Norfolk, August 12th.

Three packages of 5 cent starch for 10 cents, at A. Max's.

### Wanted.

To sell a well-equipped and paying Steam Laundry. Good reason for selling. Apply by letter to "Laundry," care SUN. a5-1w

Mustard Sardines, regular price 10 cents, now only 5 cents, at A. Max's.

Last and best of the season. Christian & Weathers' excursion to Norfolk, August 12th. Round trip \$2.50.

New York city has a school budget of nearly \$20,000,000 this year—a larger sum than is expended for purposes of education by any other city in the world and very much larger than is expended by many countries.

### A Poor Millionaire

Lately starved in London because he could not digest his food. Early use of Dr. King's New Life Pills would have saved him. They strengthen the stomach, aid digestion, promote assimilation, improve appetite. Price 25c. Money back if not satisfied. Sold by R. Blackall & Son, druggists.

Cordova Coffee, the best on the market, only 10 cents. A. Max.

Cuba Real is a real good cigar—no 6 cent cigars better. Try it.

## AN IMPORTANT MEETING

MATTERS OF VITAL INTEREST CAME UP.

Mr. T. B. Fuller Delivered a Most Timely and Able Address—Unioj Depot Question.

A large attendance was present at the regular monthly meeting of the Chamber of Commerce Tuesday night.

President Winston called the meeting to order, and Secretary Troy read the minutes of last meeting, which were approved. The roll call was dispensed with, after which there was enrollment of new members.

Reports were submitted from standing committees, as follows:

By W. A. Slater, chairman of the Committee on Railroads. The committee took up the union depot matter and reviewed what our citizens had done during the past three years, without success. The committee reported that it does not seem that the roads intend to give any relief. The present depots are a disgrace. It was recommended that the Chamber of Commerce carry the matter up to the Railroad Commission and ask that they compel the railroads to give us a union depot that will accommodate our travelling public.

An amendment was offered to the above report, that the Committee on Railroads take immediate steps to secure from the Southern Railway a suitable and becoming depot for Durham. Also that the committee likewise confer with the Seaboard Air Line and come to an understanding with this company that if it shall finally establish its right to use present track from the old electric light house west, as at present located, it will pay its proper part for the use of the new depot to be constructed by the Southern, it being understood that if the S. A. L. loses its suit entirely and is shut out of the use of the above track, the Southern can name its own terms with it. The Norfolk & Western road is also requested to co-operate in the above enterprise. The report stated that committee after committee have waited upon the railroads and "have always been put off with the stale cry that right of way matters stood in the way of a union depot." The committee shall, if necessary, specifically fix the blame of such delay and obstruction where it belongs. "The time has come for a union depot, and a union depot Durham must have." The report as amended was unanimously adopted.

Report from the committee on Manufactures was read. Charles C. Grost, manufacturer of fleeced lined underwear, Greenwich, N. Y.; J. C. Goodwin, manufacturer of sewing machines, Philadelphia, Pa., and the Nashua Spool and Bobbin Co., Nashua, N. H., desire to come South. B. L. Duke, who is in the North, agrees to go out and see Mr. Grost and set forth our advantages. Mr. T. B. Fuller was introduced by President Winston and delivered a most timely and able address on "The Future of Durham." The speaker showed that he had taken much pains and trouble to gather statistics concerning Durham's growth and progress. Unlike most addresses abounding in figures, there was not a single dry sentence in Mr. Fuller's remarks. On motion it was ordered that Mr. Fuller's paper be referred to the committee on Printing and Advertising. This, coupled with a vote of thanks to Mr. Fuller, was unanimously carried by a rising vote.

The committee on City Improvements recommended that Corcoran street, from Main street to the railroad, be paved with Belgian blocks; recommended that the city purchase a patrol wagon. Among other things that the committee desired to see were the following: The Southern Railway's water tank moved to some other place, thus lessening the probability of blocking crossings; all pig pens removed from the city; additional garbage facilities. The report was adopted, and will be presented to the Board of Aldermen.

Mr. Shortess, of New York, who has stock in the Durham Paper Box Company, addressed the Chamber of Commerce in a brief manner. It is desired to increase the stock of the plant now worth \$15,000. He would be pleased to place some of the stock in Durham.

The meeting adjourned until the first Tuesday night in September.

### DOING MUCH WORK.

The Board Still Busily Engaged With County Matters.

The Board of County Commissioners met again today. It is thought that over three hundred accounts will be allowed at this meeting. At this writing it does not appear as if they will get through with accounts alone before tomorrow.

County treasurer Paschall Lunsford has been very busy this week paying off bills against the county. A large portion of those paid were for rock for the public roads.

J. M. Pollard, superintendent of public roads, rendered his monthly reports to the board. J. G. Ferguson, superintendent of the county home, and Dr. N. M. Johnson, county health officer, submitted their reports. Each showed that the affairs of the county and the health of those under their charge were excellent.

### Patenting Viola.

The rebab of Palestine is a sort of viola. The body is a square frame covered with parchment. The instrument is played with a bow. There is but one string, a thick, coarse horse-hair, but expert performers can, it is said, get considerable variety of tone from this primitive instrument.

### High Explosives.

"Tommy," said the schoolteacher to Tommy Taddells, "what do you understand by the term 'high explosives'?" "Sky rockets, ma'am," replied Tommy.—Judge.

If the average man were as good as he thinks other men ought to be, it wouldn't be long until his vanity made him topheavy.—New York Press.

### For Sale.

## Burch-Gorman Company.

MONEY SAVERS.

## THE BEATEN BISCUIT

originated in the old Southern families, in ante-bellum days, when hospitality and good cheer were the signs of good breeding. But the making of this favorite bread formerly involved both time and labor and of late years was in danger of becoming a lost art.

.....THE ACME BISCUIT BEATER..... however, makes this process an easy and quick one and all housekeepers who try it pronounce it to be one of the most useful inventions of the day. For sale by

## TAYLOR & PHIPPS.

## A CUTTING AFFAIR.

It had nothing to do with politics, but the cut price on new negligee shirts worth \$1.25, going now at \$1.00. Every man who is particular about shirts is thinking now about such as these, but expecting to pay half dollar more for them. Our price \$1.00. Others charge \$1.25 anyway. Your money back without a word. There is a big cut also in the Blue Serge Suits. Our clothes keep their shape and we can fit you up in good style.

"SOLE AGENTS FOR KNOX HATS."

## W. A. SLATER COMPANY,

CLOTHIERS AND FURNISHERS.
