

DECIDED ENTHUSIASM IN DAILY NEWS GREAT OFFER

Proposed Big Tour Contest Has Stirred the People of the Big Territory in Which This Paper Circulates, and the Success of the Wonderful Plan Has Been Fully Assured.

NOMINATING BALLOTS ARE POURING IN AT GREAT RATE

Considerable interest has already been aroused in the mammoth voting contest started by the Daily News Tuesday, and comments have been freely and frequently made on the magnitude of the enterprise and the splendid opportunity it offers to the ladies of this section to secure a free tour of Europe.

Numerous offers have been made to people in this city and vicinity in the past, and it probably would not be over-stating to say that many offers will be made in the future, but in all its past history no offer of such colossal proportions has ever been made, and in all its future history such an extraordinary offer may never be duplicated.

Young Women Interested.

Many of the ladies so far heard from have shown a personal interest in the winning of the tour and have expressed their intentions of doing their utmost to be one of the fortunate ones who make a dream of a life time a reality.

Get An Early Start.

All ladies who contemplate entering the contest should commence their campaign for votes and subscriptions immediately. An early start is a prime factor for success; it secures the exclusive efforts of the candidate's friends, and elicits the greatest amount of energy and enthusiasm at the time when the field is clearest for the canvass and will produce the greatest results.
