#### NUMBER IMPORTANT CASES

A two weeks mixed term of Les Superior Court convened at the court house Monday morning at 10 o'clock with Judge Henry A. Grady, of Clinton, presiding. Judge Grady is not a stranger to the people of Lee county as he has held court here before and will hold the next term. He believes in pushing the business of the court so as to clear the docket as soon as possible. An unusuany large crowd was present for a July term of court. Perhaps this was due to the fact that the ground was too dry for the farmers to work their crops to any advantage.

As Lee county now has the 12 Thomas.

The complaint also alleges that the defendant has cohabitated with one Ruth Mungo and other won! n, some of whom are unknown to the plaintiff. While spending his money and means on them, and devoting many hours in their company, he has shut out the plaintiff from his home life, intimates the complaint.

A number of other allegations, which will probably be aired out before Judge Grady tomorrow, are set forth in the complaint.
