SANFORD GROCER ROTARY SPEAKER TUESDAY EVENING

Monger Tells Rotarians Where The Food You Eat Comes From.

SOME IS HOME-PRODUCED But Most Of Food, He Says Comes From Other States and Countries.

The average grocery store carries some five hundred items, said J. H. Monger in a talk before the Sanford Rotary Club Tuesday. Mr. Monger mentionsome of these articles and told what part of the world they come from, for they really come from all parts of the civilized

Consume More Fruits.

The sale of fruits and fresh vegetables has increased over one hundred per cent within the past few years, but the sale of canned goods dred per cent within the past few years, but the sale of canned goods remains almost stationary, deciared Mr. Monger. The well stocked Sanford grocery stores carry today North Carolina snap beans, squasn and beets, South Carolina new Irish potatoes and cucumbers, Lee county cabbage, carrots and turnips, California celery and lettuce, Lee county dewberries, California oranges, apples and lemons, Florida oranges, grape fruit and pineapples. Bananas come from Jamaica and Central America. In dried fruits California furnishes most of the evaporated peaches, prunes and figs and practically all of the American raisins. In canned goods Minnesota supplies a large part of the English peas and Mame the finest corn, while from Virginia and Maryland come most of the canned tomatoes. California leads in canned peaches, cherries, apricots, asparagus and spinach. That state also turnishes most of our dried lima beans, navy beans and black eye peas. That far-western state has the distinction of supplying the buying public more different foods than any other state.

far-western state has the distinction of supplying the buying public more different foods than any other state.

State Behind In Canning.

Mr. Monger said that most of our fine preserves come from New York, and Pennsylvania, through Heinz, most of our fancy pickles. He said that North Carolina's largest output of canned goods is of krapt and snap beans with a few plants canning to-matoes and pickles. As a state, we were declared to be far behind in canning, though we raise fresh vegetables and fruits by the trainload.

canning, though we raise fresh vegetables and fruits by the trainload. The speaker said that practically every state east of the Mississippi River supplies some article of food for sale beyond its bounds. Vermont supplies our maple syrup, Massachusetts salt fish, khode Island, baking powder, New York, peanut butter and canned milk, New Jersey camed soup, and Maryland canned oysters. From Virginia come extracts, apples and meat products, from Georgia fine candy, and lard products, while from Florida come grape fruit and orange juice. We get rice from Louisiana, Texas and Arkansas and creamery butter and storage eggs

These are by no means all of the items enumerated by Mr. Monger but they are enough to show that the average grocery store is stocked with supplies brought from almost every him.

BILL FITTS ON THE LINE

Summer of 1923 W. H

Fitts, Jed was in training at Camp McClelland, near Anniston, Ala soon after he went to camp he began to receive letters addressed to him, but it seemed that they were intended for some one elso by the same name. He received one from his little sister telling about her doll, cat and dog and playmates. As Mr. Fitts has no sisters or brothers, he knew that this letter was for some other W. H. Fitts, Jr. He went to headquarters and upon in-vestigating the matter discovered that there was a young man by the name of W. H. Fitts, Jr., in the dirision of engineering. Bundling up the letters he went to his tent and forming his acquaintance turned the letters over to him and in turn received a number of letters which the other W. H. Fitts had received that were intended for him. Some two years ago W. H. Fitts came through Sanford and was the guest for the night of W. H. Fitts, Jr., of this place. He was next heard from one night last week when W. H. Fitts, of Sanford, was called to the telephone and informed that long distance was calling Mrs. W. H. Fitts, Jr. Mrs. W. H. Fitts went to the telephone and she was asked if this was Mrs. W. H. Fitts, Jr., and she replied in the affirmative. Then the party at the other end of the line called "Marion." Mrs. W. H. Fitts informed him that her name was not "Marion" but Venice. Then the other party says tell Bill Fitts "Hello: this is Bill Fitts on the line." It turned out that the message was intended for Mrs. W. H. Fitts, Jr., of Sanford, Fla., instead of Sanford, North Carolina, W. H. Fitts, Jr., was born and reared in Sanford, Fla., and W. H. Fitts, Jr., was born and reared in Sanford, North Carolina.

