Chevrolet Payrolls on Steady Increase. Detroit, Mich., Feb. 22.—A new all-time high in employment was achieved by the Chevrolet Motor Company for the week ending Feb. 10 when direct company payrolls totaled 56,545 people, M. E. Coyle, general manager, announced here today. The high mark prior to this year was 52,847 men and women employed in June, 1929, while last year at this time factory payrolls numbered only 32,079 people, Mr. Coyle stated. The present record force set a new high daily output figure for the present year's program when they completed the assembly of 3,770 new 1934 cars and trucks on Friday, Feb. 16, Mr. Coyle stated. Through the first fifteen days of the month the company completed the assembly of 33,545 new units which have already been shipped to dealers. This is within 12,000 units of production for the full month of February last year, Mr. Coyle stated. Plants are now headed toward capacity, with dealers making delivery of new 1934 models to consumers, and the rate at which orders are being received indicates capacity operations for some months to come, the Chevrolet head declared.

Detroit shows the largest gain on the company's employment map. The payroll here includes the central office staff, and the workers at the Chevrolet plant centering at St. Aubin Euclid and Holbrook avenues, where the new "knee-action" wheel sets are being built. Detroit payrolls as of Feb. 10 stood at 16,809 people as compared with a previous all-time high here of 12,720 in June, 1929, and less than 8,000 one year ago. Much of the increase is due to the large number of men engaged solely in the building of the "knee-action" devices, which are coming off their own assembly line with increasing frequency from day to day.

"This one invention," said Mr. Coyle, "has added several thousand men to our payrolls—men who could not have been given work had we not incorporated the new device in our 1934 cars." At Flint, where four plants are maintained, payrolls were 15,725 men as compared with 11,000 a year ago. Bay City, where small parts are manufactured, 1,782 were on the payrolls as against 1,081 last year. At Saginaw, where Chevrolet operates the largest grey iron foundry in the world, two daily shifts consisting of 4,660 men are pouring castings for the new models, as against 3,443 in February of 1933. Toledo, where transmissions are manufactured, had 2,571 men at work, within one man of the 1929 high.

These locations comprise mainly the manufacturing operations of the company, and account for 41,500 men on the payrolls. The remaining 15,000 employees are at work at assembly operations in cities out of this area, and at the commercial body plant at Indianapolis and the export packing plant at Bloomfield, N. J. Last year these outside plant payrolls accounted for only 7,000 men. Mr. Coyle expressed confidence that the present rate at which orders are being received would enable the company to maintain its payrolls at a peak for a good share of the first half of the year.

CANDIDATE FOR SOLICITOR

JAMES BEST, of Dunn.

DUNN ATTORNEY SECOND TO ENTER

Second Dunn Man Announces Candidacy in Solicitorship Race of District.

With the entrance of James Best, Dunn attorney, into the race for Solicitor's place to succeed the able Clawson Williams who for twelve years prosecuted with relentless vigor the criminals coming into the courts of the 4th Judicial District the race promises to be one of unusual interest and prominence.

The solicitor's place is one of great importance; and the concern of the average voter is that the one elected should possess those qualities of fearlessness, vigor, and uprightness which will insure the public an able protection against the rising tide of crime.

James Best, who has announced his candidacy for Solicitor, is 38 years old with 14 years of successful experience at the bar to his credit. He was educated at Trinity, now Duke University, and at the University of North Carolina law school. He left school in 1917 to join the American Expeditionary Force as a private. He rose to the rank of First Lieutenant of Infantry during the war. Following his service record he returned to college to complete his legal education, graduating in 1919.

For seven years after his return from college he practiced in the law firm of Young, Best and Young; and for the past eight years he has practiced alone, building up a large and lucrative practice. During these years he has been appointed three times as Solicitor of the Recorder's Court of Dunn, which has jurisdiction over the two largest townships in Harnett county, including the two towns of Dunn and Erwin consisting of a population of over twelve thousand. His record as Solicitor of this area has been one of unusual vigor and effectiveness.

He has also served as town attorney for the town of Dunn. Attorney Best has always been an active and leading member of the American Legion, serving in recent years as Commander of the Dunn-Erwin post of the Legion. He is also an active layman in the Methodist church of Dunn in which he has been a member all his life.

