AMERICAN HEROES

by WOODY COWAN

PIERRE, South Dakota, can be proud of Lt. Robert Pershing Williams. Decorated with the Navy Cross and the Distinguished Flying Cross, Lt. Williams, spotting a German sub while piloting a Navy Torpedo Bomber in the Atlantic, attacked the enemy without supporting fighter planes. He released four depth charges, all of which exploded close, sinking the sub and throwing enemy personnel into the water. For his heroism and extraordinary achievement Lt. Williams received the Gold Star. War Bonds buy depth charges for such heroic service.

U. S. Treasury Department

So the city folks have done it!

Well, watch our speed!

WORD comes from Washington that the fat-salvage problem has got to be licked in the small cities, the towns and on the farms.

We women have to save enough used fats in our kitchens to help make munitions, medicines, fabrics, soap for military and civilian use, and many other essentials.

The job, to date, has been done largely by city people, because arrangements for collecting the fats were made in the cities first. Now we're called on. And will we meet our goal? Just watch our speed!

HOW TO DO IT: Scrape broiler and roasting pans, skim soups and gravies. Melt down meat trimmings and table scraps. Add the liquid fat to your salvage can. Take the can to your butcher when full. He will give you two red points and up to four cents for every pound. If you have any difficulty, call your County Agent. This message has been approved by WFA and OPA and paid for by Industry.

100,000,000 More Pounds of Used Fats Are Needed This Year!