JUDGE DIVIDES TIME BETWEEN FARM AND LAW

Judge McPherson Finds Time

Judge McPherson Finds Time
From Official Duties To Run
Successful Farm.

VIEW MODEL PEACH FARM
Reporter Tells Of Industry That
Thrived Here A Long
Time Ago.

The Express recently carried a story about the farming operations of Judge T. J. McPherson to become "farm-minded" was when he built a home on Federal Highway No. 1 west Tranway. He decided to not only in the country, but to professional business without making a date.

Accompanied by the judge, The Express man recently took advantage of the opportunity to visit his home, his poultry yard and his farm. He lives in a comfortable little cottage just of Federal Highway No. 1 in a shady grove, near Tramway. When we visited his home we found about 1,000 young chickens in his poultry yard and his farm. ISHAM KING GETS

Former Sanford Man Appointed job To Head Division of Printing In State Purchasing

ing In State Purchasing
Department.

Isham King, a native of Sanford,
but now a resident of Hester, Granville county, has been appointed to head the division of printing in the State Purchasing Department, it was learned yesterday. Mr. King is a brother of Messrs. J. F., A. P., and Dan B. King of this city, and learned the printing trade on The Express about thirty years ago. His many friends in Sanford and community friends in Sanford and community are much gratified upon learning of

SEAWELL NAMED AS SUCCESSOR TO FRANK NASH

Lee County Representative Is Appointed Assistant Attor-ney General

TAKES POSITION JULY 1 Veteran Legislator Has Been Power In Number of General Assemblies.

Mr. A. A. F. Seawell, who represented Lee county in the last General Assembly, and who had the reputation of being one of the ablest men in that body, has been appointed Assistant Attorney General of the State. He has accepted the appointment and expects to soon enter upon the duties of the office. He will not move his family to Raleigh for the present, but will keep an office open here where he will continue to practice while not employed with the duties of his new office. Writing about the appointment of Mr. Seawell, Tom Bost, Raleigh correspondent of the Greensboro News, who is a great admirer of the representative from Lee, says:

Representative A. A. F. Seawell, author of the banking legislation of the 1931 general assembly, was today amonited excitant attorney contains the same of the country and the same of the same of the last general assembly, was today amonited excitant attorney contains the same of the sam the 1931 general assembly, was to-day appointed assistant attorney gen-eral to succeed Frank Nash, who be-

comes, July 1, clerk of the Supreme Court.

Mr. Seawell accepts the place which a younger colleague, R. G. Cherry, and co-laborer in banking legislation, declined a few days ago. The Lee county member, who led one of the tremendous frights of the late general assembly, had many of the same reasons for refusing that were offered by Mr. Cherry. But he takes a place which everybody connected with the administration wished him to accept.

accept.

It is not one of the biggest salaries paid by the state, but it is \$4,500 be-rore the state taps it for the 10 per cent cut and it is one of the most im-portant legal positions which the state has. The new assistant attor-ney general, exactly as his predeces-sor, Mr. Nash, will have the infinite respect of the men who practice berespect of the men who practice be-

The integral of the men who practice before the Supreme court. No better
fawyer will come to Raleigh to argue
the state out of a case in April.

Mr. Seawell is 67 years old, looks
47 and feels 27. In the general assembly of master minds nobody pretended that there was one superior
to his own. His has everythin.

Fast After Receiving Heavy
Price Sentence

After refusing all offers of food ince his incarceration in the Lee county jail Tuesday a week ago, Ken Lewis, who was convicted in Record.

