### THURSDAY, JUNE 23, 1910.

Parties leaving town should not fall to let the News follow them daily with the news of Washington fresh and crisp. It will prove a valuable companion, reading to you like a letter from home. Those at the sea-shore or mountains will find The News a most welcome and interesting visitor.

All articles sent to The News for publication must be signed by the writer, otherwise they will not be published.

#### HOW TO LIVE CHEAPLY.

Substitute comfort for show. Put convenience in the place of fashion. Study simplicity. Refuse to be be-guiled into a style of living above what is required by your position in society and is justified by your re sources. Set a fashion of simplicity sources. Set a fashion of simplicity, neatness, prudence and inexpensive-ness, which others will be glad to fol-low and thank you for introducing. Teach yourself to do without a thou-sand and one pretty and showy things which wealthy people purchase, and pride yourself on being just as hap-pry without them as your rich pages. pride yourself on being just as hap-py without them as your rich neigh-bors are with them. Put so much dignity, sincerity, kindess, virtue and love into your simple and inexpensive home that its members will never miss the costly flipperies and showy adornments of fashion, and be hap-pler in the cozy and comfortable apartments than most of our wealthy neighbors are in their splendid apart-ments.

#### NEWSPAPER BUSINESS.

It is the business of a newspaper It is the business of a newspaper man to moot the city for all it is worth month after month and then see \$100 worth of printing go out of the city because 10 cents can be saved by so doing. It is the business of the newspaper to give every local enterprise enthusiastic and frequent "sendoffs," and then catch shoel because he failed to record the shoel because he failed to record the shoel because he failed to record the same and "sendoffs," and then catch shoel because he failed to record the fact that
some prominent citizen has had his
delivery wagon painted. To subscribe
liberally to every public, charitable
and church enterprise, advertise
them for nothing, pay his own way
to everything and then he called prejudiced and mean spirited because a
column is not devoted to that particular affair. Do you wonder that
there are so many cranks in the
newspaper business? It is bound to
make either a crank or a philosophes
out of a man.

## GOVERNMENT BY MONEY.

It cost Joseph C. Sibley \$40,698.83 to win the Republican nomisation for Congress in the Twentyeighth District of Pennsylvania. Mr.
Sibley received 10,446 votes at the
primaries, and each vote represented
an expenditure of nearly \$4. As his
plurality was only 685 it is fair to say
shat his nomination was brought
about by the sheer power of money.

At the primaries in the Thirtieth
District of Pennsylvania John Dalzell spent \$9,200, most of which was
contributed by manufacturers. The
combined expenditures of Sibley and
Daizell in these two districts were
nearly \$50,000. Their combined
salaries as Representatives in Congress for two years will be only \$30,000. Their nominations, therefore,
cost almost \$20,000 more than the
emoluments of their office, exclusive
of mileage and stationery allowances.

## LOAFERS.

The loafers are a pretty slick set of fellows. They generally loaf around those who do not advertise, and as a consequence they are not disturbed much by customers. The loafers understand their business better than some merchants

## THE PUBLICITY BIEL.

One of the measures before Congress which we were told in yester-day's despatches, stands some chance serious consideration is that which provides for the publicity of cam-paign contribution. Such publicity is to take place, also, before election.

For years the Democrats have been urging the passage of such a law, which is destined to curtail the cor-

It will be recalled that during the

Even Mr. Roosevelt, the arch Puritan, was not averse to accepting funds from the "malefactors of great wealth." It will be Femenhared that while he was thundering his maledictions against Judge Parker, who had charged that the trusts were contributing freely to his election, and at the very time he was ranting up and down the country denouncing the unspeakable trusts, he wrote a letter to "My Dear Habriman," asking for \$350,000 for the campaign in
