## FAKE FORTUNE TELLER REAPS RICH HARVEST

### Magic Dispenser is Arrested in Baltimore & Wated in Raleigh N. C.

### DID A FLOURISHING BUSINESS

MAGIC TALISMANS SOLD TO NUMBER OF SUPERSTITIOUS AND CREDULOUS PEOPLE FOR VERY LARGE SUMS—\$800 PAID FOR GUARANTEE TO UNRAVEL A FAMILY PROBLEM.

Raleigh, N. C., June 17.—Mrs. Jennie Hunter, alias Madame Hunter who was arrested in Baltimore this evening on a warrant from Raleigh charging her with obtaining money under false pretences, worked a number of superstitious and credulous people here for considerable sums of money as a fortune teller.

Mrs. Annie O. Eastman, a well known dressmaker, lost \$300 through the representations of the wily fortune teller that she could unravel and worked out the happiest solutions of some family problems that were disturbing Mrs. Eastman. Just what they were has not yet been divulged except to the authorities in confidence.

The next largest amount claimed to have been obtained was from a well-to-do negro woman. Madame Hunter read her palm and told her she would very soon break out with terrible sores unless some counter-acting spell was worked by her; that she has been conjured to have these sores develop. For \$200 she gave her a talisman that would ward off the affliction. It was a small wooden box securely sealed. The victim was told that if she opened the box she would die. Chief of Police Still opened it when the woman brought it to him and found it contained some "blackist powders." Some of this, he says, he rubbed between his fingers and, much to his alarm, the fingers began to itch. But he is convinced now that the itching was imaginary and the powder was really perfectly harmless and worthless.

Another victim brought a talisman in a red flannel sack. It contained two pieces of worthless ore rock. It had cost her the comparatively small sum of \$2 and was represented by Madame Hunter to possess allpowerful charm for her welfare.

Madame Hunter, came to Raleigh early in the year, opened a tent-house in a vacant lot two doors from the state house on Fayetteville street. Here she did a flourishing business as palmist until late in April, when she disappeared over night. A notable thing is that she refused to take Mrs. Eastman's check for her pay, but required her to get her own check cashed and bring the money to her.

### Handsome Automobiles

Captain George T. Leach and Dr. David T. Taylor are in receipt of handsome and attractive automobiles. They have been much admired.

### Lost This Morning

Mr. William A. Hanks an old Washington boy, now of Andrews, S. C., and traveling for the Henry Walke Company, of Norfolk, who has been here for the past several days left this morning. Mr. Hanks has many friends in the home of his boyhood, and all were glad to shake his hand.

### Love's Tributes

Entered into Paradise from his home on the evening of June 15th in his seventy-third year, Dr. William Augustus Blount, a courtly Christian gentleman, counselor, friend, "Mindful not of himself, but bearing the burden of others," he has left behind the affliction of many hearts the listened and waited for his guidance, memories of a life made noble by unselfish deeds. Into his tender heart he gathered the sorrows of his patients, leading them to the Great Physician, who wipes away all tears. The gentle touch to relieve pain will be felt no more. The Angel of Death has closed his eyes, until our King comes into his own.

### Left This Afternoon

Dr. David T. Taylor left this afternoon for Charlotte to attend the meeting of the North Carolina Medical Society. Dr. Taylor has been president of the executive board and also president of the society.

## THE OPPONENTS DESIRE TIME

### SENATOR PENROSE GIVES OUT STATEMENT IN WHICH CLAIMS SIXTY VOTES IN FAVOR OF PASSAGE — THE CHAMPIONS ARE CONFIDENT.

Washington, June 17.—The determination of the senate finance committee to push through the Canadian reciprocity bill with all possible speed and the confidence of the senate leaders (that there is a clear majority in favor of the bill) without amendment was made plain today when chairman Penrose of the committee, forced the bill into its second reading before the senate and announced its probable early passage.

Consideration of the measure today was brief, as no one was prepared to speak at length upon it. Senator Root's pulp wood amendment was voted on it. Before the senate assembled Senator Penrose had given out a formal statement, claiming 50 votes in favor of the passage of the bill, and more than that many votes against the Root amendment, which affects the importation of pulp wood and paper.

Chairman Penrose said, replying to questions, that he believed no speeches would be ready before next week.

