JONESBORO ROUTE 2

People are having fine weather for hog killing, and there has been some fine hogs killed around here. Mr. W. P. Lett killed two hogs ten and a half months old. One of them weighed 294 pounds and the other 299 pounds.

Friends and relatives were shocked to learn of the death of Mr. J. M. B. Thomas, of Broadway, who died Wednesday night at the home of his daughter, Mrs. Attie Kelly. The funeral service was held at Broadway Baptist church. The body was carried to Baptist chapel and laid to rest by the side of his wife. He leaves one sister, Mrs. Edna Gilchrist, one daughter, Miss Attie Kelly, and four grand children.

We are glad to state that Messrs. Prentice and Alvin Thomas are improving from an attack of pneumonia. Mr. and Mrs. Norris Thomas and little daughter, Helen, spent last Sunday with Mr. and Mrs. W. P. Lett. Mr. J. R. Holt and family, of this route, have moved near Avent's Ferry.

Mrs. Lottie Kelly is spending a few days with her daughter, Mrs. Julia Dickens, of Cary.

Mr. and Mrs. Emory Kelly are on their way home from Kansas, to spend the Christmas holidays with his parents, Mr. and Mrs. B. C. Kelly.

Mr. Taff Dickens, of Pennsylvania, is home visiting his father, Mr. B. W. Dickens.

Gavin Smith, of Sanford, Route two, the son of Mr. and Mrs. Ras Smith, is quite ill with pneumonia. His little brother Ellis, has just come home from the hospital, where he has been suffering with a broken leg. We hope both will soon be out again.

Mrs. Florence Wood is spending a few days with her parents, Mr. and Mrs. J. R. Thomas.

Wish you all a Merry Christmas and a Happy New Year.

7,416 MILES ROAD IN THE STATE SYSTEM

North Carolina January 1st, next year, will have 7,416 miles of roads partially or completely finished, a summary of this year's work of the State Highway Commission, the final tabulation for the year given out last week, shows:

Of this total, 3,338 miles are hard surfaced, 808 gravel and top soil treated, 2,213 gravel and top soil untreated, 779 graded and drained but not surfaced and 223 dirt roads.

This outstandingly "good roads" state has 60,000 miles of roads, including county roads in addition to the State system. Six thousand miles of strictly county roads are used the year around.

Bond issues to date for road work in the State total \$115,000,000. This expenditure on the highway system to date including what was spent before the system was taken over by the State, total over \$140,000,000.

Since the State road law as enacted, the State has received \$60,000,000 from gasoline and motor registration fees. These taxes have grown to \$13,618,925.58 for last year and seven million dollars for the first half of this fiscal year.

GAME LAWS PERMIT TRAPPING OF RABBITS.

Giving consideration to a sport which has been a pastime to boys during many generations, the State-wide game laws made special provision which would allow the trapping of rabbits with the old-fashioned trap or gun.

Director Wade H. Phillips has drawn the attention of the public to this provision of the law following receipt of requests for information from a number of sources. Allowance for the continuation of this sport the director points out, is made in the text of the law which allows trapping or hunting of the cottontail without gun at any time.

"While the open season for hunting rabbits with a gun," says Director Phillips, "is from November 1st to March 1st, and there is no bag limit on this game, the law makes a special provision in favor of the boys in the country who want to catch rabbits with the old-fashioned box or gum at any time."

The question of trapping rabbits has been brought up frequently this year, especially since the supply of the creatures is said to be good in most sections of the State. Opening of the season the first of this month has brought hundreds of new hunters into the field.

BOX PARTY.
