

STILL ON STAND

Glavis Still Undergoing His Cross Examination.

VERTREES NOT PLEASD

An Attempt Will Be Made to Impugn His Character With Adolph Behrens, of Seattle, Who It Is Expected Will Deny a Part of His Story.

Washington, Feb. 18.—That Attorney Vertrees, representing Secretary Ballinger, will make an attempt to impugn the testimony of Louis E. Glavis...

The cross-examination of Glavis was resumed as to his statement that Secretary Ballinger when Land Commissioner had changed the regulations affecting coal entries in Alaska.

Continuing, Glavis said he had told of these changes made by Ballinger to allow the committee to judge whether they were good or bad.

THE MILITIA IN CHARGE

State Troops Guard County Jail in Cairo, Illinois, to Prevent the Lynching of Two Negroes Charged With Purse Snatching—Lynching Was Folly by the Sheriff.

Springfield, Ill., Feb. 18.—Upon receipt of information today that more mobs are forming in Cairo and desperate characters are congregating across the river with the avowed purpose of wreaking vengeance on the negroes of Cairo under cover of darkness...

A special car on the Illinois Traction system was secured and the adjutant general and his assistant left at 10:40 a. m. for East St. Louis where a special train will be in readiness to carry them to Cairo.

Following a conference with Adjutant General S. M. Dixon, Governor Deneen decided to call out more troops. An order to prepare for immediate action was issued to Captain William Austin of Company G, Fourth Infantry, stationed at Effingham, Ill.

Company G left Effingham on a special train bound for Cairo early today. Governor Deneen's order followed a repeated request from Sheriff Nellis, who informed him he had sworn in and deputized twenty men, but that they were unable to cope with the situation.

THE GEM TONIGHT

The feature picture at the Gem this evening will be Bernard Palley inventor of Cermanic Art in France 1510-1588, historical hand-colored. This picture has been a drawing card whenever shown and no doubt a large crowd will be eager to see it tonight.

The different banks of the city will be closed on Tuesday, February 22, on account of Washington's birthday. Patrons will take notice and govern themselves accordingly.

After having examined the courthouse thoroughly, we find it inadequate in every particular, and we recommend the provision of a suitable building for the needs of the business of Beaufort county.

WHO ARE TO BE

The Census Bureau's Instructions to Enumerators

SERVANTS PART OF FAMILY

The Bureau Issues Instructions to Enumerators as to Their Duties in Taking List—Census Day Has Been Scheduled For April 15 next—Who Are to Enumerate.

Washington, D. C., Feb. 18.—The explicit and lengthy printed instructions to the census enumerators, which have been prepared by the United States Census Bureau, give a clear idea of the character of the answers expected from the people of the United States with regard to the questions in the population schedule to be carried in the Decennial Census April 15 next.

The census law provides that all persons shall be enumerated at their "usual place of abode" on April 15. This means the place where they may be said to live or belong or the place which is their home.

There will be a number of persons having the usual places of abode in enumeration districts who will be absent April 15. These are to be included and enumerated after the facts regarding them have been obtained from their families, relatives, acquaintances, or other persons able to give the information.

The Census Bureau states that there will be, on the other hand, a certain number of persons present and perhaps lodging and sleeping in districts at the time of the enumeration who do not have their usual places of abode there.

ORCHESTRA

TYPHOID CHARGES

Paxton Says he Has Evidence Against Dr. Hyde

TYPHOID FOR THE SWOPE'S

Attorney for Heirs of the Millionaire Openly Alleges That He Has Testimony Tending to Show That Germs Were Administered—Hearing Continued For One Week.

Kansas City, Mo., Feb. 18.—To the other accusation made against Dr. B. C. Hyde was added today the formal statement that evidence had been found tending to prove that he had inoculated members of the Swope family with typhoid bacilli.

His Motion Denied. Velled charges against Dr. Hyde in connection with the death of Christian Swope and the alleged poisoning of Miss Margaret Swope had been frequently made, but the charge that the physician communicated typhoid bacilli to members of the family had never been made openly before.

