.day Evening.

Mr. Editor:-Mr. Editor:--Here is a place of posity that an presses my feelings to adot, and i be lieve it does every asking in this city and all other sithes in these United States of Amorica:" A Masser of importance. Let us pause in dur discussions Of woman's right to yote And for a time confider A question less tempte.

No doubt the rights of women Have been ignored by men. No doubt by these same creatures They'll be ignored again.

But that is not the question; What now concerns us nor Sounts politics and punkes Religion to the fore:

That is to say, shall women Take of their hats in church, Or give the meen around them A more easilyst perch? According to the fash one Prevailing most today. The women's giant bouncts Block up the narrow way.

So men cannot get in it. Or even see anead. And soon they will be bitting The broad one that is red.
