LOCAL BRIEFS.

In order to have an easier outlet to the main highway the Borden Brick and Tile Company is having a road constructed from their plant to a point on Highway No. 50, near the Westview Filling Station. Regular service at the Baptist church Sunday night. A special feature will be the song service. The Thomas Quartette, of Broadway will render several selections. Public invited to attend. The Texas Oil Company has leased the Greentop filling station at the corner of Hawkins Avenue and Carriage Street from Mrs. Gus Womble. It has been re-leased to Mr. G. G. Dorsett, who is now in charge and will operate it. At the meeting of the Board of Highway Commissioners at the court house Tuesday it was decided that a gas tank should be installed so as to buy gas in car lots thereby saving considerable amount on the purchase of gas for the use in tractors now operated on the roads. The current issue of State School Facts gives a summary of school attendance for 1928-29. The enrollment of white children in the schools of Lee county for 1928-29 was 2,118. Per cent attendance, 88. Mr. Myron Underwood left today for Atlanta, where he will attend the commencement at Georgia Tech and get his diploma as a member of the graduating class. He will be joined by his parents, Mr. and Mrs. E. M. Underwood, later in the week. The State Board of Equalization is now busy figuring out the amount each county will get as a public school fund from the state. \$4,950,000 will go to 94 counties. It is now thought that each county will get practically the same amount as received last year. Lee county received \$35,470.35. Rev. John Williams, of East Point, Ga., preached a very helpful and impressive sermon in the Presbyterian church last Sunday morning to a large congregation. Mr. Williams was in Sanford visiting his people and was drafted by Dr. Gilmore for this service. His friends here, where he used to live, were delighted to see and hear him. Rev. S. A. Cotton, of Steele Street Methodist Church and Dr. M. L. Matthews gave interesting reports Sunday night of the General Conference of the Southern Methodist Church, which was in session in May for three weeks at Dallas, Texas. Over four thousand people attended one service, and all the meetings were well attended and very helpful. Mr. Stacy Brewer, who was at one time editor and publisher of the Sanford Journal and the Vass Pilot, (now the Aberdeen Pilot) but has for the past few months published the Apex Courier-Journal, has moved his paper to Fuquay Springs where it will be published in the future. He will be assisted by Mr. G. L. Nisbet, who up to a few days ago was editor and publisher of the Hamlet-News-Messenger. Mr. Francis Taylor Fox, aged 71, died at his home at Ore Hill, Friday, May 16. The funeral was held at Brush Creek Baptist church the following Sunday, the service being held by Rev. W. F. Hancock. Mr. Fox, who was one of the leading and most influential citizens in that section, is survived by his wife, three sons and five daughters, among them Mrs. N. W. Thomas, and Mrs. W. M. Matthews, of Sanford. Mr. D. C. Lawrence, who leased the Farmers Tobacco Warehouse to Messrs. J. E. Hester and W. T. Jordan, of Newbern, received a letter from them the first of the week which stated that they would be here on the 15th to visit the planters in this section, look the young crops over and begin making preparations for the opening of the local market in the fall. They would like to meet and talk with every planter in this territory. Planters tell The Express that the young tobacco crop is looking fine and that the prospect for a good crop is very encouraging. George E. Butler, who is a candidate for the nomination for United States senator at the Republican primary which will be held along with the Democratic primary Saturday, was in Sanford Tuesday getting the lay of the political land and finding out the prospects of carrying the Republican vote of the county at the primary. This is the first time the Republicans have held a legalized primary in the county. There are four candidates for senator on the Republican ticket, George E. Butler, George M. Pritchard, Irvin B. Tucker, and H. Grady Dorsett. The local Merchants Association will hold its regular meeting in the assembly room of the White Hotel Friday evening at 7 o'clock. The officers of the Board of Bankers, who recently re-elected will be special guests of the Association on this occasion, also the heads of business organizations which have been organized in Sanford during the past year or two. The Association is planning to put on an interesting program and it is expected that several prominent speakers will be present and take part in the program. Mr. A. D. Wicker, railroad watchman at this place, has a large pot or kettle with a long history. It is thought that it was made by Dutch foundrymen, who came to this country from Europe when New York was first settled up. Mr. Wicker says when he first saw this old kettle it was owned by his grandfather, the late Matthew Wicker, who lived over near Deep River in Chatham, (now Lee county.) It holds 42 gallons and goes in a furnace. It was used all through the years for various things, mending shoes, washing, making syrup and other things of a domestic nature. This not played an important part in the domestic affairs of the Wicker connection. Mr. Joel Cole, of the White Hill section, is suffering with a growth of a peculiar nature. Some 35 years ago he suffered a slight injury while working at a saw mill. The injury was on the breast, from which this strange growth started. About 15 years ago he went to Baltimore and had it X-rayed. He was advised not to have it taken off, as it was probably caused by a fracture of the breast bone and would give him little trouble. Some time ago the growth had become so large while he was plowing. Since that time it has grown to enormous size and he is now critically ill, being confined to his bed. Doctors who have diagnosed the case have been unable to determine just what it is. It is now about as large as a man's head.

NOW IS COMING THE TIME TO MOP UP! The best article we have seen recently on Poisoning Boll Weevil was that in last week's Express by Mr. Coker. We Now Have Already Mixed Calcium Arsenate and Molasses in The Right Proportion to Add One Gallon Water to Each Gallon Poison. According to Mr. Coker's article, take the mixture with a mop about three inches wide and go down the row dragging so that a drop or so of the mixture will be on the under side of the leaf on each stalk of cotton. This Must Be Done Before Squares Come to be most Successful. The mop should be tied to a handle about two feet long for most convenient use. What You Want or Need in Fertilizer We Have It. BLACK FLAG KILLS FLIES—MOSQUITOES ROACHES—MOTHS FLEAS—ANTS BEDBUGS KILLS QUICKER—COSTS LESS. BUDDY IN KHAKI FOR A NEW ROMANCE. At New Temple Theatre, Wednesday and Thursday. Under the direction of William A. Wellman, ace director of the air epic, "Wings," Charles (Buddy) Rogers and a score of picked flyers went through the intricate maneuvers, the "dog fights" and air battle scenes which provide the thrills in Paramount's all-talking air-fighting sensation, "Young Eagles," which will show at the New Temple Theatre, starting Wednesday, for two days. For the first time since "Wings," Buddy is seen in the flying togs of the American air forces in France. Again he mans a plane to fight his enemy, Paul Lukas. Tail spins, dives, barrels, rolls, spins, loops and Immel-mans were all in the day's work for him, but they are breath taking episodes in "Young Eagles," which moves in fast tempo from the battle front to wartime Paris, the gay, mad city where the soldiers sought relief from war, and back again. And, even in Paris, the breathtaking excitement continues. There Buddy meets Jean Arthur, a girl spy, and falls in love with her. She double-crosses him, however, and runs away with Buddy's prisoner, Lukas. Embittered and raging, Buddy returns to the front. Again he duels Lukas in the skies, bring him to earth and learns the truth about the girl. Blessings in the noble work you are doing for cripple boys and girls. I am, Very gratefully, yours, Athlene White. A WORD OF APPRECIATION TO THE SHRINERS OF SANFORD. I wish to take this opportunity and means of expressing to the Shriners of Sanford my most sincere appreciation for the interest they have taken in me and the assistance rendered in my affliction; my gratefulness to them increases as the days pass by, because of the continuation of their interest as shown by the many favors, courtesies and remembrances from time to time for which I am profoundly grateful. My father and mother wish to join me in this feeble way of expressing their sincere appreciation, and we all wish for each of you God's richest
