

There's A Reason

WHY More People in the United States ride on Good-year Tires than on any other kind. More people right here in Lee county ride on Goodyear tires than on any other kind.

The Reason is Very Simple: GOODYEAR TIRES are the Best Made for the Money.

Tire prices are the lowest they have ever been and probably the lowest they will ever be. Only just a few years ago Goodyear Tires sold for more than five times what they sell for now. Goodyear tires are being constantly improved and every one of them bear the life time guarantee of the manufacturer. Prices are down but the quality is up. Now is the time to buy New Ones. If you are not satisfied with the condition of your tires come in and let us check them for you. There's no sense in risking your neck when prices are so low.

MONCURE NEWS.

(Deferred from last week.)

Miss Elma Ray, who spent her vacation at home with her parents, Mr. and Mrs. J. Vance Ray, has returned to High Point, to resume her work as stenographer.

Mr. C. D. Orrell, the chief field man of the Federal Land Bank, of Columbia, S. C., was in town recently checking up on the work done by Mr. Hugh S. Sheppard, of Wilson, who has been reviewing the situation relative to delinquent loans in Chatham County National Farm Loan Association the past week.

Mr. and Mrs. C. D. Orrell spent last week with Mrs. Orrell's mother, Mrs. Barbara Watkins, before going to Florida, in which state Mr. Orrell will work as chief field man for the Federal Land Bank. He has four states in charge.

Moncure school basketball team played Sanford Tuesday night of last week and Pittsboro Friday night. The score was as follows: at Sanford, Moncure girls, 15; Sanford girls, 16. Moncure girls won. Moncure boys, 29; Sanford boys, 24; Moncure boys won.

At Pittsboro: Moncure girls, 53; Pittsboro girls, 19. Moncure girls won. Moncure boys, 233; Pittsboro boys, 25. Pittsboro boys won. Playing basketball is in full blast now. The schedule for Moncure teams are two games a week until the latter part of February.

Mr. C. M. Brown, an efficient barber, had the misfortune of sticking a nail in his foot one day last week and has not been able to work for the past week. Mr. J. T. Canady, who assists Mr. Brown each Saturday, has been keeping his shop for him.

We are glad to state that Mr. L. E. Cole, who has been quite sick, is much better.

Rev. J. A. Dailey preached two good and interesting sermons at the Methodist church last Sunday to appreciative congregations. His sermon at the morning service was a New Year's sermon, and Mr. Williams, who preached at Mt. Zion church in the afternoon, also preached a New Year's sermon.

Miss Bettie Harward was leader of the League service last Sunday evening.

Miss Anna Mae Caddell, Home Economics teacher, with the help of the Senior Class of the Home Economics Department, entertained Prof. H. G. Self, principal, and Messrs. W. W. Stedman, C. D. Wilkie, H. A. Harrington and J. L. Stephens, members of the school board of Moncure School at dinner last Thursday. Several delicious courses, was served by the students and all the guests enjoyed the dinner and praised Miss Caddell for the fine training she is giving her students.

Both basketball teams of Moncure school will play Apex teams at Apex Wednesday night, of this week.

Miss Lois Ray spent last week end with Miss Lois Wilkie, at Fayetteville.

Mary Barringer Missionary Auxiliary will meet at the home of Mrs. Daisy Lambeth Thursday evening of this week.

Miss Olivia Goode, one of the high school teachers spent last week end at her home at Crouse. Also Miss Janie Cunningham, 3rd grade teacher, spent the week end at home at Apex.

Miss Hazel Jeffcoat and Mr. Clarence Lano were guests of Miss Ruth Thomas Sunday evening.

Little Elaine Patton, who was very sick last week went back to school Monday.

Among those from this route who enjoyed the Thursday evening P. T. A. program at Broadway were Mrs. Paul J. Thomas, Mrs. Kenneth McNair, Mrs. Claude and Mrs. Earl Thomas. Superintendent Wheeler gave a very interesting and informative talk on this occasion in regard to the precarious financial condition of the school at present.

