

**TAR HEEL
SCRAP BOOK**
BY
A Rotating Tar Heel

Now is a good time to remember the immortal words of Victor Hugo: "Thought is of primary necessity. Truth is nourishment as well as wheat. If there is anything more potent than a body agonizing for want of bread, it is a soul which is dying of hunger for light."

How many who handed their hard earned kale over to hard boiled bankers with the trustfulness of little children, passing their plates at the table to be refilled, must rattle vain regrets around 'now' in their near-empty craniums. How they must wish they had spent this money on the improvement of their own minds or upon the mental embellishment of their own children.

How good it would be for Tarheelers if more fathers were as interested in the mental growth of their children as Lee Tracy, Tracy, the widely read Scripps-Howard columnist, visited eight or ten of the larger institutions of learning in the land when his daughter was of University age. He walked over the campuses and through the buildings and talked personally with the faculty. For some reason he finally decided that the University of Tennessee was best suited to his daughter's every need and so to Knox she went to embark upon her mental adventures.

If every parent could be as interested in the growth and development—the seeding and the harvest—of his child's mental life as he is in the development, the seeding and the harvest of his field—and if he would really expend personal effort and some money on this subject one may easily believe we would find the millennium not far around the corner.

When a mind has been developed, and a character molded by proper discipline, no outside force can steal, and which no amount of right use can diminish. The community, the church, the state and the nation is enriched most of all as everyone knows by the few well trained, highly developed and morally and spiritually sound minds in its ranks. Then why don't we as parents and teachers apply ourselves to this end.

"Now who is that," were the words immediately occurring to me when I glanced at a paper last week. The fine face pictured there was well remembered.

The legend read "Victim of Wreck—Dr. W. J. McGlothlin." Oh!—Dr. McGlothlin! President of Furman U. and one time President of the Southern Baptist Convention. But where had I known him? Why was his face so well remembered.

The surge of the sea—the deep, lapping waves at night—and the deep mysterious store—the big cool building on the sea-front and the eager, interested audience—the tall, erect figure on the stage—the clear, telling tones of the assured and poised highly developed and spiritually, effective intellect. Dr. McGlothlin speaking at the Chataqua at Wrightsville—when I was in my early teens! Remembered and revered since then. Was that not a test of his power and force as a significant speaker.

On the heels of this loss—prey to that modern juggernaut, the auto—comes the great loss of President Hibben, who took President Wilson's chair at Princeton. When the autos chop down our mighty (and we have view to spare) perhaps we will begin to take more note of the staggering sum of deaths stacked up in a year's time in our land—largely through careless use of automobiles.

Mrs. Perkins seems to have gained no popularity by her phrase "The barefoot South"—anyway going bare foot seems a main joy of the elite, the ultra rich and the new venal rich as well of the Northern States who flock South in the winter. It is a known fact that fat dames and bony men from the Yankee section are far more frequently seen pattering barefoot up and down the business streets of beaches than are our Southern born. Also I make bold to state it is the northern gent who sheds the uppers of his brief two piece bathing suit. I have seen more than one beach patrol (Southern born) shoe these excessive sun bathers back into the top of his suit.

But, when all is said and done, comparatively speaking, the South would be barefoot if she threw away shoes as little worn as those of na-

Board Makes Plea For Lee Hospital

HOSPITAL BOARD ASKS COUNTY TO CONTINUE ITS AID

Hartness Asks Commissioners For Appropriation Of \$4,000 For Lee Hospital

MANY CHARITY CASES

At the meeting of the board of county commissioners which was held at the court house last Monday, Miss Gornelia Simpson, Home Demonstration Agent, and Mr. E. O. McMahan, County Demonstration Agent and Welfare Officer, made their reports for the month of May. Miss Simpson stated that farmers and their wives would hold a county picnic at the court house on June 23rd in conjunction with the State Federation of this district. She invited the county commissioners to meet with them. After hearing Mr. McMahan's report as welfare officer two people were admitted to the County Home. This is one of the largest number of inmates that has been in the Home at one time. Should the depression continue a year or two longer the home will probably have to be enlarged to take care of the people knocking at its door.