He had found he said, that few friends of the bill cared to speak on it, but preferred to vote as quickly as possible.

The opponents of the measure, he said, wanted more time to prepare their arguments.

"Do I understand that no one wants to speak in behalf of this bill," asked Senator Smith of Michigan.

"Not as many as want to speak against it," replied Mr. Penrose. "The friends of the measure are ready to vote this afternoon. The bill has been before the country for six months and both sides have been discussed at length."

"It seems strange," said Senator Smith, "that a measure so fitting into competition with our people an empire larger than our own does not have any apologist or champion in the committee that has been discussing it for weeks."

Senator Penrose said that for his own part he was ready to vote today. Other members suggested that the President and many other leading republicans and democrats had explained and endorsed the bill. Senator Smith then said that he was not surprised that a measure so devoid of merit should find no republicans willing to stand up and risk his reputation as its champion.

### Much Admired

Those who attended the services at the First Baptist church Sunday morning and evening not only heard sermons of merit and thought, delivered by the pastor, Rev. J. A. Sullivan, but had the pleasure of seeing for the first time the handsome new carpet just installed in the auditorium. It is attractive in design and finish and adds much indeed to the attractiveness of the church.

### To Attend Convention

Several of the City Physicians expect to go to Charlotte this week to attend the annual meeting of the North Carolina Medical Society.

### Slightly Better

The friends of Miss Mary Geer will be pleased to learn of her slight improvement. Her condition is reported more favorable today.

### Typographical Error

In Saturday's paper appeared an ad. by E. H. Jefferson advertising a pair of mules weighing 11 pounds each, price \$400. Through an error the weight of the mules was a mistake; their weight should have been eleven hundred pounds. We gladly make the correction.

### Bronzes may be successfully cleaned

by first giving them a good soaking, following it by an application of sweet oil, polishing with a clean, soft duster and finally with a lustre cloth of chamois.

## WOOL TARIFF SCHEDULE VOTE ON THURSDAY

### Speaker Champ Clark Downs Payne in a Lively Tilt on Floor of House

### WAS A STRAIGHT PARTY VOTE

### DEMOCRATIC WHIP CHECKS TO GET MAJORITY MEMBERS IN LINE TO RUN STEAM ROLLER OVER G. O. P. OPPOSITION — THEN WILL BE SMOOTHER SAILING.

Washington, June 19.—General debate on the Underwood bill revising the wool tariff schedule of the Payne Aldrich law closed Saturday night in the house of representatives after 10 days of discussion. The bill will be called up under the five minute rule on Tuesday and will be placed upon its passage before adjournment of that day.

There is little doubt that it will pass the house on a straight party vote.

Much of the time Saturday was consumed by Representative Payne of New York, in denouncing the Underwood bill as "unintelligent" and defending the tariff law of 1909, which bears his name. A night session was held in order to complete the discussion, inasmuch as the democrats were forced because of a temporary lack of votes to devote Monday to consideration of the committee discharge offender. Speeches in opposition to the bill were made Saturday night by Representative Anderson of Minnesota; French of Idaho; James of Massachusetts and Fryer of Missouri. Defendants of the measure were Representatives Martin of Colorado and Callen of Indiana.

Delay in the smooth progress of the democratic legislative program and the vote on the wool tariff revision bill will be occasioned today, because the democrats of the house for the first time since the beginning of the special session Saturday were unable to muster enough votes to support a motion to adjourn until Tuesday and avoid consideration of the committee discharge calendar.

Ever since the opening of the session the democrats have successfully dodged a peril in this calendar, the "dollar a day" pension bill, but they must face the issue today. Majority Leader Underwood said Saturday night that the caucus had bound the party not to extend the legislative program into pension matters or anything else except the tariff and for that reason the democrats would vote down motions to discharge the committee from consideration of bills with which the calendar has been filled by members of the republican minority.

### To Attend Meeting

Dr. E. M. Brown, county superintendent of health, left last night for Charlotte, N. C., where he goes to attend the meeting of the county superintendent's for the state of North Carolina. While away Dr. Brown will also attend the meeting of the North Carolina Medical Society of which he is an honored member.

