FRIDAY, NOV. 11, 1910

Parties leaving town should not fail to let the News follow them daily with the news of Washington fresh and crisp. It will prove a valuable companion, reading to you like a letter from home.

All articles sent to The News for publication must be signed by the writer, otherwise they will not be published.

T. G. O. P. s are still wondering how in the world the thing happened.

He who laughs last laughs best, but we'll bet no laughing has been indulged in around the Republican camp. They are anxious to change the adage and say he who laughs first laughs best.

Something certainly happened to Teddy Roosevelt Tuesday for he absolutely refused to be interviewed by the members of the press. He says his policies will be continued, but the American people will have something to say along that line.

The Daily News of Greensboro, says the campaign between Stedman and Blair for congress was the cleanest ever known in that district. Sure, demagogues of the Stedman stripe always do things in the open. Governor Stedman has always honored his state in every office he has ever filled and he will do so in congress where his people have sent him by a large majority.

An exchange says it is now all over excepting the shouting. Who did the shouting this time. Butler didn't, we are sure.

Our own Chauncey Depew, young Beveridge and others who have tried to dictate to us for so many years on the other side of the capitol building where Uncle Joe swings the big sticks, after a few more months will be requested to seek the quietude of their domicile. May they rest in peace—they deserve it.

Well, old Wake "got there" just the same. We always thought the Democrats in that county would not strike their duty when carried to the mark.

The New York World says that the only living president is now a dead one. Right you are.

All the explanations the governor candidates in Beaufort county have offered, weather included, the stars are always the best—they did not get votes enough.

Well the Socialists will at last have recognition in congress. Won't their representative have a lone-ome keeping house all by himself?

HONESTY IN ADVERTISING

Deck of all advertising there should be honesty!

That applies to the little want advertiser as well as the biggest size user—honesty—sincerity—truthfulness.

Time was when all advertising was looked upon with more or less suspicion. But, nowadays, it's different. The merchant, firm or corporation that spends a hundred dollars or a hundred thousand dollars a year for advertising realizes that the articles or proposition advertised must be able to withstand the powerful searchlight of publicity.

For any article or proposition breathes its last moment it fails to "make good" all of the claims made for it by the advertiser.

To succeed, it must be as good or better than represented.

THE DAILY NEWS does not guarantee the honesty of every ad it prints, but in so far as we are able we guard against publishing ads that are misleading—ads that misrepresent, either in the quality of the article, its value or its price. The result is that our readers to

DAY: "If you see it advertised in the DAILY NEWS you are safe in buying it!"

A Booklet of Information The Norfolk Southern Railroad company has recently issued a booklet entitled, "All in Your Favor."

This booklet is descriptive of Tidewater Virginia and Eastern North Carolina, the section through which the Norfolk-Southern traverses.

The illustrations show many different scenes of farm life in this section and was gotten up for the purpose of distributing among home owners of the West and Middle West.

There is no section of the United States where man can earn a livelihood easier than that through which the Norfolk Southern runs.

This road is doing much for the development of its territory and should receive the encouragement of every one in Eastern North Carolina.

The bringing of practical farmers in this section such as it proposes to bring will mean a growth and development which would surpass the hopes of the most optimistic. Make a comparison of the train service Washington had before the Norfolk-Southern entered this field and you will readily see what they have done toward placing us within close communication with the commercial centers of the East. Formerly if a person desired to go to Norfolk they had to leave here early in the morning and could not return until the next evening, now you can leave Washington by either of three trains each day for Norfolk and if a person desires they can leave Washington visit Norfolk and return the same day, thereby losing only one-half day from business. There is no other one factor which will build up and develop a community more than the railroads, therefore they should be given some consideration by the people in all matters which will affect their revenues.

Shall Women Vote?

If they did, millions would vote Dr. King's New Life Pills the true relief for women. For banishing dull, fagged feelings, backache or headache, constipation, dispelling colds, improving appetite and toning up the system, they're unequalled. Easy, safe, sure. 25c at all Druggists.

There will also be other forms of entertainment which the Durno company will present. There will be songs, music, ventriloquism, imitations, and monologues. Everything will have a vein of humor that brings forth a hearty laugh from everyone.

It seems that the "harder you watch the less you see," as Herrmann used to say) equally applies to the magic performed by Durno. Those who have seen him before will be sure to come again and those who have not watched his neat slight-of-hand and his illusions can scarcely spend a more enjoyable evening than at the auditorium on November 14th. There is every reason to believe that he house will be well filled for there is something fascinating about the mystery of magic.

Interesting Voting Toward Finish.

LAD AND LASS.

The story's old as Paradise. A lad more loving far than wine. A too wise for life at all. Though she was fair and he was tall. A midday walk where poppies grow. A twilight ride—a moonlight row. She rather liked to hear him talk. Though he was such a "tally gawk."

And then—a chap some forty stout. Who owned some bonds and also stout. But knew too much to moon and stare. Walked straight away with Lady Fair.

And what's the end? As if I know! Except that poppies still will grow! That life is strangely gay or sad. For every lass and every lad!

Not Sorry For Blunder. "If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes Dr. J. Sanders, of Harrodsburg, Ky., "but for years they say every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, laryngitis, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c, \$1.00. Trial bottle free. God is the giver, life is a partnership, humanity a brotherhood.—Timothy Titcomb.

It takes a great man to make a good listener.—Sir Arthur Helps. A man who does not love sincerely sets his face against the distinguishing mark between a friend and a flatterer.—Le Sage.

Will Promote Beauty. Women desiring beauty get wonderful help from Bucklen's Arnica Salve. It banishes pimples, skin eruptions, scabs and blemes. It makes the skin soft and velvety. It glorifies the face. Cures sore eyes, cold noses, cracked lips, chapped hands. Best for burns, scalds, fever sores, cuts, bruises and plies. 25c at all Druggists.

Seems an Irony of Fate.

The very grave seemed to have opened for Robert M. Mason, of West Virginia, when after some weeks in the hospital, fear of the best physicians gave him up. These were shown the remarkable cures of Electric Bitters. For after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. He naturally was grateful for Electric Bitters or Kidney Troubles and never again felt any 50c at all Druggists.

Few women take more pride in "making over" on old hat than they do in buying a new one.

Reaching the Top. In any calling of life, demands a vigorous body and a cool brain. Without health there is no success. But Electric Bitters is the greatest Health Builder the world has ever known. It compels perfect action of stomach, liver, kidneys, bowels, purifies and enriches the blood, tones and invigorates the whole system and enables you to stand the wear and tear of your daily work. "After months of suffering from Kidney Trouble," writes W. M. Sherman, of Cushing, Me., "three bottles of Electric Bitters made me feel like a new man." 50c at Dr. Harry Drug store.