Mr. McMahan was elected to succeed himself as County Demonstration Agent and Welfare Officer for another year. He is kept busy handling about half dozen different things. He handles the county demonstration work, welfare work, arranged to have Lee County's quota, 34 men, sent to the Civilian Conservation Corps at Fort Bragg to take training for the conservation work, and for several months has helped to carry on the work of making Federal loans to the farmers of the county. As the county budget is to be balanced by the first of July the Board of trustees of the Lee County Hospital came before the

board to be appropriated by charity work in the hospital for another year. In the absence of Chairman J. R. Ingram, Mr. W. R. Hartness acted as spokesman for the board. Mr. Hartness stated that although the cost of operating the hospital had been cut to the bone, it would take at least \$4,000 to take care of the charity work in the hospital for another year. He said that the salaries of the nurses had been cut to \$26 and that with the force reduced each nurse has to handle nine patients when the hospital is full. They have never turned a patient away without paying their bills. Last week there were 77 patients in the hospital. If people who are able to pay their bills would meet them promptly, the hospital would not have had pressed financially. Some time ago two tourists were injured in a wreck near Sanford and were brought to the hospital for treatment. One had a broken leg. It was put in a plaster cast and while the nurse was out of the room he struck a match to light a cigarette and set the bed clothing on fire from some cotton that caught. He was slightly burned about the body before the nurses could rescue him. He attempted to bring a damage suit against the hospital and left without paying the hospital bill.

The question of the county participating again in the State and Federal government forest and fire protection program was discussed and it was decided to make an appropriation of \$300 for carrying on the work again this year and it was agreed that it was money well spent. A lookout station was operated on the roof of the Wilkirk Hotel for two or three months in the spring and in several instances forest fires were gotten under control by the watchman getting in touch with them before they had gained much headway.

For the next six months the drug business for the county was given to the Acme Drug Company. The business rotates so that all the drug stores in the county are benefited by it.

The commissioners had a called meeting at the court house Wednesday at which time they discussed the question of abolishing the recorder's court. It was claimed by members of the board that this court is a financial burden to the county and that in the name of economy it should be abolished. No action was taken in the matter. It will probably come up for action at some future meeting.

After discussing the question of liquidating the Page Trust Company the board decided that a vote should be cast in favor of organizing a new bank. It is believed that the county will get the funds it had to its credit in the bank through the new organization.

At the meeting of the Kiwanis Club held its weekly meeting at the Carolina Hotel last Friday night. Several members were absent. The guests of the club for the evening were Mrs. Inez Creel, Mr. Leo Pendergrass, Dr. R. O. Humphrey, and Mr. "Smoot" Smith, of Rodantho, N. C.

W. E. Makepeace, chairman of the house committee, stated that several invitations had been received from the ladies at several places in the county to serve luncheon. Dr. Foster had made the proposition to the club that in 100 per cent attended each of the four meetings during the month of April he would show his appreciation by giving the club a barbecue. He invited the members to come to his home on Gulf street Friday evening and be his guests at a barbecue which will be served on the lawn. It was agreed that the club should accept a number of other invitations in surrounding country during the summer. It was decided that some night should be

Two solos were rendered by Mr. Leo Pendergrass with Mrs. Inez Creel at the piano. The music made by these two guests was a feature of evening. The program of the evening was turned over to W. E. Horner, chairman of the program committee. With the assistance of Dr. Humphrey and James McIver, a member of the program committee, a radio program was put on over an improvised radio. The amplifier had been installed in the dining room of the hotel so that the club could enjoy the broadcast. Dr. Humphrey acted as the announcer and Jimmie McIver took a leading part in the broadcasting. Many good jokes were pulled off by the air route, some at the expense of members of the club.