The typhoid epidemic in the Swope home is the most mysterious feature of the case. No one has ever successfully explained the origin of the disease; yet eight persons in the home were stricken by typhoid fever between December 1 and December 22, 1909.

Judge Powell, of the circuit court at Independence, Mo., overruled the motion filed by Dr. Hyde.

AGRICULTURAL FAIR

The Committee on Proposed Fair Makes Report

SHOULD SOLICIT STOCK

The Prospects For an Agricultural Fair For Washington Are Brighter—Another Citizen Takes Stock and In Addition Will Offer \$100 in Prizes—Citizens Should AIG.

The Chamber of Commerce held its regular meeting last evening. The committee on the Agricultural Fair submitted a report as follows: "The committee begs leave to report that they have investigated the law and find it requires an organization of not less than ten people subscribing not less than \$100.

"We further report that we think it necessary to have a subscription of not less than 1,500 to successfully begin operations, and would suggest that as much as \$5,000 be secured if possible.

Dr. I. M. Hardy says that nothing would tend to bring up a town more than its support from a progressive agricultural community, and he felt all would do their part towards this agricultural fair.

Now don't leave everything for the other fellow, do part of the work yourself, and by all means subscribe liberally to Washington's agricultural fair.

ICEBERG SINKS HER

Steamer Yucatan a Total Loss in Alaskan Waters

65 PASSENGERS ARE SAVED

Landed in Boats, They Encamp on an Island Waiting For a Rescue Ship—The Accident Due to a Heavy Snow—The Indians Refuse to Lend Aid to Castaways.

Juneau, Alaska, Feb. 18.—The steamship Yucatan, of the Alaska Steamship Company, which, as a yacht, was used last summer by Geo. W. Perkins, of New York, while found from Valdez to Seattle with 65 passengers struck an iceberg in Icy Strait yesterday and sank within 18 minutes in 6 fathoms of water.

The Yucatan was bound for Gypsum, on Chicago Island to take on a cargo of gypsum. When Icy Strait was reached the water was smooth, but there were great fields of ice. Snow was falling so heavily that it was impossible to see far ahead.

Presently an iceberg loomed up ahead, and the steamship rammed it, tearing a great hole in her side. Full steam ahead was ordered, and the Yucatan was beached on Chicago Island. The boats were lowered, and all on board were taken ashore without mishap or confusion.

Soon after the crew had landed Capt. Johnson, First Mate Gustafson and four sailors put off in a lifeboat to seek aid. After rowing fifteen miles they sighted the fishing schooner Alexandria. Capt. Johnson and the sailors turned back to the island in the lifeboat, while Capt. Raymond Jaeger, of the schooner, and Mate Gustafson set out for Juneau in a gasoline launch, which later broke down.

STILL FIGHTING

The Socialist Are Still Defying The Police of Germany

CHANCELLOR ALARMED

Hand-to-Hand Conflicts Marks the Rioting in Germany Over Franchise Reform—Belief Growing the Chancellor Will Be Swept From Power—Women Take Part.

Berlin, Feb. 19.—Hand-to-hand fighting between the social-democrats and the police at Frankfurt-on-the-Main marked the riot that began last night and raged until early this a. m. Dispatches received today placed the number of injured at at least 100.

Details of the fighting at Frankfurt received today show the struggle was the most bitter and serious of all that have arisen from the electoral question. The police were unable to cope with it and had to call on the troops for aid.

Again and again the police and military charged the mobs in the face of storms of missiles, and the blows of cudgels. Showers of pepper were hurled in the faces of the troops and from the tops of buildings manifestants cast bricks and everything else they could lay their hands on into the ranks.

The most ferocious fighters of the radicals were the women. One girl, waving a red flag, stood at the forefront of a group of rioters which fought back a detachment of police for half an hour at one of the city's principal corners.
