Fresh and frozen fish will continue to be good buys for budget meals for the next few months, the Bureau of Agricultural Economics, U. S. Department of Agriculture, suggests in its recent report on the national food situation.

**State's 4-H Club Members To Observe Achievement Week**

North Carolina's approximately 100,000 4-H Club members will observe National 4-H Achievement Week November 1-9, according to L. R. Harrill, State 4-H Club leader for the State College Extension Service.

The theme for this year's activities, which has been the aim of these rural youth throughout the year, will be "Working Together for a Better Home and World Community." The results of efforts in carrying out this theme will be highlighted during National 4-H Club Week. Locally 4-H Clubs throughout North Carolina have done outstanding work in the projects they have carried out this year.

Many of the boys and girls who are recognized as project winners at the County Achievement Day programs will be selected as state winners. The selection will be held at the State 4-H Club Week, which will be held at the Statesville Hotel, Statesville, N. C., November 1-9.

U. S. Navy recruiter, Chief Petty Officer C. C. Roberts will be at the Sparta post office next week on Monday and Tuesday and will continue to be there on Mondays for the following weeks, it was learned this week.

Anyone desiring to see him may contact him there.

Production of eggs on North Carolina farms totaled 73 million during August.

**FLASH FLOOD AT GALAX, VA., SAT.**

(Continued from Page 1)  
ly lumber from the yards of furniture factories, which line one bank of the creek, accounting for a big portion of the financial loss. Motors and a boiler room were put out of action at one lumber kiln. The Carnation Milk Company, where water reached the boiler room and the machine shop, was the hardest hit. A plant official said it would be several days before the Carnation plant could be put back in operation, and that a large quantity of milk now on hand probably would spoil before it could be canned. However, five tank trailers were hauling milk to other plants.

The flood knocked out the town's pumping system and for several hours yesterday after-

1 **GIVE NEWS** and **FACTS** IN COPY

2 **ADVERTISE REGULARLY**

3 **BUY SPACE CAREFULLY**

**Three Simple Rules for Profitable NEWSPAPER ADVERTISING**

1. Make your advertising copy easy to read, friendly and informative. People read newspapers for the news. Give them facts and news about your merchandise and services.
2. Advertise regularly. Do what successful salesmen do—call on customers and prospects consistently.
3. Protect your advertising investment by insisting on audited circulation reports that tell you just what circulation you get for your money. "Guesswork is wasteful."

establish and maintain definite standards of circulation, audit the circulation records of the publisher members and report this verified information to advertisers.

Annually, one of the Bureau's large staff of trained auditors makes a thorough audit of our circulation. The verified facts and figures thus obtained are issued in an official A. B. C. report.

Our A. B. C. report tells how much circulation we have, where the circulation goes, how it was obtained, how much people pay for it and many other facts that you should know when you buy newspaper advertising. Thus when you advertise in this newspaper your investment is in known and verified values.

**The Alleghany News**

This newspaper is a member of the Audit Bureau of Circulations. Ask for a copy of our latest A. B. C. report giving audited facts and figures about our circulation.

**A. B. C. = AUDIT BUREAU OF CIRCULATIONS = FACTS AS A MEASURE OF ADVERTISING VALUE**