Firemen Meet

The seventh annual convention of the Sandhill Firemen's Association will be held at Red Springs next Tuesday, June 15th. The Sanford Fire Department is a member of this association and plans are now being made for the company to be represented at the meeting. An attractive program is being arranged for the occasion. The Sanford Fire Department has carried off most of the prizes from year to year and it is expected that the boys will give a good account of themselves this year and bring back some of the prizes.

KIWANIANS HEAR RADIO PROGRAM

Amusing Imitation of a Radio Broadcast Is Staged At Kiwanis Meeting

The Kiwanis Club held its weekly meeting at the Carolina Hotel last Friday night. Several members were absent. The guests of the club for the evening were Mrs. Inez Creel, Mr. Leo Pendergrass, Dr. R. O. Humphrey, and Mr. "Smoot" Smith, of Rodantho, N. C.

34 YOUNG MEN ARE SENT FORT BRAGG

34 young men from Lee County have joined the Civilian Conservation Corps at Fort Bragg. They were sent to Fort Bragg by E. O. McMahan Monday to take two weeks' training before going to the conservation camps in the mountains. They were sent to Fort Bragg in a large school truck from Chatham County. The names are as follows:

George Thomas Gilmore, Clawson McCain, Lloyd Park, Robert Lee Petty, John Prentiss Fore, Carlos McLeod, Jr., George Broadie, Jr. (col.), William H. Baker (col.), John Alston (col.), Claude McBryde, Carter Rosser, L. V. Maddox, Doyle Campbell, French McIver (col.), Roger McLeod (col.), Benjie Moore, Wade Coley, Raymon Freeman, Elbert Calcutt, Lee Roy Parham, Dixon Thomas, Delphus McDuffie, Linzie Morgan, Howard Donaldson, Euna Marshburn, Judson M. Key, Thomas Gilmore, Howard McLannis, John S. Avent, Phoenix McNeill, Gowin Thomas, Elkison McDougald, Clarence Crutchfield.

To Resume Operation

Mr. C. A. Lano, business manager for the Borden Brick and Tile Co. of this place, tells The Express that he expects to put the plant in operation in about two weeks. This plant, like all other plants, had to remain closed during the past year or two due to the financial depression. It is expected after it resumes operation it will continue to run most of the time. Should there be a marked improvement in business it will probably be kept in operation full time.

Cradling Wheat

Mr. Griffin, who is with the Wilkins Corporation, has been making trips out from Sanford during the past few days and has had an opportunity to see farmers harvesting their small grain. He says he is glad to see the farmers cutting their wheat in the old fashioned way, with cradles instead of reapers. They are not waiting for the reapers to come and cut their wheat, they are cutting it themselves. It means a greater amount of labor on their part, but it is a saving to them.

Miss Jane Mitchell, of Abbeville, is the guest of Mrs. Robert Burns.

RECORDED GIVES NEGRO ANTOR 6-MONTHS TERM

High School Case Comes To Final Culmination Tuesday

COLE CASE UNSETTLED

Negro Gambler Joint Raided And Four Children Are Brought To Court

Recorder's Court has been working over time for the past two weeks, re-opening two extra days to keep the docket clear. The West Sanford school building case required nearly four days of sitting of the Court before a decision was finally rendered. This case Tuesday evening resulted in conviction of Lonnie Mason, colored, gambler, on charge possession and sale of the Court at the time stating that sufficient evidence had been furnished to convict anyone if needed. Mason was sentenced to six months on the roads. His attorney gave notice of appeal to the superior court and bond was fixed at \$200.

William Powers and Noah Phillips, young white boys from the cotton mill section of Sanford, who were caught by Prof. Smith, in company with McClelland, drinking home brew in the school building, were let off with the usual fine. Phillips was undressed of by the Court.

This has been a troublesome case for the Court and officers, as well as for the school officials. Both Mr. Wheeler and Mr. Smith have given considerable service in fixing the blame for the offense.