Misses Ruth Thomas, Hazel Jeffcoat, Genevieve Patton and Mrs. Kenneth McNair, visited in Chapel Hill Monday.

Miss Hazel Jeffcoat, who is a graduate of Anderson College and Greenville, S. C. College, returned to Columbia Tuesday after an extended visit with Miss Ruth Thomas.

Honoring Miss Jeffcoat.

Miss Ruth Thomas entertained at bridge Wednesday evening for a few friends in honor of her guest, Miss Hazel Jeffcoat, of Columbia, South Carolina.

An artistic arrangement of luxuriant ferns and blooming plants provided an attractive setting. The prize, a lovely sea scene, painted by the hostess, was won by Miss Jeffcoat.

A delicious course of fruit salad, sandwiches, cocoa and cakes were served by the hostess, assisted by little Miss Genevieve Patton.

BENHAVEN SCHOOL NEWS

P. T. A. Meeting. The local Parent-Teachers' Association held its fourth regular meeting last Tuesday evening, January 12. During a brief business session it was voted to deposit the P. T. A. funds with Mr. H. C. Cameron. President Huffines then appointed Mr. Dula, Mr. H. C. Cameron, and Mr. Asa Seawell as Relief Committee, with Mr. Dula as chairman.

The Program Committee appointed for the next meeting are Mr. R. G. Payne, Miss Verna Cameron, and Mrs. S. H. Butler.

An interesting talk on "The Importance of a High School Education" by Mr. H. C. Cameron, featured the meeting. Mr. Cameron forcefully brought out the fact that education was the greatest means of combatting crime.

Examinations.

All is serious and gloomy at school now, and will continue, in all probability, to be so for the remainder of this week. Mid-term exams are here!

Le Cercle Francais

The old "French Club" is no more. At the suggestion of Mr. Payne it was voted at the last meeting to change the name to Le Cercle Francais—an appellation more in keeping with the organization and its purpose.

Grade 1-A and 2-C.

We are very glad to have the following pupils back with us. They have been sick.

Doyle McKinney, William McGehee, Barbara Davis, William Henry Leslie, Tom White.

Grade III

Friday we had a spelling review. It was on all we have studied this year. Our teacher gave us fifty words.

Mac Wilson, Neppie Thomas, Clara L. McDonald, Furman Holt, Josephine Rosser, Esther McKay, and Ruth Cameron had perfect papers.

We are glad to have Margaret McKinney back in school after being out with whooping cough.

Healthier Plant Club.

We are starting a "Healthier Plant Club" and already have one member. To become a member you bring a sack full of some sort of fertilizer or rich dirt to be put around our plants, shrubs and trees. There is no requirement as to when it shall be put on the school ground and many students should want to bring some to put around their plants.

Perry Cameron is our first member. We wish to print additions to the club each week so if you bring or have some fertilizer sent over, put a statement of that fact in the "News Box" or tell one of the reporters. A sack could easily be put on each fender of the trucks.

FOLLOW EIGHT "CS" TO BETTER CHICKS

The eight "CS" for better chicks may be grouped as clean eggs, clean incubators, clean chicks, clean brooder houses, clean range, clean litter, clean feed, and clean management.

"Right now, the North Carolina poultryman is entering his busiest season and is looking for the best methods to use in growing healthy poultry," says C. F. Parrish, extension poultryman at State College.

"We do not know the best way to grow healthy chicks, but we do know a program to follow which will almost invariably make for success in the industry."

No one can produce healthy chicks without clean eggs produced by hens that have been blood tested and found free of bacillary white diarrhea, young. Mr. Parrish believes. These eggs

must be placed in incubators that have been thoroughly cleaned and dried before the eggs have ever been put into them. Then, poultrymen should be careful about the chicks which he brings to his place from some other breeder or practical poultryman. Only strong, clean chicks from disease-free stock should be purchased. North Carolina chicks from blood tested flocks are better than anything that can be imported into the State at this time.

