

### FARMERS' EDUCATIONAL AND CO-OPERATIVE UNION OF AMERICA

**Special Moment to the Progressive Agriculturist**

For people think almost everybody talks. Where there is ill will there is also a way.

You can't rob an educated man of his tools!

Time is money. Like tide, it waits for no man.

The gilded youth is too frequently a gold brick.

The treasurer is an extraordinary money machine.

The workman who is always tired should be retired.

A young man learns new wrinkles; an old man gets them.

Many a budding genius has developed into a booming idiot.

Co-operation in buying feeds is a big money-saving proposition.

The law of graft, like that of gravitation, is always in operation.

It is putting a premium on theft when a thief steals premiums.

A hen wastes an immense amount of energy in cackling. Do you?

You can't stand well with your friends if you perlat in sitting on them.

When the married man meets an old flame he should be careful not to be a moth.

The theory that it is never too late to mend influences some of us never to begin.

Don't mistake a swelled head for self-respect, nor your wishbone for backbone.

Many a fellow who has nothing to do but mind his own business doesn't even do that.

Many a man attracts no more attention than a thermometer on a pleasant day.

Carelessly enough, the hookworm never attacks the middleman. It wants something easy.

Loving your enemies would not be such a beastly chore if they were not such an ornery bunch.

You can never tell what a woman is going to do. And if you could, she would probably do something else.

The farm is really a manufacturing establishment for the production of food stuffs. It is the farmer's business to make the largest and most profitable output possible.

### THURSDAY, FEBRUARY 8.

#### BOOSTING WASHINGTON.

In boosting Washington you say: "Every little bit added to what you have got makes a little bit more."

There is real magic in that quotation and it is to be regretted that so few people place the true value upon little things. They don't realize how very valuable many seemingly insignificant features are, or what great good to a community they would be were it developed along the lines of its special use.

Hundreds of people in Washington stand ready to do what they can to help forward Washington and make her grow. Though they allow that usual error to creep in, leading them to think their little assistance would not be appreciated, so fall to offer their "little bit," which prevents their little from being added to what we have, so we do not make the desired growth.

Many do not offer their little bit because they will be somewhat benefited and for fear that some knocker may attempt to make it appear to their personal benefit will equal that of the general public.

Be that as it may, no one is going to come forward and offer to contribute to any project unless they, in some manner, figure some returns. Therefore, the greatest error is made by the person who has in mind a project which would benefit the general public and fails to suggest and offer to do his part toward making use of this dormant advantage.

Few spots in North Carolina are better than "The Banks of the Pamlico" for a picnic, and the people of Greenville, Wilson and Raleigh and other up-state communities would hail with delight the knowledge that Washington holds open to them a clean sand beach where the little folks can step from cool shady groves and wade in shallow, sandy bottom water and where the older people may swim or at a slight expense take a gas boat ride up to town or down to see the grandeur of the broad, bold Pamlico; all of which will create a lasting and favorable impression, giving to Washington much free and commendable advertising and Washington should strive for and not miss an opportunity to get those people to talk "Washington."

It is out of the question for the people of Greenville and those further up, to spend a day picnicking at any seaside resort and they will be glad to accept Washington's offer to picnic on the banks of the Pamlico.

#### Plan for Next Year.

Now is the time to plan for next year. Plan the rotation so that the land will rapidly increase in fertility, the pure-bred stock on the farm will be well fed, the family fare sumptuously every day in the year on the products of the farm, and one or more money crops will be grown.

#### Little Nonsense Relished.

Farmers are men, and a little nonsense now and then is relished by the wisest of us. No one likes to be lectured and preached to all the time nor to feel that when he goes to a state fair he must perform be serious from morn till night and fill his head with nothing but instruction.

Secret of influence.

Power, terror, intensity—these are the qualities which have given their movements to great leaders in all the world. Scoundrels they have been, but it is not in vain that they have been so. They have been so because they have been so earnest, and followed them. They possessed the secret of influence, though we can not tell how they possessed it. They are among the rulers of history—

#### March of Infantry and Cavalry.

The military march must be taken as the best index of the horse capacity, conditioned by the needs of remaining effective. Under fair to good conditions cavalry are expected to accomplish from thirty to thirty-eight miles a day for several days in succession, but taking the campaign as a whole, the daily average is not expected to exceed fourteen to fifteen miles. This is the practical limit of infantry on the march; thus the two arms of the service remain together on the route.