A sextet of colored men furnished work for the Court Tuesday morning and part of the afternoon session, all of whom were charged with gambling, and some of whom answered other charges. Bud Jones, alias Garfield Jones, was charged with running a gambling den at a place where liquor could be had. Jimmie Simmons, a frequent gambler, and Jesse McIver, who became involved in a robbery case, which resulted in the shooting of a man, were also present.

Two solos were rendered by Mr. Leo Pendergrass with Mrs. Inez Creel at the piano. The music made by these two guests was a feature of evening. The program of the evening was turned over to W. E. Horner, chairman of the program committee. With the assistance of Dr. Humphrey and James McIver, a member of the program committee, a radio program was put on over an improvised radio. The amplifier had been installed in the dining room of the hotel so that the club could enjoy the broadcast. Dr. Humphrey acted as the announcer and Jimmie McIver took a leading part in the broadcasting. Many good jokes were pulled off by the air route, some at the expense of members of the club.

PROMINENT SPEAKERS HEARD DURING CITY SCHOOL COMMENCEMENT PROGRAM

52 SENIORS ARE GRADUATED AT EXERCISE HERE

Dr. Horace Williams Makes An Engaging Address To Class On Monday Night

52 DIPLOMAS AWARDED

The commencement exercises were concluded in the presence of an overflowing house Monday night at eight o'clock. The professional was rendered by Miss Ruth Phillips as the boys and girls of the finishing class marched down and took seats in front of the stage wearing caps and gowns. The invocation was by Rev. Frank C. Hawkins. The salutatory address was given by Miss Pauline Love. By the easy manner in which she delivered her message to the audience she impressed all who heard her. Bryant Johnson was given good attention while rendering a solo. He has a good voice and people delight in hearing him. The literary address was delivered by Dr. Horace H. Williams, Kenan Professor of Philosophy, University of North Carolina. The speaker was introduced by Mr. D. B. Teague, who knows him personally, having been a student at the University, where he knew the real worth of the man as a teacher. Dr. Williams addressed the seniors on the three general types of knowledge. His address was delivered as if he were lecturing to a class of young men and women, using the blackboard to illustrate his points.

A girls quartet, composed of Annie Laurie Denton, Mary Caudle Gavin, Elizabeth Craig and Helen Andrews, rendered a beautiful selection entitled "Brotherhood." The diplomas to the graduating class were presented by J. W. Stout, chairman of the board of trustees, and the Bibles by P. J. Banger, a member of the board. Dr. Williams' address was given by Miss Pauline Love.

American Revolution, for the highest marks in the study of American History. The valedictory was delivered by Miss Elizabeth Gilliam and proved to be a masterpiece.

On Tuesday evening of last week the annual freshman-sophomore declamation contest was held, with eight declaimers taking part in the contests. All of the young men acquitted themselves well. The decision of the judges was that Charles M. Reeves, Jr., whose subject was "A Southern Court Scene," was winner of first prize.

To Raymond Wheeler, whose subject was "The New South," was presented second prize. Carl Latimer was winner of third prize. His subject was "The American Boy."

DEPOSITORS ASK TIME EXTENSION

Gurney P. Hood, Commissioner of Banks, Wednesday received the request of a group of depositors of the Page Trust Company for an extension of time until June 19 for balloting on electors to name four members of a liquidating committee of seven. The commissioner said that he did not think the extension could be granted at this late hour. The ballots have been pouring into the banking department with Saturday as the final date.

Depositors have until June 19 to file protest against the plan whereby the Page, N. C. Bank and Trust Co. and Independence Trust Company would participate in the organization of a new bank. Should depositors representing as much as one-third of the depositors of any bank file objections in proper form, the bank will be liquidated in regular course.

On the basis of depositors' ballots, four directors will be picked for each of the old banks to act with two directors picked by stockholders and one by the R. F. C. in administering their affairs as stockholders in the new bank.