The next step is to have clean brooder houses and place these on ground where chicks have not been reared before. Good range is also important. It is wise, says Parrish, to grow out the chicks on range where no poultry droppings have been spread and where some green crop has been planted. Clean litter on the floor is needed. Straw shavings or peat moss is good for chicks. Sawdust is poor.

The dole system does not work in feeding chicks. Give them all they will eat in such containers as the chicks cannot foul or waste the feed. Feed for maximum results, Mr. Parrish recommends.

FIFTY YEARS AGO.

The comparative statement below was sent in by an old-timer who has been through the experiences of both ways of living. Other old timers will enjoy it and say, "Isn't it the truth?"

1881—Fifty years ago women wore hoop skirts, bustles, petticoats, corsets, cotton stockings, high buttoned shoes, ruffled cotton drawers, flannel night gowns, puffs in their hair, did their own cooking, baking, cleaning, washing, ironing, raised big families, went to church on Sunday, were too busy to be sick.

Men wore whiskers, square hats, ascot ties, red flannel underwear, lig watches and chains; chopped wood for stoves; bathed once a week, drank 10 cent whiskey, and 5 cent beer, rode bicycles, buggies or sleighs, went in for politics; worked 12 hours a day, and lived to be a ripe old age.

Stores burned coal oil lamps, carried everything from a needle to a plow, trusted everybody, never took an inventory, placed orders for goods a year in advance, always made money.

1931—Today women wear silk stockings, short skirts, low shoes, no corsets, an ounce of underwear, have bobbed hair, smoke, paint, and powder, drink cocktails, play bridge, drive cars, have pet dogs and go in for politics.

Men have high blood pressure, wear no hats, and some no hair, shave their whiskers, shoot golf, bathe twice a day, drink poison, play the stock market, ride in aeroplanes, never go to bed the same day they get up; are misunderstood at home; work five hours a day, play ten; die young.

Stores have electric lights, cash registers, elevators; never have what the customer wants; trust nobody; take an inventory daily, never buy in advance; have overhead, markup, markdown, quota, budget, advertising, stock control; annual and semi-annual, end of month dollar day, fountains, rummage, economy day sales; never make any money.—The Crow.

COTTONSEED MEAL MAKES GOOD PIG FEED

When cottonseed meal is mixed with fish meal as a part of the ration fed to fattening hogs, better gains at lower costs are made than when the fish meal is fed alone as the protein carrier.

"Experiments which we have made at the North Carolina Experiment Station show that fish meal containing 55 per cent protein is slightly better for fattening pigs than tankage containing 60 per cent protein. Then when equal parts of cottonseed meal is mixed with this fish meal as supplement to corn, the mixture is superior to the fish meal alone," says Earl H. Hostetter in charge of animal husbandry research at State College.

"Since we secured these good results by mixing fish meal and cotton meal, we decided to mix the cottonseed meal with tankage and see what results would be obtained."

Fifty-seven pigs weighing 85 pounds each were selected for the test. They were divided into two groups and fed 77 days on the self-feeders. In group 1 were 29 pigs which were fed white shelled corn, fish meal one-half and cottonseed meal one-half, with mineral. In group 2 were 28 pigs which received the same feed except that 40 percent tankage was substituted for the fish meal.

The pigs in group 1 gained 394 pounds more than those in group 2. The first group consumed 15,517 pounds of feed as compared with 14,863 for the second group, yet, the total feed required to produce 100 pounds of grain was only 399 pounds in group 1 as compared with 425 pounds in group 2. The first group of pigs gave a profit over all feed costs of \$1.53 a pig as against \$1.51 for the tankage group.

Therefore, says Mr. Hostetter, if the tankage had cost \$39.10 a ton instead of the \$40 it did cost, the profit would have been the same in each group. The increased gains in group 1 would have been offset by the lower cost of animal protein in group 2.