### Holding Her Own

The many friends of Mrs. Elizabeth Davis, mother of Mrs. S. F. Freeman and Rev. W. A. Davis of this city, will be pleased to learn that notwithstanding her advanced age she is holding her own as a result of her recent illness. Mr. Davis has many friends throughout the county of Beaufort.

### Hall to the Stirling beat!

It makes the corn grow, and the annual output of corn is worth many fold the gold that is dug from the bowels of mother earth in a similar period of time. Last year the crop was 3,135,713,990 bushels, worth \$1,528,948,900. All the gold mines in the world did not produce metal worth within a hundred times that much King Corn is the great and good monarch.

### Zinc-covered surfaces are best polished

with powdered bathbrick and soap, with an after rub of dry whitening and a final polish with a chamois leather.

## RECORDER'S COURT

### ONE DEFENDANT PLACED BEHIND BARS FOR TEN DAYS

The following cases were disposed of before Recorder Grimes, at the city hall this morning.

Walter Tocker, colored, charged with being drunk and disorderly, fined \$1 and cost.

John Anderson, colored, was charged with being drunk and disorderly, fined \$1.00 and cost.

Francis Gibbs, colored, was also up before Recorder Grimes for being drunk and disorderly. While in court she became hysterical and unruly to such an extent the court confined her to the common jail of Beaufort county for a period of ten days. After her sentence expires she will be tried.

## THE CIRCULATORS HOLD MEETING

### CIRCULATION MEN OF NORTH AND SOUTH CAROLINA MET LAST THURSDAY AT CHARLOTTE — MR. SAM M. BURRITT, PRESIDENT.

The circulation managers of the leading papers of North and South Carolina met Thursday at Charlotte in convention for organization which was duly formed under the caption of the Carolina Association of Circulation Managers.

The first session at 10:30 a. m., was taken up in the discussion of the feasibility of the plan, and the appointment of a committee on constitution and by-laws as follows: H. C. Altshouse, Winston-Salem Journal; Victor Lettanner, Charlotte News; M. C. Brunson, Charleston News and Courier; and Sam M. Burritt, Raleigh Daily Times.

This committee was instructed to report at 2:30 and the meeting was adjourned to that hour.

There was just time to take advantage of the kind invitation of the Bowen Drug Company, tendered the men, the soda fountain being literally turned over to their wishes and a hasty dinner, after which at 1:00 o'clock sharp one of the best cars of the local street railway was placed at their disposal by the officials, in which a most enjoyable sight-seeing tour of Charlotte was made.

The second session was called for 2:30 but owing to the length of the car ride it was 3:30 when the meeting was called to order for the adoption of a constitution and by-laws and permanent organization and the election of officers.

The following officers were elected:

- President—Sam M. Burritt, Raleigh Daily Times.
  - Vice-president—W. E. Allen, Anderson (S. C.) Mail.
  - Secretary-treasurer—Harry C. Altshouse, Winston-Salem Journal.
  - Executive Committee—T. W. Chambliss, Charlotte Observer; M. C. Brunson, News and Courier, Charleston; and F. A. Griswold, Columbia Record.
- After a general discussion a photographer called to the front and a group photograph was taken.
- There were present, besides those already mentioned: Bradley Welfare, Winston-Sentinel; C. E. Alder, Charlotte Chronicle; G. V. Harper, Charlotte Chronicle; J. L. Mayo, Washington Daily News; B. M. Brown Salisbury Post; W. P. Ryerson, Charlotte Observer; George W. Lyons, Greenville News.

### Convalescent

The many friends of Mrs. Daniel Simmons will be pleased to learn of her continued improvement at the Washington Hospital. Unless something unforeseen happens she will be able to return to her home within the next few days.

### Wires Down

All the telegraphic wires leading into this city from the direction of Raleigh are down today and in consequence the weather observer, Dr. J. M. Gallagher received the weather forecast today via phone.

### Sprains Ankle

Mr. C. M. Klapp of this city received a phone message yesterday from Richmond stating that his wife, Mrs. G. M. Klapp, accidentally fell down steps at the home of her parents and sprained her ankle. Mrs. Klapp had her young baby in her arms at the time but fortunately it escaped unharmed.

### Whites of raw eggs make an ideal paste

to use over the surface and around the edge of the papers that cover down jam. The paste is air-tight and impervious when dry.

