

Your Tri-County Health Dept.

By Robert E. King, Jr.
District Health Officer

On Friday May 23, several members of the District Health Department attended a meeting of the Western North Carolina Public Health Association at Lake Lure, N. C. This association consists of public health workers in

29 counties in the mountain section of North Carolina and is a part of the North Carolina Public Health Assoc. which serves the entire state but meets only once a year and is rather unwieldy because of its large size. The purpose of the smaller district association is to improve public health service in our section of the state as the approach to our problems differs from that in other geographic areas of the state. It is also true that the Western district will be better represented in state-wide af-

G. I. Privileges Still Continued

Sergeant Francis M. Darcy, commander of the Lenoir army recruiting station today released the information that contrary to popular belief, the educational benefits of the G. I. Bill of Rights did not terminate as of October 6, 1946. "Many people are of the opinion," said Sergeant Darcy, "that the benefits provided under the G. I. Bill of Rights terminated as of October, 1946. This is not true."

"According to the Amended Serviceman's Readjustment Act," he said, "any man who enlists or reenlists in the regular army after October 6, 1946, and served 90 days of that enlistment is entitled to one year of schooling, plus one month of schooling for each month of service, completed prior to the date of the termination of the war."

"In view of these extended privileges and the opportunities available in our peacetime army today," continued Sgt. Darcy, "it is expected that enlistments will continue at a high rate in the western section of North Carolina."

Those interested may see an army recruiter at the local post office each Monday 8:00 a. m. to 12:00 noon, or at the post office, Lenoir, every day.

County Boys In Shearing Finals

A sheep shearing school conducted by Ed Warner of the Sunbeam Cooperation of Chicago, was held in the county last week when about 25, 4-H Club Boys from five counties attended the school. On Thursday a shearing contest for 4-H Club Boys was held at the Upper Mountain Experiment Station at Transou. Twelve boys entered the preliminary contest. The four high scor-

ing boys then sheared in the final contest. Orville Hendrix, of Laurel Springs; and Cary Caudill, of Whitehead were among the four boys for the finals. In the finals Cary Caudill placed first, Sam Swindell of Pamlico county placed second, and Orville Hendrix third. The two winning first and second places are entitled to a free trip to the International Live Stock Show which will be held in Chicago in December where they will compete in another shearing contest with boys from other states.

In the contest the boys were judged by the following points: time, absence of second cuts in the wool, absence of cuts on the sheep, technique in handling sheep, appearance of shorn sheep and condition of fleece.

Mr. Swindell who placed second was on the team that sheared in Chicago last year and placed sixth in the contest.

According to the National Fire Protection Association, farm fires destroy approximately \$90,000,000 worth of property each year.