#### Stars That Give Little Light.

Scattered through space are innumerable stars that give forth very little light or heat. Either they were never, at any period of their history, bright and glowing like the myriad stars that make the midnight sky so beautiful, or in the course of countless ages they have become dim, and radiated away from them into the depth of space, and now they are as their name describes them, "dark stars."

### Farmers' Educational and Co-Operative Union of America

**Matters of Special Moment to the Progressive Agriculturist**

**Marriage Made Easy.**  
Greta Green, Scotland, became famous for its celebration of irregular marriages. For many years the average number was five hundred. The ceremony consisted only of an admission, before witnesses, by the couple, that they were husband and wife, their being sufficient to constitute a valid marriage. After this the officiating uncle (for many years a blacksmith), together with two witnesses signed the marriage certificate.

**Provide Against Forgery.**  
The forgery of all bank notes is quickly detected, because of secret marks, which are constantly being changed. They are visible only under the microscope.

#### ADMINISTRATOR'S NOTICE.

Having qualified as administrator of James Lewis, deceased, late of Beaufort County, this is to notify all persons having claims against said deceased to exhibit them to the undersigned on or before the 16th day of January, 1913, or this notice will be placed in bar of their recovery. All persons indebted to said estate will please make immediate settlement.

This 16th day of January, 1913.  
W. A. LEWIS, Administrator.  
Ward & Grimes, Attny.

#### Berlin Sells Own Food.

With a view to mitigating the conditions resulting from the extraordinary rise in food prices the city of Berlin has gone into business as a wholesale food merchant.

According to the plan adopted by the city council, agents have been sent to Geetstevens, the great fishing center on the North sea, to contract for the purchase of carboys of sea fish.

### Pains All Over!

"You are welcome," says Mrs. Nora Guffay, of Broken Arrow, Okla., "to use my letter in any way you want, if it will induce some suffering woman to try Cardui. I had pains all over, and suffered with an abscess. Three physicians failed to relieve me. Since taking Cardui, I am in better health than ever before, and that means much to me, because I suffered many years with womanly troubles, of different kinds. What other treatments I tried, helped me for a few days only."

## TAKE THE CARDUI Women's Tonic

Don't wait until you are taken down sick, before taking care of yourself. The small aches and pains, and other symptoms of womanly weakness and disease, always mean worse to follow, unless given quick treatment.

You would always keep Cardui handy, if you knew what quick and permanent relief it gives, where weakness and disease of the womanly system makes life seem hard to bear. Cardui has helped over a million women. Try it.

**Write to Ladies' Advisory Dept.,** **Cardui, Medicine Co.,** **Chattanooga, Tenn.,** **for Special Instructions, and 64-page book,** "Home Treatment for Women," sent free, 15¢.

### Peach Season Coming

The fruit from 1700 bearing trees will most likely sell for \$1,700, perhaps more. Better buy this peach orchard and make money. See me at once.

#### Something for Nothing

Is not always the best. Some of my competitors advertise to do pressing free. I can't do it that way. I have to live and cannot do so by doing work free. I guarantee every bit of my work and I know personally that it is done right.

### "Our Personal Guarantee to all Skin Sufferers"

**BLOUNT'S PHARMACY.**

We have been in business in this town for some time, and we are looking to build up trade by always advising our patrons right.

By what we tell you that we have found the cream remedy and that we stand back of it with the manufacturer's own clear guarantee, backed by ourselves. You can depend upon it that we give our advice not in order to sell a few bottles of medicine to skin sufferers, but because we know how it will help you, and we know how it will help our business if we help our patrons.

We keep in stock, and sell, all the well known skin remedies, but we will send you, or let you, to try a full size bottle of D. D. Prescription. And, if it does not do the work, this bottle will cost you nothing. You alone to keep, and we are looking to build up trade by always advising our patrons right.
