Menu Maker's Mainstay—Home Canned Green Beans

—Photo courtesy Ball Bros. Co.

Green beans are a nourishing food you can have in plentiful supply for your family by canning them in your own kitchen. Select fresh beans and be sure to wash them thoroughly before the pods are broken or cut. The short fuzz or nap on the pods holds dust and possibly bacteria, yeasts or moulds which may cause spoilage. After

washing the beans, string, and break or cut them into two-inch pieces. Boil five minutes and pack into hot Ball jars. Add one teaspoon salt to each quart. Cover with water in which the beans were cooked. Process beans with small, young pods 35 minutes and those with large pods 55 minutes at ten pounds pressure.

The Smiths were from Cherry Point. This being both families' first trip in the N. C. mountains, they said the scenery was beautiful, especially the view from the Scenic Parkway. They said it was the most wonderful view they had ever seen and the trip would be long remembered, and they hoped to repeat it sometime. The Smiths were natives of Texas and the Kornegays were natives of Craven county in this state. The Shepherds met them while they lived at Cherry Point.
