48 IT PUNCTURE PROOF?

Mr. Webb's bill before congress were puncture proof and contained no loop holes, we would like to sub scribe to it, root and branch. But we notice, upon examination, one feature that leaves a bad taste in the mouth

An examination of the bill referred to will show that it is in direct conflict with the Constitution of the United States. It will also be noted that while the bill prohibits the ship-ment of liquors into prohibition territory, it provides no penalty for the violation of the law by a railway company, steamship line, express company or other transportation agency. A bill providing that cer-tain setions shall be prohibited, but imposing no penalties therefor, is so scheard that it at once suggests the question). Why is no penalty pre-

The Coffee Wit

The secret of the roasting process, and the blend, which is produced the rare aroma and marvelous flavor of the French Market Coffee, was well kept for over a century.

French Market Coffee

Even today imitations are little like the original.

Few realize that French Market Coffee is roasted nearly twice as long as ordinary coffee.

Yet all its delightful properties are retained and intensified.

Harshness and bitterness are roasted out, leaving only the smoothness and aromatic flavor that is so delightful-so different from other coffees.

That is why French Market Coffee has always been the favorite midnight beverage of New Orleans society. Why it is the coffee with a history.

In France and Austria only are there coffees prepared with the same exquisite care that is characteristic of French Market Coffee. But nowhere in the world is there a duplicate of the Unique Hygienic Roasting Process used at the French Market Mills in the production of French Market Coffee.

Until the building of the French Market Mills, this historic coffeeblend could be had only at the French Market in New Orleans.

But NOW you all may enjoy it daily on your own tables. For genuine French Market Coffee is now delivered everywhere in hermeticallysealed tins-in all its full natural strength and delicious flavor.

"There is only one real old French Market flavor."

Governor Kitchin, who is a candidate for United States Senator to succeed Senator Simmons, made his opening speech at Raleigh last night before the Kitchin Club of Wake county. While he attacked the pub-lic record of Senator Simmons he was eminently fair and made a good impression on his hearers. Gover-nor Kitchin did not try to stir up any great amount of enthusiasm or tell and campaign jokes. The speech was a relation of cold facts showing what the record of Senator Simmons not claim that the Governor is tak-ing an unfair advantage.—Durbam Herald. For an hour and a half Governor Kitchin went into particulars and

his warmest friends last night. They vigorously attacked the senior Senator's red did not think he would stoop to a ricious attack on Senator Simmone, but he did. They declared he would make a gentlemanly campaign on mete a gentlemanly campaign on merif. How far mistaken they were in the man is seen by the terrible onslaught he made on Mr. Simmons record. The Post really did not think the Governor was so desperate. He has not helped his cause. On the conwary he has made Benator Sim-mons stronger.—Salisbury Post. It is significant that Charles B. Ay.