## SUDDEN DEATH OF POPULAR YOUNG LADY

### Miss Zedah Watson Passes Away at Fowle Memorial Hospital Sunday Morning

### OPERATED ON FOR APPENDICITIS

### HER DEATH CAUSES UNIVERSAL REGRET—THE REMAINS TAKEN TO AURORA THIS MORNING FOR BURIAL—FUNERAL TOOK PLACE AT FOUR O'CLOCK—A MOST POPULAR YOUNG LADY.

The entire city was saddened yesterday morning when it was learned that Miss Zedah Watson, one of the city's brightest and most popular young ladies had passed away at Fowle Memorial Hospital at 3 o'clock Sunday morning. For some time Miss Watson has had attacks of appendicitis and last week she decided to undergo an operation. On Friday last the operation was performed. On Saturday night the surgeons ascertained that another operation would be necessary. In consequence of this, for the second time Miss Watson submitted to the knife with the hope of obtaining health and strength. She gradually grew worse until three o'clock, surrounded by loved ones and friends she passed that narrow vale which divides the barren peaks of two eternities. Miss Watson had just reached the age of twenty two and had every promise of long life and usefulness when suddenly called into the presence of her Lord.

She was the only daughter of Mrs. Mary Watson and was born and reared in the town of Aurora. For the past several years she has resided in this city where from the very first she gained the friendship of a large number. She was bright, jolly, had a pleasant word for all and threw sunshine into the lives of those she mingled with.

Besides a heartbroken and crushed mother, she leaves a half brother, Mr. Luther Lincoln, to mourn their loss.

For the past year or more the deceased was in the employ of Mr. R. Lee Stewart at his jewelry store on Market street. Her going has cast a shadow over the home and the entire community would shed a tear of sympathy over her loss. The remains were carried to Aurora this morning on the Washington and Vandemere train for interment. The funeral services took place in that town from the Episcopal church at 4 o'clock, conducted by the rector, Rev. J. W. Crosby.

This is committed to earth's bosom a young woman who will be sadly missed. May the same hand that has wounded and sent the shadows be the one to succor, comfort and gladness as the days come and go.

The remains were accompanied to Aurora by Mrs. Watson, the mother; Mr. Luther Lincoln and Mrs. W. W. Satterthwaite.

## TOM TAPPIN'S CAT HATCHES CHICKENS

### June 19.—Mountain-side Bordwell residents are stirred up by a report that Thomas Tappin's cat has hatched out four healthy chicks.

They do not dream of doubting the report, as Mr. Tappin, who is a hardheaded Baptist and a teacher in the Liberty Corner Union Chapel Sunday school, vouched for the truth of it.

The chicks are six days old, Mr. Tappin says, and are thriving, while the cat shows every sign of keen delight.

### Oil stains may be removed from laundry pieces with turpentine before washing.

## SUMMER TERM TRAINING SCHOOL

Greenville, N. C., June 17.—The summer term of the East Carolina Teachers Training School, which began June 6th and will continue for eight weeks, has an unusually strong faculty, the regular teachers being reinforced by some of the most prominent educators of the country.

Members of the Faculty:

- Herbert E. Austin, Science.
- George D. Strayer, Columbia University, Administration and Supervision for county and city superintendents, and principals for high schools.
- Harold Barnes, Columbia University, Pedagogy.
- Leon R. Meadows, English.
- W. H. Ragsdale, School Management.
- Harry P. Hardiaz, Charlotte, N. C., Latin and Higher Mathematics.
- Miss Eustelle Davis, Washington, N. C., Mathematics.
- Miss Sallie J. Davis, History.
- Miss Kate W. Lewis, Drawing.
- Miss Mary Wright, Parkersburg, N. C., Primary Methodics.
- Miss Elizabeth Pugh, Household Economics and Chemistry.
- Miss May RB. Muffy, Public School Music and Voice.

All the subjects taught in the public schools of the state are being taught in this summer term, and in addition to these are courses in Latin Pedagogy, Chemistry, Public School Music, School Management and Household Economics. The State adopted texts are used.