Notice of assessments have gone out to all stockholders, and unless payment is made by June 22, judgment will be docketed.

Rain Beneficial

The rain Tuesday afternoon was a great help to the young crops in this section. The farmers have been busy for the past week or two cultivating and getting the crops clean. They are also busy harvesting their small grain. There is a good yield of wheat.

Mr. and Mrs. W. F. Weathers, of Clayton, spent a few days here as the guests of Mr. and Mrs. N. C. Wall.

What! Again?

The Corporation Commission will hear the application of the Atlantic and Yadkin Railroad Friday to abandon its passenger service between Mt. Airy and Sanford. A delegation of business men will go from Sanford to Raleigh to make protest against abandoning the passenger service on this road. Delegations will go from other stations between Sanford and Mt. Airy.

JURY LIST FOR NEXT TERM OF LEE COURT

Judge Daniels To Hold Next Term Lee Court In July; Complete Jury List.

The next term of Lee Superior Court will convene at the Court house Monday, July 17th. It will be a two week's mixed term with Judge Frank A. Daniels, of Goldsboro, presiding. As Judge Daniels has often held court at this place, he is not a stranger to the people of Lee County. He is held in high esteem by both the people and the bar. Clerk of the Court Guter Watson tells The Express that there will be plenty of business to keep the court busy for the full term. Following is the jury list:

First Week: M. D. Gaster, Rowland Monroe, E. T. Stone, R. F. Bogan, W. G. Johnson, T. A. Yow, P. C. Burns, W. E. Hall, S. G. Groce, G. B. Scogins, E. E. Woodell, D. V. Wicker, J. C. Ledbetter, O. P. Makepeace, J. R. James, W. J. McNair, Will Thomas, S. L. Campbell, Edwin Campbell, J. S. Hole, E. D. Nall, A. E. Lillard, L. Marshall, J. O. Brown, J. C. Pendergrass, C. V. Harrington, C. L. Pechmann, C. S. Yarborough, L. C. Mann, R. M. Mitchell, Paul Harrington, Clyde M. Thomas.

Second Week: J. B. Hall, M. M. Covert, C. F. March, J. B. Brown, J. C. Cole, C. H. Crabtree, N. C. Latta, Joe Brewer, C. C. Way, Doyle McFarland, S. E. Kelly, R. S. Walker, W. W. Boone, C. H. Wicker, E. L. Kennedy, A. A. Dalrymple, F. H. McBryde, J. I. Pierce, H. W. Johnson, J. B. Matthews, Louis Brown, L. B. Kelly, J. M. Spivey, C. C. Cole, T. A. Wofford, C. F. Yow, D. L. Hancock, J. W. Russell, N. H. Pierce.

PASTOR'S UNION SETS SCHEDULE

At a meeting of the Pastor's Union on Wednesday morning the following plan for union services each Sunday evening through the summer months was arranged. In the absence of pastors of churches without regular pastors, only the services for June are announced. For this period, the first service is Sunday evening, June 11, at the Christian church at eight o'clock, and Rev. L. D. Hayman will preach. On the third Sunday evening in June the service will be at the Baptist church, and Rev. T. F. Wright will preach. On the fourth Sunday evening the service will be in the Methodist church, and Rev. F. C. Hawkins will be the speaker.

The Pastor's Union voted to invite a lay representative to act for their respective churches that have no regular pastors for the present, and to sit with the Union in matters affecting work of a general nature in the town. Dr. Lynn McIver to represent the First Presbyterian Church, and Mr. Emory Matthews to represent the East Sanford Baptist church. All ministers holding pastorates within the city of Sanford are active members, and all retired pastors and pastors holding pastorates outside Sanford, but who reside in the city, were voted associate members. Members are voted within and without the city will have a vote in all matters affecting matters where their people whom they serve are affected. Matters within the city, except in special matters, are left under the supervision of the local pastors. Rev. F. C. Hawkins was elected President for the coming year, and Rev. L. D. Hayman Secretary-Treasurer. Meetings through the summer are subject to the call of the President.

