Make the Home a Gift—a Present of a New "Buck's" Range.

You like good, practical gifts, don't you? Of course you do, and so do your friends and relatives. Could you possibly select for the wife a gift that would be more practical, be a more constant reminder of the giver's goodness than the very finest range in America? Indeed not!

Then why not make the wife—the home, this gift, a fine new Buck's range? How will it please her, its ease of operation, its perfect baking and cooking qualities, and its beauty and its economy of operation will prove a source of pleasure both to you and her.

There is no stove or range made to compare with "Buck's", we know it because for over 50 years they have proven such, the best for every purpose.

Then why not make the home a present of an elegant "Buck's"?