We drove through the Wilkins Managers, 1920, \$59,900; 1930, \$76, 1920, \$3,466,389; 1930, \$2,513,633; 1930, \$2,513,633; 1930, \$2,513,633; 1930, \$2,513,633; 1930, \$2,513,633; 1930, \$3,663,389; 1930, \$2,513,633; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,389; 1930, \$3,663,38

SHIP FIRST DEWBERRIES

What many people believe a record price paid for dewberries was that commanded on the Northern markets last week for the first shipment of the season of this delectable product, according to information reaching here from Cameron, the World's dewberry capi-tal The firsh shipment dispatched to the market via express, brought 35 cents a quart or \$11.20 a crate, it was reported. Shipments that were made the first of this week brought \$5.00 a crate. These are usually good prices and should the crop sell at \$5.00 per crate it will put a good lot of money in circulation in the berry

Dewberry prices as much so as each prices or that of any other commodity, it may be reasoned are subject to the inexorable law of supply and demand. When there s only a limited supply of the delightful berry the whole world eems to be on the market for hem-and the prices soar to the skies. When there is a large cropwell it's a different story. This year, judging from the handsome price paid for the first shipment, the berry must be rather scarce; but scarce or what not, no price the dewberry growers may receive can be too large, for they, like the cotton and tobacco farmers, have had their lean years and need every dollar that is coming to them. There will be feverish activity in the community about Cameron for the next ten days or two weeks. Every hour of daylight will be utilized, and in case there is no moonlight, some no doubt will pick their berries by lantern-light. But there will be a rush in gathering, packing, and shipping the crop in order to take shipping at the high market

WEEKLY KIWANIS MEETING IS MELD

Greenwood Consoli-

The Kiwanis Club held its regular

d much amusement for the club.

Gilliam Anderson told of his trip to Miami, Fla., as a delegate from the club to the annual convention of Kiwanis International. Perhaps he did not tell all that he took part in while

at the Greenwood consolidated school
Friday evening. It is urged by President Overton that a full membership of the club attend this meeting and do everything possible to make the occasion pleasant for the farmer guests. Two very successful meetings were held with the farmers last summer, one at the Worthy fish pond summer.

PUBLIC SCHOOL CHANGES LIKELY IT NOW APPEARS

Most of Supplies, Including Coal, Gas and Oil Will be Bought By State.

TO WORK SCHOOL ROADS Actual Details in Many Instances Are Yet To Be Worked Out.

About the most definite informa-tion secured from the meeting of the board of equilization and other State officials with Superintendent A. T. Allen at Raleigh last Thursday, was that the county board of education will hold up on buying in preparation for the next school year until it is further instructed by State authori-

It was clearly indicated there, it is stated, that the state purchasing agency will probably buy all coal burned to heat public school buildings. Gasoline and motor oil will also probably be bought in cooperation with the state highway commission at wholesalers! prices and be charged against school funds allotted by the state to each of the counties. School trucks will also probably be purchasted by a total expect.

ed by a state agency.

The superintendents were requested by Chairman E. B. Jeffress of the state highway commission to prepare at once a list of the roads in their counties used as school bus routes and furnish these to the compared thought that state routes and furnish these to the com-mission. He assured them that state road forces would bend every effort toward putting the truck routes in the best possible condition by the opening of school in the fall. This is another planned economy for school apportion of school in the fall. This is another planned economy for school operation, inasmuch as good county public roads will do much toward cutting down expense of school transportation.

District or County? Organization of the school system under state operation is yet to be worked out in many of its details. The state board of equilization is at the high market

It is tate board of equilization is given great power and much responsibility for making the plan a success. Whether the schools will be run on the present district basis the next year or whether they will be strictly on a county-wide basis, insofar as the allotment of teachers in regard to pupil load, is not yet determined.

There was noted an indicated sentiment anymy state authorities tooking the strictly of the sentiment anymy state authorities tooking the sentiment anymy state authorities to sentiment anymy state authorities to sentiment anymy state authorities and sentiment anymy state authorities and sentiment anymy state anymy sta

whole, particularly as regards all rural schols. This would make a difference in this county as it would result in a reduction in the number of high head tracks in the number of