Attorney Best was recently appointed Commanding Officer with the rank of Captain of the Headquarters Battery of the 113th Field Artillery, known as the Dunn Battery.

He married Madril Hood whose father, D. H. Hood, was reared in Johnston county; and in this county the Bests have many friends and relatives.

His father, Attorney L. J. Best, was a former resident of Wayne and the younger Best is well connected in that county also. He is a nephew of M. J. Best, who for more than forty years as a prominent business man and banker, of Goldsboro, now deceased; and also of M. T. and M. E. Best of Wayne county, now living.

The personal and professional record of Attorney James Best bids fair to be rewarded by the District at the Primary in May, for in him the voters are most likely to see a worthy successor to Clawson Williams.

Mr. Best's personal announcement is as follows: "To the Democratic Voters of the Fourth Judicial District: "For the first time in my life I am announcing my candidacy for a public office. It has been my ambition for several years to serve the people of the Fourth Judicial District as Solicitor. If nominated and elected to this honorable position I will give the best that is in me to the performance of the duties of the office and to the fair and impartial enforcement of all the laws of the State of North Carolina."

Respectfully, JAMES BEST.

Mr. Seabrook Jones was in Charlotte Tuesday on business. Mrs. B. C. Kelly, of Jonesboro Route 2, who underwent an operation at the Charlotte Sanatorium has returned home, much improved.

McKimmion Fund

Explanation of McKimmion Fund Given by Leading Club Woman of County.

The following article is an explanation of the Jane S. McKimmion Loan Fund. This explanation was given at the last meeting of the Lee County Council of Home Demonstration clubs by Mrs. S. V. Stevens of Broadway, who is the district chairman. This information which was taken in part from the 1934 Club Year Book, will be of especial interest to all rural people.

Everyone whose privilege it has been to meet Mrs. Jane S. McKimmion whether privately or publicly, knows that there is not a finer person anywhere for the position which she fills as State president. Her magnetic personality her love for and faith in her work and the unselfish spirit she shows toward her fellowman at once make a lasting impression upon all with whom she is associated. A number of demonstration club would surely think of her as being the embodiment of the four parts of the club motto, namely, character, courage, culture and citizenship. Her strong yet lovable "character," her "courage" which has enabled her to carry on in spite of handicaps on all sides; and her "culture" which is always evident, all seem to be applicable to her. The last, her "citizenship," alone would make North Carolinians have a tender feeling for her. She is a native of North Carolina, having been born and reared here. One has only to see her stand before a crowd and lead whole-heartedly in the singing of the "Old North State," to know how deeply she loves the State.

While everyone appreciates the good qualities of this woman, the county agents who are so closely associated with her probably know and love her better than anyone else. As a tribute of their love and affection for Mrs. McKimmion the County Home Demonstration Agents of North Carolina started a loan fund in 1927 to be called the Jane S. McKimmion Loan Fund. This fund was to be used to help rural girls get college training in their studies in Home Economics.

In 1928 the North Carolina Federation of Home Demonstration Clubs voted to contribute \$50 annually to promote this fund. In 1929 the Home Agents Association and the Federation of Home Demonstration Clubs

joined their efforts to promote the fund. The value of the fund in 1932 was \$2952.00.

Money is loaned without interest while the student is in an A grade college, provided the loan is repaid within two years after the girl leaves school. Otherwise interest at 6 per cent is charged from the date of the note.

All applicants for loans must be rural residents of North Carolina who are able to present sufficient credits from an accredited high school. Loans are for students in North Carolina colleges only and preference will be given to 4-H Club girls.

There are at present 5 girls in school. They are from Catawba, Alamance, Martin, Duplin and Pamlico counties. Two girls have graduated and are repaying their loans.

This completes the fourth year of the fund and it is now valued at \$3884.34.

At the last meeting of the Lee County Council a pledge was made to support this fund.

Mesdames R. M. Williams, T. A. Riddle, D. L. St. Clair and J. P. Monroe spent Thursday with Mrs. George Gilliam, Miss Fannie Gilliam and Mrs. Carter out in the Pocket. They have as their guests Mrs. Robena McRae, of Guilf, and Mrs. David Gilliam, of Abbeville, S. C., who are spending some time with them.

Mr. and Mrs. Phil Buchanan have returned from their wedding trip and are living on Endor Street.

Mr. Edwin Harrington, of Fayetteville, spent the week end with his mother.
