Cure Rate Good Among Women Cancer Patients

Dreaded Disease Must Be Detected In Time; Figures On Cases Given

The importance of early diagnosis and treatment of cancer is evident in the following table compiled by the American Cancer Society, officials of the Society pointed out today. The table illustrates what the five-year cure rate for these types of cancer may be under the conditions of early moderately advanced, and late treatment.

Table with 4 columns: Organ, Early, Moderately Advanced, Late. Rows include Skin, Breast, Uterus, Body, Cervix, Lip.

Cancer is a local disease at the start, it was stated. Successful treatment depends upon the patient's presenting himself when the cancer can be completely removed by radiation or surgery.

With improved surgical technique, the development of more powerful x-ray machines, and a wider and more scientific use of radium, the field of treatment has been materially enlarged and much can be done to help the advanced cancer patient as well.

According to the most recent figures from the U. S. Bureau of the Census, 17,152 women died from uterine cancer and 18,379 from breast cancer in 1944. There were 5,379 deaths from cancer of the mouth and throat, and 3,387 deaths from skin cancer.

Resolutions Of Respect

In memory of Brother Muncy Steadham who died April 9, 1947. "Leaves have their time to fall, and flowers to wither at the north wind's cold blast; but thou, oh Death! hath all seasons for thine own."

Once again a Brother Mason, having completed the designs written for him on life's trestle board, has passed through the portals of Eternity and entered the Grand Lodge of the New Jerusalem, and hath received as his reward, the white stone with the new name written thereon.

And Whereas, the all-wise and merciful Master of the Universe has called from labor to refreshment, our beloved and respected brother, and he having been a true and faithful member of our beloved Order, therefore be it resolved, that Sparta Lodge, No. 423 Ancient, Free and Accepted Masons, of Sparta, N. C., in testimony of its loss, tenders the family of our deceased Member sincere condolence in their deep affliction and that a copy of these resolutions be sent to the family.

E. J. Pugh, Chairman; D. T. Bryan, Committee
