FARMERS ORGANIZE MUTUAL INSURANCE ASSOCIATION.

In accordance with the call published two weeks ago in the Chatham Record a group of farmers met at the Hickory Mountain school house Saturday at 1 o'clock, and organized the Chatham-Leo-Moore branch of the State Farmers' Mutual Insurance Association.

Mr. T. E. Parker, State President, was present and showed what the Farmers' Mutual is doing in the state and in other states.

He estimated that through this association farmers are getting reliable insurance for half the cost if purchased from the old line insurance companies. It is insurance at virtual cost.

A five dollar membership fee per thousand of insurance is the initial expense and all the expense of that kind during whatever term one may belong to the association.

The rate per thousand of insurance was fixed at 40 cents. Mr. J. R. Lambert, who has been instrumental in working up business preparatory to the organization, stated that he had signed up about 125 men to whom policies

will be delivered immediately now that the association has been launched.

At the meeting Saturday N. J. Dark was chosen president, E. L. Vestal, vice president, and Floyd E. Womble, secretary-treasurer.

The latter is required to give adequate bond. Five directors were chosen, namely T. B. Bary, C. E. Fox, John Fainore, W. G. Scott, and W. R. Fox.

The annual meeting is to be held in December at Sanford. Mr. Lambert is now prepared to push the work of increasing the membership.

Unfortunately, such an organization has earlier died in the county, but this one is being launched upon a safe and same basis, and should prove of inestimable benefit to the farmers of Chatham, Leo, and Moore.

QUITE SO, QUITE SO! "Just where did the automobile hit you?" asked the magistrate.

"Well-I" said the injured young lady, "if I had been wearing a license plate it would have been pretty badly damaged."
