CANCER (June 21 - July 22) Though you've been feeling a bit pushy and argumentative, you'd be a lot better off trusting your intuition instead of trying to analyze everything. You won't see eye to eye with co-workers, but at home it will all be heart to heart.

LEO (July 22 - August 22) You're going to a party where anything could happen, and something probably will. Since you love to be the life of the party go ahead and induley yourself. Take some time out from your puzzle-solving and have some fun.

VIRGO (August 23 - September 22) Now you're learning that you were right to keep your expectations high. Closeness and consultation with family members is bringing results that are even better than you thought. The season of memory finds you remembering all sorts of wonderful things.
