WASHINGTON, NORTH CAROLINA, THUUSDAY AFTERNOON, OCTOBER 27, 1916.

Third period opportunities are slipping away! Remember, delay is she didn't get the highest vote val-

Local pride should be an much a feature in any contest as anything time, and in many sections of the territory of the News it is so.

There are several communities, out of the city analous to not only have their favorite candidate a tour winner, but they are size working to have her chaperone elected.

Some of this territory is going to be fortunate enough to be represented on this trip by two young woman—the district winner and her chaperone. It's up to the public to help decide.

Character in Handwriting

The clear, eligible style denotes a calm, prudent, reflective and gentle disposition; serious strong-minded, painstaking and reliable.

The dashing style, more or less il-legible, indicates a lively, vital, im-

patient, imaginative disposition, at times almost a genius. In such people the temper is often violent, but of short duration. They are enthusmus lastic, charitable and whole-hearted. A fine, regular formation denotes

or short duration. They are enthusiastic, charitable and whole-hearted. A fine, regular formation denotes order, precision, beauty and originality. Even temper, self-control, exactitude and consistency, are as a rule, a part of such a person's individuality.

The irregular, anavon siyle individuality.

The irregular, anavon siyle individuality.

Self-control, exacting the first properties of the first properties of the first properties. We have heard of nothing in perchalage, and the first properties of hypotism that is so explicable.—New York World.

H. B. Smith of the Greenville Graded School and Mr. C. W. Wilson of the East Carolina Training School, Greenville, and Mr. R. L. Ranson of Nash County, besides several local of course, education was the prin-

cates, among other things, a careless, inattentive, abstracted and unpracti-cal nature. A certain bent for con-structiveness usually goes with this cipal theme discussed and it was handled by experts who have endeavor ed to further this great cause in North Carolina.

nature.

The rounded handwriting indicates order, precision, strength, good judgment and calmness. Tender sympathy and affection are also displayed by this style of handwriting. A love of case and pleasure will usually be found in such persons.

The angular pointed style denotes courage order, self-reliance, impatience and the fighting disposition. Energy and will power are also manifested with penetration and acuteness. Lood, Cel Salted Almonds,