A matter of rather public interest acted upon by the pastors at the meeting Wednesday was that of presenting to the Mayor and the Board of Aldermen for immediate action, the arrangement in each Ward of the City a shower for the use of the children in these respective wards. The plan to be worked out to best advantage and economy to the city and in

known Soldier." The second prize was awarded to Wilson Howard, whose subject was "Spartacus and the Gladiators." Neal Patterson, who was awarded the third prize, chose as his subject, "Citizenship."

On Sunday morning at 11 o'clock a large congregation assembled in the auditorium of the school to hear the baccalaureate sermon preached by Dr. Elbert Russell, Dean of the School of Religion, Duke University. Following was the program as rendered; Processional,—March romposo — Tannhauser. Invocation—Rev. T. F. Wright. Hymn ————— Awake, My Soul. Congregation Scripture, Rev. L. D. Hayman. Prayer, Rev. F. C. Hawkins. Holy Art Thou ————— Handel. Chorus Announcements Make A Joyful Noise.— Caleb Simper. Chorus Sermon ————— Dr. Elbert Russell. Dean School of Religion. Duke University. Hymn ————— All Hail The Power. Congregation Benediction ————— Dr. Russell. Postlude—Fantare ————— Verdi.

Following is a synopsis of the sermon delivered by Dr. Elbert Russell: The Invisible Springs of Civilization "When we Americans boast of the greatness of our nation, it is usually of its material greatness that we speak—the acreage and produce of its farms, the mileage of railroads, the number of automobiles per capita; our imports, exports, factories and wealth. We often forget that all these visible elements of our civilization spring from invisible sources. My grandfather once said of a resourceful woman that if she were put down on a bare rock in the wilderness in the morning, by night she would have a home. It is from such creative personalities that our material civilization has come. "As far as outward things go, the present inhabitants of the United States do not differ materially from the aborigines. In physical endurance and strength and in quickness of eye the Indian was probably superior on the whole. But the Indians had no automobiles or sky scrapers, and there is no reason to suppose that they would have developed them. It was something inward, something in the spirit, which produced these material wonders of our civilization. The pioneer settlers of America did not bring much tangible property with them and in the primeval forests they found neither schools nor homes nor churches ready built, to say nothing of railroads and factories and automobiles.

DEAN RUSSELL DISCUSSES SOURCE OF CIVILIZATION

Seniors Hear Dr. Elbert Russell, Head of Duke Divinity School On Sunday.

TALKS ON THINGS UNSEEN

The commencement exercises of the Sanford High school were held the latter part of last and the first of this week. Class night was held Friday night. The auditorium was crowded with the patrons and friends of the school for the occasion. The program opened with the welcome address by Warren Williams, Jr., president of the class. The class history was given by Miss Katherine Guter after which the senior class sang the class song. Earl Wilkie, who was the class poet, recited the poem. This was followed by the prophecy which was given by Miss Fora Melver Teague and Paul Williamson. A feature of the program were two musical selections by Bryant Johnson. Class statistics were read by Wallace McIver, and the class sang "Boosting Our Old High." The last will and testament was read by Miss Pauline Kissell. It was written by Miss Kissell and Chas. Rogers. A gift was presented to each member of the class by Miss Inez Russell. She studied the needs of each one and made appropriate gifts. This part of the program made a hit and caused the large audience to forget that the weather was hot.

The Junior-Senior declamation contest was held in the auditorium of the school on Wednesday night of last week. The young people reflected great credit upon themselves by the manner in which they put on the several parts of the program. They were greeted by a crowded house. After hearing the declamations the judges decided Bryant Johnson should have the first

known Soldier." The second prize was awarded to Wilson Howard, whose subject was "Spartacus and the Gladiators." Neal Patterson, who was awarded the third prize, chose as his subject, "Citizenship."
