

GIVEN RECEPTION

Elaborate Levee Planned for Jack Johnson.

THOUSANDS OF NEGROES

The Defeated Jeffries Has Arrived at Oakland on His Way to Los Angeles—He Hopes the Stars of His Recent Encounter—He Will Be Side on His Behalf.

Chicago, July 7.—"Little Africa," which was so notorious Monday night after news of Jack Johnson's victory over Jeffries became known, that twenty-six arrests were made, settled down yesterday and attention was given to plans to present receive the black champion when he arrives here.

Thousands of negroes are expected to join in the reception party.

The Eighth Infantry Band and a squad of the negro National Guards-

men, and the negro, Elmer, will give an official time to the reception. A special touring car will be on hand for Jack and his party and twenty-six automobiles will carry personal friends in a parade from the station to Johnson's home, where his mother will have ready a chicken feast.

"Mother," Tiny Johnson deplored all the riots that have resulted from her son's victory, but said it was all due to an unwillingness on the part of many white persons to let a negro express himself.

"The whites don't like for a black man to be on top," she said, "but Jack's there and his victory will help the entire negro race."

JEFFRIES AT OAKLAND.

Oakland, Cal., July 7.—James J. Jeffries arrived in Oakland this morning in a private car. He was accompanied by his wife, brother and a number of intimate friends. He was taken in an automobile to a hotel and immediately checked himself. He refused to see any visitors, even declining to see personal friends.

Jeffries will leave for Los Angeles tomorrow afternoon, and go to camp to his ranch.

The big fighter bears the scars of his encounter with Johnson. His

WINS SERIES

The Aurora Club Wins All Three Games From Swan Quarter.

Aurora and Swan Quarter played the third and last game of the series at Aurora yesterday afternoon.

Only four innings were played, and the score stood, Aurora, 4; Swan Quarter, 1. Batteries were: Aurora, A. Hooker, Hooker and Thompson; Swan Quarter, Grimm and Swindell. Aurora was credited with six hits and Swan Quarter six hits.

These two clubs have played seven games this season, and Aurora has won all but two.

The contest yesterday was snappy and exciting.

ERECTING STORE

Mr. Thomas Lewis is erecting a two-story brick building on Market street. When completed it will be for rent.

His face is still badly marked, his lips being swollen and cut, and his eye almost closed. Patches of plaster adorn his features and he walked with his low, indicating in every line of his big body a feeling of sadness. His spirit seems to be gone.

SEE DANGER AHEAD

The Open Door Policy Thought to Be Threatened.

SUBJECT CAUSES ALARM

Russia and Japan to Cause New Alignment—Diplomats Believe a Secret Treaty Exists by Which the Two Countries Pledge Themselves to Dominate the East.

London, July 7.—Diplomats conversant with the situation in the Far East see behind the convention between Russia and Japan, announced at St. Petersburg, a new alignment which threatens the existence of the open door.

It is believed that behind the convention there is a secret treaty, by which the countries that a few years ago were at war pledged themselves to dominate the East. The explanation is current and is accepted in semi-official circles. The subject is one of great alarm. It was argued to-day, that Japan will never sign another treaty with England of the same nature as that now existing.

There will also be marked effect on the negotiations between Japan and America over the new treaty. The most immediate effect of the new alignment, which has been in process of formation quietly for several years, will probably be felt in the relations between Great Britain and Japan. One statesman to-day declared that the St. Petersburg treaty struck a blow at the British-Japanese Alliance which would probably prove fatal.

The growing unpopularity of the alliance, not only among Englishmen in the Far East, but at home as well can but be increased by the agreement between Tokio and St. Petersburg, which is regarded as nothing short of a compact for complete domination of the tremendous markets of China and Manchuria.

The long expected formal annexation of Korea by Japan is now regarded as a matter of a short time. The belief here is that the conditions which have been investigating since the peace of Portsmouth will soon become known, starting Europe and America.

Japan's aim to recoup the losses of the war with Russia, which still lay heavy on her people, would not be far from realization were she in a position, by a strong alliance with a power with the same aim, to throw to the winds her regard for the interference of the nations that stand by the open door policy—to which she subscribed.

