ANONYMOUS LETTER

All cowards are not yet dead, and some of them are in Washington afraid to venutre on the prominen thoroughfares of the city, they stay concealed as do vagabonds, cut-throats and robbers. That some of these rogues are in existence with no other occupation than the vriting anonymous communications is evidenced by one appearing in to

day's News. For the benefit of the writer of that letter we will say that he need not think for a moment that he is causing us any worry, as people who do not have the courage to come out open do not have the courage to strike in the dark. The person who will resort to such methods for the purpose of intimidating is a vicious brute not worthy to be called a man

No Spiritual Bhees, Oxen, Weives, Etc. No end of confusion has been cre-sited by the intent of weil-meaning people to apply these prophecies as the reward of the Church in heaven. Nothing in the Scriptures warrants us in thinking that there will be spirit-ual, beavenly sheep and oxen, wolves and lions, vines and houses, planting and building. Those who reject the clear Bible teaching respecting a Me-sianic reign of righteousness cannot understand the Bible at all. Not a single passage of the Old Testament tells of heavenly hopes or promises. Only a few of them teach heavenly things at all, and then indirectly. As, for instance, in the types of the Old Testament the garments of the High Pricest Microse and heaustiful Ro Spiritual Sheep, Okeni Walves, Etc

things at all, and then indirectly. As, for instance, in the types of the Oid Testament the garments of the High Priest, Pictorious and beautiful, symbolize, we believe, the heavenly grandeur, honors and, glories of Mes-siah during the period of His reign. Similarly God's promise to Abraham declares that His Seed. His posterity, shall be as the stam of heaven and as the sands of the seashors. Noth-ing in this statement would necessa-rily teach a beavenly state or condi-tion. Only by the aid of the New Tes-tament and the Holy Scriptures' illu-mination can we use that two Seeds of Abraham are distinctly referred to. the stars indirectly implying the Spir-itual Seed, while the sands of the sea-shore refer to Abraham's Natural Seed. As it is written, "I have con-stituted Thee a father of many na-tions"--like unto God. So the Spiritual Seed of Abraham is now being developed. With its com-pletion this Are will end and the New Tes-tament in directly and the New Tes-tions"-like unto God.

The Church's Triumph Shorter. The Church, whose triat is in prog-reas during this Gospel Age, receives individually a much shorter period of probation than our text declares will be granted to manifuld in the future. God's saintiy people are expected to develop character and to approve themselves to God as "overcomers" within a very brief space of life. And not only so, but they are required to "walk by faith and not by sight." They merely have God's Word as re-spects His Justice and Love and gra-gious plans, while, in the next Age, the, world will have the actuality in-stad of the promise-the world will with the dist." decreased, while mental, moral and physical allments have increased

But how many, or what proportion of the whole, will prove loyal, and what proportion disloyal, we are not informed. All that we know on the antiject, and all that is necessary for ns to know, is that the trial will be thorough and just and that all found faithful will have eternal life, and all found unfaithful will be counted as followers of Satan and, with him, will be destroyed in the Second Death.
