

AND THE TONG WAR

On Leong Hill 2 Four Brothers in Short, Hot Fight.

BILL HODGINS ENDS BATTLE

Leads a Charge on the Shooting Chinatown—Police Take Several Prisoners and Confiscate Eight Revolvers—Four Brothers Killed, But Loss Two 'Guns'.

New York, June 28.—The war of the tong in Chinatown was renewed at 4 o'clock yesterday afternoon, and three Chinamen, one of whom is dead and another dying at the Hudson street hospital, were shot during the battle into the heart of Chinatown.

"Bill" Hodgins of the Elizabeth street police station, led a charge of his men.

The fray was not the work of a skulking "gun man" with a long score, but an organized war on Hill street, the district assigned to the Four Brothers, by a band of the On Leong members from Hudson street, the district assigned to the Four Brothers.

See Jim, the leader of a gang of about 20 men, was the first to fall. Two bullets hit him, one in the back and one in the abdomen.

Just at 4 o'clock Captain Hodgins heard a bunch of hysterical people begin to pop at the corner of Hill and Pell.

From both directions on Mott street came On Leong men, headed for Pell.

As the On Leong men swept around the corner into Pell street the Four Brothers' bullets rained to meet them.

The fighting lasted less than ten minutes. Within another ten minutes Captain Hodgins had put the reserves from the Elizabeth street, Oak street and Florida street stations into Chinatown and had called two ambulances from Hudson street hospital.

Police from Three Stations. The fighting lasted less than ten minutes. Within another ten minutes Captain Hodgins had put the reserves from the Elizabeth street, Oak street and Florida street stations into Chinatown and had called two ambulances from Hudson street hospital.

When the first excitement was over Captain Hodgins' charge on the warriors became the principal topic of discussion in the district.

Chinatown Closed to Visitors. Captain Hodgins shut Chinatown to visitors last night. Pell street was barred even to Chinamen and the eastern side of Mott street, for a square below Pell, was forbidden territory.

Chinatown recovers quickly from the shooting. The police of the Elizabeth street station had eight five revolvers as souvenirs of the shooting.

ONE YEAR OLD ON JULY 4

Zetzelin Will Have Two Celebrations Next Monday.

New York, June 28.—Joseph Zetzelin of No. 124 Lexington Avenue, Brooklyn, will celebrate the fourth of July and his one hundred and sixth birthday together.

Zetzelin was born in Loda, Russian Poland, in 1854. He came to this country twenty years ago, but has failed to master the English language.

WARNING

Send Only Good Men to Legislature and Have Our State Prohibition Law From Repeat.

Baltimore, June 28.—Recently the people of Baltimore were highly instructed and entertained by a lecture of wit, humor, pathos and sound common sense, delivered by the "Georgia Cyclone"—a layman evangelist, editor, poet and "house fighter," an unusual type.

Perhaps many have read of "Harriet Willis," the invalid boy, who lay on his back for seven long years, and all the time was the earnest youthful editor of the paper then called The Sunny South.

His subject was John's Hat. His theme, Citizenship. Of course every one was anxious to know what was under John's hat. It proved to be a full-fledged blither with patriotic blarney, informed head and a pure and fearless life.

PREACHER BELONGS TO BARTENDERS' UNION.

The Rev. Wallace M. Short, pastor of the First Congregational Church, one of the largest and most aristocratic churches of Sioux City, Iowa, has caused a sensation by refusing to take part in a joint prohibition crusade started by the churches of Sioux City.

The Rev. Short says he doesn't believe in prohibition. He says that he has "with a definite and friendly purpose, sought to increase my acquaintance among the men who are engaged in the liquor business." Rev. Short capped the climax when he joined the bartenders' union. He is a regular attendant upon their meetings, so far as his duties will allow.

Booth Says Graham Should Be Corporation Commissioner—The West Will Be Represented by H. C. Brown.

Oxford, N. C., June 27, 1910. Mr. Editor.—Replying further to the criticisms of Judge Graham by friends of Mr. Lee who seem to base their candidate's claim entirely upon geographical lines, I think I have satisfied all reasonable men that the West would be well represented on the Corporation Commission by the person of Mr. H. C. Brown, of Surry county.

Now as to capacity as a public servant, and especially as a legislator, we would be glad for Mr. Lee's friends to explain his position on several public questions. First, I see from the files of the News and Observer, March 5 and 6, 1909, that the bill to establish inspection of oil in this State, and prevent imposition of adulterated oil, upon our people, was introduced by Hon. R. L. Doughton, of Alleghany, and strenuously opposed by Mr. W. T. Lee, of Haywood, both before the Committee and on the floor of the house. He said, among other things, "it would be of no practical benefit, but would breed a horde of office holders, appointed by one man, who would unduly pry into the business of the merchants, would cripple or drive out all the independent companies and raise the price of oil to the consumer."

The attorneys for the independent companies, Representative Lee, and Mr. J. H. Post, attorney for the Standard Oil Company, all oppose the bill, but Judge Graham and fifty-nine other Democrats voted for the bill, while Mr. Lee and fourteen other Democrats and sixteen Republicans voted against it.

What has been the result? Only ten inspectors have been appointed, one from each congressional district, by the member of the Board of Agriculture from that district. The quality of oil has vastly improved; the price of oil has decreased 1 1/2 cents per gallon; the number of independent oil companies in the State has increased from four to fifteen; and the State has received in eleven months, since the law went into operation, \$22,500 over and above all expenses of executing the law, as will be shown by the books in the office of Hon. B. E. Lacy, State Treasurer.

Judge Graham voted Aye, Mr. Lee voted No.

FINE INSTRUMENT

Recital Will Be Given by Prof. Freeman—He Writes That Organ is the Finest South of Norfolk.