A special course in Administration and supervision for school principals, county and city superintendents is being conducted by Dr. Geo. D. Strayer, of Columbia University, which is almost invaluable to those having the superintendency of teachers. In connection with this work is the observation of a group of children taught by Miss Margaret Blow, one of the graduates of the school. Dr. Strayer takes his class of principals and superintendents into this class and practically demonstrates the organization, administration and supervision of a school. By this means the principals and superintendents get valuable ideas for instructing the teachers under them in organizing and directing their schools, as well as improving the class-room work.

A series of lectures on topics of special interest to teachers will also be given by distinguished educators. Already Dr. J. T. Gibbs and Dr. Strayer have given most helpful lectures. These will be followed by others during the term.

The attendance at this summer term has already reached two hundred and forty-eight, the largest number of students that have been here at any one time before—and others are registering almost daily. All the dormitories of the school are full, and homes in the town available to boarders are filled.

President R. H. Wright and the strong faculty united with him, are in this school doing a work for the teachers of Eastern North Carolina, the value of which cannot be measured in dollars and cents. It will tell for years to come in the betterment of the public schools through more efficient teachers, and thus the greatest educational uplift of all the people.

On Friday, June 30th, the anniversary of the breaking of ground for the erection of the buildings for the school will be celebrated with appropriate exercises. Gov. W. W. Kitchin and other prominent men will be here to speak on that occasion.

## YOUNG MAN CUTS THROAT WITH RAZOR

### Despondent and Crazy Charles Ricks Attempts to take His Life

### HAPPENED YESTERDAY AFTERNOON

### WHILE HIS CONDITION IS PRECAARIOUS, STILL HIS PHYSICIANS ARE OF THE OPINION HE WILL RECOVER—SPENT A COMFORTABLE NIGHT—ACT CAUSES EXCITEMENT.

Yesterday afternoon the entire city was shocked at the report that Charles Ricks, eldest son of Sheriff and Mrs. Geo. E. Ricks of this city, had attempted his life. He had been despondent and very much depressed all day because of the death of his fiancée, Miss Zedah Watson Sunday morning about 3 o'clock. He was very devoted to the young lady and for the time being her death had no doubt preyed upon his mind to such an extent that he became temporarily not himself. He used a razor to perform the deed and but for the timely arrival of friends would no doubt have succumbed to the injury.

The first intimation his family had of the terrible deed was about four o'clock when he was heard to groan aloud, then some members of the family rushed upstairs and found that the door to his room was locked, the window was torn opened and they went out on the roof of the shed room and to the window of his room, where he was seen lying on the bed in a pool of blood. Assistance was called for and immediately neighbors rushed in. Mr. T. C. Carrowan was the first to reach his bedside and stopped the flow of blood until physicians arrived.

Drs. John G. Blount, J. L. Nicholson, Joshua Taylor, A. C. Hoyt and D. T. Taylor responded to the call and dressed the wound.

The young man lost a considerable amount of blood and was for a time in a precarious condition. He is today resting well and strong hopes are entertained for his recovery.

## ADVERTISING TALKS

Written by WILLIAM C. FREEMAN

The basis of all successful advertising is REGULARITY AND PERSISTENCY.

SPASMODIC advertisements—advertisements run now and then without any definite plan of campaign—very rarely bring results.

It is a mistake for any merchant or manufacturer to run one or two, or even a dozen, advertisements and expect to get business as a result of them—he might just as well throw the money away for all the good it will do him.

IT IS CONSTANT REPETITION THAT COUNTS IN ADVERTISING—KEEPING ONE'S NAME BEFORE THE PUBLIC ALL OF THE TIME.

No matter how small the announcement, if it is run REGULARLY, it will make an impression on the public—people will get in the habit of looking for it, and when they need the article advertised, THEY WILL RESPOND to the advertisement.

There are times, of course, when a single advertisement is all that is necessary to attain the result desired—but that is only in special cases.

To develop a REGULAR, CONSISTENT BUSINESS, regular, consistent advertising is necessary.

The merchant or manufacturer who runs only one or two advertisements in any publication and expects results from them, is not only UNFAIR TO HIMSELF, but is unfair to the publication as well.

There is no publication big enough to pay an advertiser on a few insertions. That is the reason "TEST" ADVERTISEMENTS are practically useless in determining any publication's value as an advertising medium.

And that is why publications should refuse to print single advertisements, when such advertisements are to be used to "tryout" the publication.

(to be continued.)

Nutmegs grate best if started from the brown end.
