

AN EXTENSIVE TRIP

Mr. F. C. Kuyler Home from 200 Mile Motor Ride

WAS GONE FIFTEEN DAYS

WENT ALL THROUGH NEW ENGLAND, CANADA, NEW YORK AND OTHER NORTHERN STATES, VISITED ALL THE IMPORTANT POINTS OF INTEREST.

Mr. Frank C. Kuyler returned Thursday from an extended trip through Canada and points in Pennsylvania, New York, Massachusetts and Maine. He left here on July 19, being absent over a month. While gone Mr. Kuyler motored over two thousand miles, with a party of six gentlemen.

He gives a glowing account of his trip. He first went to Philadelphia where he spent from July 19 to August 9 visiting relatives and friends in the City of Brotherly Love. On August 9 he with a party of six took an automobile trip of over two thousand miles. Leaving Philadelphia the party passed through the State of New Jersey and motored up the Hudson as far as Poughkeepsie; from there they took a westward course to Schenectady through the beautiful Mohawk valley to Utica, Rome, Watertown to Ogdensburg, where they spent two days at the Thousand Islands, one of the most famous summer resorts for tourists in America. The party then crossed to Prescott, Canada, where they took a boat to Quebec. In this Canadian city they spent three days sight seeing and visiting places of interest. Leaving Quebec they came through the State of Maine, along the coast, to North Anson to the Rangely lakes. These lakes are five in number and are 2,500 feet above the level of the sea. From Rangely they motored to Portland and thence to Boston. The party followed the coast line of Maine all the way. From Boston they went to the central portion of Massachusetts stopping at Springfield. From here they visited Hartford and New Haven. The next next run was made down the coast of Long Island Sound to New York, where they crossed to Hudson again, passing through Jersey City, Newark and Trenton, thence to their starting point Philadelphia. They were gone on the trip 17 days, covering two thousand miles in autos. Mr. Kuyler said to a News man, the most striking feature of his trip was that the railroads, run through the poorest part of the country while the automobiles go through the most prosperous. He speaks most bitterly of the mountains of Maine. Stated that the roads were fine and that he wished some of our citizens could go and see for themselves. Some days on the trip they made between 32 and 40 miles per hour with their machines. The first day out 203 miles was covered and the last day, 174 miles, it was a great trip.

The many friends of Mr. Kuyler are glad to see him back home safe and sound.

THEY WILL FIGHT

Koreans Not Reconciled to the Japanese Government

TO ASSERT INDEPENDENCE

THEY ARE PREPARED FOR AN ORGANIZED STRUGGLE OPPOSING ADOPTION BY JAPAN. IN NEED OF MONEY AND ARMS, BUT HAVE MEN FOR FIGHT.

New York, Aug. 26.—More than 30,000 Japanese soldiers have been killed by the Koreans in the latter's war to throw off the tightening yoke of Nippon, and the Nationalists of the dying Hermit kingdom are prepared for an organized struggle, according to statements made today by S. H. Kimm.

"Korea will do everything possible to keep Japan from breaking her word," he said at the Hotel Hastings, Brooklyn. "Tokio definitely guaranteed our independence by the treaty of February 23, 1904, and the agreement by which Korea is about to be absorbed has been brought about by the idiot emperor, whom Japan set on the throne for her own purposes.

"The brutality of the Japanese in their war against the nationalists has aroused the entire nation. Five hundred thousand Koreans have been driven out, but they are better prepared to march back now and set their strength against that of the Japanese army of occupation, numbering from 50,000 to 100,000.

"The true state of affairs has never been told, because of the Japanese censorship. We can get our facts only by runners, who passed the word orally in relays to our watchers on the borders.

"The ruthlessness of the Japanese in devastating large areas, burning villages and murdering women and children has been appalling. It must be avenged. For 4,243 years we have been independent; we will not have that right because of a broken promise without a struggle that will arouse the world.

"There are now in the field 20,000 armed Koreans, well drilled.

"We are badly in need of arms and money but we will not give up our independence until the last man has perished."
