ROTARIANS PAY TRIBUTE TO LATE W. H. FITTS.

When the Rotary Club assembled at Wirik Hotel Tuesday for luncheon, there was found at the plate of each member a card containing the following:

IN Memoriam WILLIAM HUNTER FITTS 1872-1930. Also Rotarians William Alexander Monroe, 1926, Charles Chalmers Cheek, 1927, Charles Cunningham Wilkins, 1928, Malcolm James McPhail, 1929.

The Rotary Club was organized in 1925 and since that time one member has gone each year, Mr. Fitts being the last.

Mr. Fitts came to Sanford and cast his lot with us in the year 1900, coming from near Hoffman, in Moore county, where he had been engaged in the lumber manufacturing business.

Mr. Fitts was engaged in the wholesale grocery business, and about 1908 he became interested in the Cobb Manufacturing Company along with other citizens of Sanford.

This firm was reorganized under the name of Fitts-Crabtree Manufacturing Company, and the success of this business is an evidence of the business ability of Mr. Fitts.

In the year 1909 Mr. Fitts was elected to membership on the Board of Aldermen of the town of Sanford, serving one term of two years.

He was again elected to this position in 1919, retiring from the board to become mayor in May, 1921. He served as Mayor for one year, 1921-22.

Mr. Fitts was a man of broad vision and high character, and his death is a great loss to the town during his administration as Mayor.

As a citizen of the town he was called to this position at a time when there was real need of a MAN. He responded to this call as was the duty of a good and true citizen.

CEMETERY.

His life and character must have been the inspiration of the poet when he penned the lines:

W. H. FITTS—TWO. "He must have so lived when his summons came to join The innumerable caravan, which To that mysterious realm, where each shall take His chamber in the silent halls of death. Thou go not, like the quarry slave at night, Scourged to his dungeon, but, sustained and soothed By an unfaltering trust, approach thy grave, Like one who wraps the drapery of his couch About him, and lies down to pleasant dreams."

Mr. Fitts sleep the slumber of eternal rest, which we honor and cherish your memory as a citizen of Sanford.

Claude Teague said that Mr. Fitts had been a good Rotarian. As chairman of the committee on entertainment he had left no stone unturned to make the weekly programs a success and he was always ready to do whatever fell to his lot as a member of the club. In putting service above self, as he had done, he had made the aims and ideals of Rotary his aims and ideals and had proved himself an inspiration to other members of the club.

Dr. Gilmore spoke of Mr. Fitts as a churchman. The deceased was a Presbyterian by choice but he would have been one of the last men to refuse to attend the Presbyterian church as the church and as such had kept himself well informed to the needs of the church and took a deep interest in the church. When the church was burned some time ago he was made chairman of the building committee who had in charge the construction of the new church. His death was a great loss to the church.

Dr. Gilmore read the following paper which was adopted by a rising vote:

Another outstanding citizen, a faithful Rotarian, and a loyal Christian has gone from among us. Again we are called to mourn a loss that leaves a vacancy that will be most difficult to fill.

For nearly thirty years William Hunter Fitts has exercised his gifts of wisdom and ability in a most effective way in all the interests of the town and county and even of the state.

A man of gentle demeanor and yet of strong conviction, which he did not hesitate to express, not stubbornly or boastfully, but humbly, honestly and in the fear of God, "Bill Fitts" lived in a house by the side of the road and became a friend to his fellowmen and interested in every good for his community and his people.

The principles of Rotary had long lived in his conduct before they became the teachings of his club associations and the mottoes of Rotary had long been his guide.

His Rotary was bigger than his individual life; his possibilities more than he could command, its outlook world-wide, and so he sought to link up his life with this far-reaching movement and in the joys of its ruddy service put aside his personal ambitions to become a world servant to mankind.

As a loyal citizen, a faithful Rotarian, a devoted Christian, we bid him farewell, knowing that he has passed to his everlasting rest and reward, and we express our writing of the minutes of our club in witness to our appreciation of and love for him and our sympathy for his family.

Robert Campbell Gilmore, Claude E. Teague, Warren R. Williams, Committee.

JAPANESE PROGRAM.

(By Miss Buckner's Grade.) At the regular chapel exercises held at West Sanford school Wednesday of last week, Miss Clara Buckner's second grade presented one of the loveliest programs of the year. This was the outcome of a very interesting Japanese project which the grade had just completed. For this occasion, the stage, by lighted lanterns and other decorations had been transformed into a Japanese garden. The exercise opened with a Japanese song by the school. The grade then gave a Scripture lesson and led the prayer. Following the devotional was a May song. Two of Miss McMillan's piano pupils played piano solos, a Japanese pantomime followed, entitled, "A Trip to Japan." Speaking parts in this were taken by Clay Newbold, Stewart Melver, Frank Stout, N. A. Spivey, Basil Seymour, Herman McIver, James McCormick, Carl Bradford, Evelyn Howard, Anne Russell, Mildred Wilkins, Harold Preshler. The last and perhaps most attractive feature of the program was the Japanese drill and dance. All the participants wore a lovely Japanese kimono, wide sashes, carried fans and umbrellas, and had hair ornaments of flowers. The following attractive little girls gave the dance: Justina Kennedy, Julia Baldwin, Evelyn Bowers, Clarice Burns, Barbara Hawkins, Margaret Jordan, Sara Ogburn, Jan Makepeace, June Makepeace, June Vaughan, Peggy Porter, Emily Moore. The program in its entirety made one feel among the "Cherry Blossoms" in the land of the far away Jappy.

MANY NEW FEATURES ON IMPROVED FORD TRUCKS

Enthusiasm shown by visitors to recent automobile shows over the improved model AA Ford one and one-half ton truck chassis is being repeated in our display rooms here, said J. W. Kirkpatrick, local Ford dealer.

"The ways in which this chassis has been strengthened and the improvements that have been adopted make of it practically a new product," he continued.

"Outstanding among the new features to be found in the new Ford truck chassis are the four speed transmission, the spiral bevel gear axle which is of the three-quarters floating type, larger springs, and heavier front axle and spring.

"Ample road speed for transportation, together with improved low-speed pulling power for moving capacity loads out of soft ground, are some of the advantages gained by the new four-speed transmission.

"The construction of the rear axle permits the entire weight of the truck and load to be carried on the housing. This means that the axle shafts serve only to turn the rear wheels.

"Increased breaking area has been gained by enlarging the front wheel brakes to the same size as those of the rear wheels. The brakes fully enclosed, are of the internal expanding type with individual adjustment provided on each wheel.