The work is progressing rapidly on the pipe organ now being installed at the First Methodist Church. It is the expectation of the organ committee that the instrument will be completed by Sunday week and the recital will be given some time the week following by Prof. Freeman, organist of the St. James Episcopal Church, Washington, D. C., who drew the plans and specifications of the organ now being installed.

Prof. Freeman has visited the factory several times and writes here that the instrument was one of the finest, both as to tone and workmanship, south of Norfolk.

As soon as the organ is completed a recital will be made by this well known artist to which everybody in the city will have a cordial invitation.

The Victor an Educator Schools All Over United States Are Buying Victors.

In the Berkeley (Cal.) Gazette, where the Victor is used in the public schools, Victorine Hartley, supervisor of music, writes:

"The question has been asked, 'What is the value of the Victor in the schoolroom?' Until one understands the work in school music of today the value of the Victor cannot be fully appreciated. (1) Good records give the children something worth while to think about, feel and live with. (2) It acquaints them with the world's greatest artists, the great composers and their compositions. (3) It trains the ear, makes good listeners, and therefore gives them both mind and body. (4) It saves time. (5) It lifts children to a higher moral and mental atmosphere. (6) It is the music course of the Berkeley school we try to have the children bear and sing only the best compositions. Imagine girls and boys listening to the 'Gestet from Lucia' as sung by the famous soprano, Emma Eames, Journet and Daddi in their matchless voice, and really learning to know each voice."

"In the seventh and eighth grades 'we dip' into orchestration. What does the instrument mean to a person who has never seen or never heard one? With the Victor there are excellent records of orchestras and bands. Besides the individual instrument of flute, cello, violin, trombone and piccolo reproducing the exquisite quality of each.

"In the upper grades we try to acquaint the children with song forms. Splendid records these—hymns, ballads, folk songs, national songs and excerpts from opera and oratorio can be purchased at reasonable prices. Patriotic singing 'The Last Rose of Summer,' 'Melba,' 'Ye Banks and Braes of Bonnie Doon'; Plancon, 'The Call of Gold'; De Goroza, 'Drink to Me Only With Thine Eyes'; Williams, 'All Thro' the Night,' would be invaluable to our children.

"We want all the children to know the great artists of voice and instrument. We want them to know Bach, Handel, Beethoven, Mendelssohn, Schubert, Schumann, and others. We want them to know 'The Messiah,' 'The Spring Song,' 'The Earl King,' and other classics. How can we accomplish this better than by the use of the Victor Talking Machine?"

With the Victor in your home, you can accomplish even more than these schools, besides giving you and family daily amusement and pleasure. We are arranging for a 10-day demonstration at our store and we want every family in town and country to call and hear the world's greatest artists. We will have on exhibition machines from \$10 to \$200. These machines will be offered on terms to suit buyer. Families wishing to hear them in their homes, if they will let us know, we will be glad to lend you one with 24 records of your own selection.

Yours respectfully, RUSSELL BROS., The Talking Machine Dealers.

ODDS FAVOR IN RENO

Confidence in Johnson and Betting is 10 to 7.

FIGURES HAD BEEN 2 TO 1

Training Today by Both men

Principals—Already Reno is filling up, and Kren Lofte have been Corralled—Odds on Jeffries' Fall.

Reno, June 28.—Already the tide of strangers has started to flow into this city from all points of the compass. Most of these who are now here are wisecracks who want to make a few days' study of the actual condition of both Jeffries and Johnson before they lay down their money or advise friends at home as to what should be done in the betting line.

Odds on Jeffries' Fall. Johnson's two workouts attracted large audiences. The price, by the way, has gone up in Johnson's favor in the Casino here. It stands about 16 to 7 now. It was 2 to 1 on Jeffries and few takers up in yesterday.

Johnson is wisely working in an open ring in the broiling sunshine. It is good to have his eyes to the glare and will help him in becoming accustomed to the climatic conditions. He says the high altitude has not affected him thus far. His lungs are strong, he says, and they are working normally. His heart action is perfect.

"How do you feel, Jeff?" the big fellow was asked. "Wish the fight was tomorrow," was his significant reply. He is in splendid condition, and I believe with many others that his five years' rest really did him good.

A San Francisco syndicate has corralled all the paint lots or rooms in Reno. The hotels have been able to save for all comers so far, but the syndicate hopes to clean up a pile when the big crowds get in.

The fringed essay, lifted along the river bank this morning, and brought home a fine string of fish at noon. After dinner he retired to his cottage and spent the remainder of the day resting.

Jeffries' last four easy rounds with Al Kaufman and four equally slow sessions with Walter Monahan. He also punched the bag, skipped the ropes and shadow-boxed, but his work lacked snap and ginger, probably because of the great heat.

Both Jeffries and Johnson intend to put in a hard day training tomorrow. Jeffries has told his sparring partners to be ready for a rough session, and has intimated that he will require Corbett's services, as he expects to try his speed with the gloves.

BASEBALL YESTERDAY. Washington Lost to New Bern by the Score of 7 to 2.

The game was full of life and looked good for Washington up to the eighth inning when the New Bern boys connected safely for four hits and won the game. Both sides played good ball and several good pegs were pulled off. Washington's pitcher worked well except the fatal eighth inning. Everything was in his favor. The New Bern boys also played a good game. Both teams play here today and a large crowd is expected. The features of the game was the playing of Harker and Thomas of New Bern, and pitching of the Indian for Washington.

Washington 5 6 4 New Bern 7 8 4 Umpire, Mr. Maxwell. The Bloomer Girls play the Washington team here Saturday. Everybody be sure to come out and see the game and help the boys.