The negotiations between St. Petersburg and Tokio, which are understood to have been ready for completion when Prince No went to Harbin and was killed by a Korean, are of special significance in view of the fact that Japan is about to renew her treaties with the leading powers. London is watching the situation anxiously, particularly with reference to the negotiations for an immigration treaty between the United States and Japan. This subject is of extreme importance to Great Britain, because of the opposition to Japanese immigration in British Columbia and Australia.

Neither the United States or England seem to take the initiative in the matter, but as the American treaty does not expire till a year after the expiration of that with Great Britain, the advantage seems to lie with Washington.

One outcome of the Japanese-Russian alliance may be a triple alliance between England, the United States and Germany.

To-night the Gaety will present three reels of moving pictures that will long be remembered in Washington, for it is undoubtedly one of the best all-round bills ever presented in a moving picture house. The feature picture is "Othello, the Moor of Venice," beautifully hand colored, one of Pathe's great film d'arts, which is 1,100 feet in length. We know this to be a head liner, and if you miss it you miss a big feature.

The next, "The Sheriff's Sacrifice," is a thrilling Western drama. This is the story of love and self-sacrifice of the eternal triangle, two men and a girl. In its Western setting, full of the fire and vim of the West in the early days, it is especially attractive with its great riding and beautiful scenery.

The next is a good comedy. Performances from 8 to 11 o'clock.

DEMANDS OF UNION

A Big Strike of Garment-Maker Girls Called.

75,000 EMPLOYEES ARE OUT

Ask for Recognition of the Union, Increased Pay and Better Working Conditions—The Call for a General Strike Causes Considerable Alarm. Great Excitement Prevailed.

New York, July 7.—A strike of the 75,000 rous women in the International Ladies Garment Workers' Union was officially called to-day at a meeting of the committee of forty-five.

An order was issued that all the members should walk out at 2 o'clock this afternoon.

Word that the strike had been declared was telephoned to all the 40 sub-headquarters of the union throughout the five boroughs and crowds of the girl workers soon filled these halls. The greatest excitement prevailed in the various shops where the girls were still at work. About 3,000 quit yesterday in advance of the official order when called out by their delegates.

It was stated by the officers of the union that many of the employers were ready to sign the proposed agreements, providing for recognition of the union, increased wages and better working conditions.

These agreements are to be presented to these employers immediately after the strike becomes effective and it is said that many of the girls will return to work to-morrow.

A number of the employers, however, are determined not to grant the demands of the union. Most of this bitter opposition to the union's demands is expected in the Manhattan factory district which the strike committee, for picketing purposes, has divided into seven sections.

COUNTY HOME

Keoper Bright Much Complimented at the Condition of Surroundings.

The County Home is certainly being kept in a condition that is praiseworthy.

Mr. Elias Bright, the keeper, was highly complimented by the members of the recent Grand Jury on the excellent condition they found the home on their recent visit to that institution.

There are at the present time fourteen inmates, ten of whom are white and four colored.

There are at the present time three prisoners confined in the County Jail.

EXPULSION OF JEWS

They Are Still Being Driven from Russia.

REFUGEES CROWD CITIES

Most of Them Feeble and Suffering From Hardships—It is Estimated That Fully 20,000 Men, Women and Children Have Been Torn From Their Homes.

Vienna, July 7.—The Gentile leaders of Vienna, it was learned to-day, have received advices from Russia declaring that the expulsion of Jews from cities without the pale is being pushed with terrible ferocity, the victims receiving brutal treatment at the hands of the Russian authorities.

The Russian government, with a strict censorship, has succeeded in concealing the facts, the truth being obtainable only by courier and cipher letters.

The situation is unprecedented, save on the scenes of five years ago, when the government supervised vast slaughter.

It is estimated here that fully 10,000 men, women and children have been torn from their homes and driven like cattle from the proscribed territory, most of them penniless and subjected to terrific hardships.

The full story of the horrors of this forced exodus may never be known, but Viennese Jews charge that the xpulsion has been responsible, directly or indirectly, for the death of fully twenty men, women and children.

The reports from Kiev are that nearly all the Jews resident there illegally have been forced out, but the expulsion continues at other points in a shocking manner.

The brutality of the authorities at Moscow has aroused the protest of many influential Christians, but the work has continued unabated.

