There is an old negro saying that "When the devil is in a woman, she always speaks the truth." It is a pity that some of our female acquain-tances had not some of this kind of devil in them.

PAPER FROM BAGASSE.

Great Results Claimed for a Trinidad Invention.

Consul-General Richard Guenther, of Frankfort, furnishes the following in-formation, published in a German journal, concerning the invention of a Trinidad planter for the manufacture of paper from supergrape haracture

Trinidad planter for the manufacture of paper from sugar-cane bagasse:

For a long time-the bagasse had been experimented with in order to make cellulose out of it for paper manufacturing, but without success. It is now reported that a Trinidad sugar planter has, after several years of experiments artised at the con-MUST BE SIGNED.

Sugar planter has, after several years of experiments, arrived at the conclusion that a superior article of paper can be made from the bagasse of sugar-cane, as also of the bagasse of other plants of that district. It is stated that he has erected paper works in connection with his sugar factory at an expense of \$85,000.

factory at an expense of \$85,000.

The bagasse, after having been three times ground and pressed in sugar presses, is carried, automatically, to the paper mill and is there treated by a process of the inventor. It is then bedjed for several hours, passed the early rotating millstones, put into the usual machines for manufacturing paper pulp, and afterwards out up under hydraulic pressure.