The cities in the Pale are crowded with refugees. One effect of the expulsion is already becoming apparent, in spite of the lack of funds of those driven from their homes, many fleeing with only a handful of their belongings.

The emigration to America is increasing, and it is expected that thousands, stirred by sympathy, will go from the Pale to the United States, besides those who have suffered in the movement of the last few weeks.

LARGE CROWD

Much Gayety at the Atlantic—Encampment at Morehead.

Early on the morning of the 7th of July the Third Regiment of North Carolina Guards will reach Camp Glenn. Several of the officers have been guest of the Atlantic for a few days and have put everything in readiness for the arrival of the Guards.

On Saturday night a military german will be given by Colonel Morton, complimentary of the camp. This german is one of the most attractive features of the encampment, and at least one hundred and fifty couples will participate. The figures will be led by one of the officers.

One of the most delightful balls of the season was given on Wednesday night by Mr. F. H. Barnhardt, of Philadelphia, complimentary to Miss Annie Rogers, of Raleigh. The Mamie C. Daniels left the pier about 11.30 and was crowded with the younger guests of the hotel.

The night was perfect for sailing, and the pleasure of the occasion was very apparent by the peals of laughter that could be heard even above the strains of music. Refreshments were served aboard the boat, and the party sailed for several hours.

Miss Katharine McClung, of Knoxville, Tenn., gave a most delightful surf party Wednesday afternoon. The party left the pier at 4.30 on the Catharine M., the very beautiful sailboat of Mr. John M. Morehead.

Every train is now crowded with guests for the Atlantic. An extremely large crowd is expected this week. Therefore the social functions at the hotel are very numerous and the guests are delightfully entertained.

PAGE NAMED.

Hon. Robert Page, the able Congressman from the Seventh Congressional district, has been unanimously chosen by the Democrats in his district to succeed himself. He made a ringing speech of acceptance.

If a man would wear a lock of his wife's hair over his heart he could steal her jewels and she would think it was tender sentiment.

120 BALLOTS TAKEN AND NO NOMINATION. Special to The Daily News. Edenton, N. C., July 8.—At 2.37 o'clock this afternoon there had been one hundred and twenty ballots taken for Solicitor in the Judicial Convention, which has been in session here since yesterday. On this ballot the vote showed: Simmons, 64; Ehringhaus, 61; Mullan, 40. No nomination is probable very soon. The Daily News is in receipt of information that Mr. E. A. Daniel, one of the candidates for Solicitor, withdrew from the contest last night, leaving the three above gentlemen in the fight. A MISTAKE: Charge of Murder is Laid to the Wrong Man. Elizabeth City, N. C., July 7.—A remarkable case of mistaken identity was discovered here this morning when a negro named Gibbs was tried in justice court in a preliminary trial upon the charge of murdering his wife in this city about five years ago. Gibbs fled from the city as soon as the murder was committed. Several days ago the police were notified that Gibbs had been arrested in Newbern and was being held by the Newbern authorities for the Elizabeth City officials. Chief Thomas went after the negro and brought him here and lodged him in jail. This morning it was discovered that he was not the man at all, although he answered the description and had the same name. The negro proved that he never resided here, and, therefore, he could not have committed the murder here. The negro's boat to his wife in Newbern that he had already killed done wife was responsible for his arrest. AT THE GEM. It would be difficult to conceive a more sweet and engaging story than "Through the Darkness." This Vitagraph production has been presented with much care and attention as to correct details which characterize the work of this well selected stock company. In the Dark Valley—This Kalem picture is a reproduction of the awful Wyoming Valley massacre, so life-like the film makes one feel almost as though they were living over the scenes through which the victims of the massacre passed. When a film carries such an influence one cannot question its strength. Three Queens and a Jack—A bit of comedy that amuses the audience and shows what happens under certain conditions. Fate Against Her—Fate is a Nemesis which confronts most people in some way, though in no two instances the same, and there is always sympathy when one person sees another in the toils. This drama brings out these points clearly, and will arouse thoughts which may lead to sympathy for the unfortunate. Prize drawing to-night. MAKING IMPROVEMENTS. Mrs. Margaret Jarvis is making improvements to her residence on East Main street.
