Confederate Vets at Macon, Ga.

Macon, Ga., May 8.—Remnants of that gray-clad host that set the world a notable example of valor fifty years ago, answered roll call here yesterday in a muster of peace.

It was the annual reunion of the United Confederate Veterans. In a great tented city erected for the most part by representatives of the flag they fought generations ago thousands of the veterans with their affiliated "sons" and "daughters," gathered yesterday, and hundreds more are coming on special trains from all parts of the Union.

While the stirring music of dozens of military bands, and the thrilling call of drum and fife corps were calculated to move the aged warriors to thoughts of the spectacular scenes staged half a century ago, yet the note of sadness growing out of the disintegration of the "thinning gray line" was not to be dispelled.

The convention was called to order by General John W. Maddox, of Rome, Georgia.

Colonel Walter A. Harris, of Macon; Miss Grace Dumphries, sponsor for Macon, and Mayor John T. Moore formally welcomed the veterans and visitors.

Roland Ellis delivered the address of welcome to the Sons of Veterans. Response was made by Lieutenant General C. Irvine Walker, commander-in-chief. Committee appointments followed and the convention adjourned until 8 o'clock tonight, when the Colonel Wallace Screws, of Montgomery, Alabama.

Camp John B. Gordon is thronged with veterans who are well provided for. Every tent is floored, the streets are paved with cinders and special preparations for the commissary have been made.

The election of officers will take place Thursday morning. There is a warm contest on for commander-in-chief between General Walker, of Charleston, S. C., and General Benjamin Van East, of Texas.

LAST APPEARANCE OF MINSTREL BELLS

Tonight ends the engagement of the Four Minstrel Belles at the Lyric Theatre, and during their engagement here they have played to capacity house each night.

The performance given last evening was very creditable to this place of amusement, and to those who have not had the pleasure of witnessing this female act should come out tonight.

The manager announces for Friday night the bookings of a special release in motion pictures. Temptations of a great city, these pictures come highly endorsed and have created a great sensation throughout the country, also on the same program will be the local amateurs of the city which is another big booking for the evening bill and a double attraction.

STATE PRISON ASYLUM FOR ALL DEFECTIVES

Raleigh, N. C., May 8.—Superintendent J. J. Laughinghouse, of the State penitentiary says the work on the State farm in Halifax county is about 30 days behind what they are terribly handicapped by lack of convicts who are able-bodied enough to push the work. The farm has something like 3,000 acres of land under cultivation.

There was great damage this spring from the Roanoke river freshet through the washing away of about 500 yards of the dyke and consequent flooding of the adjacent section of the farm. Capt. Laughinghouse says that it is steadily coming to pass that the State's prison is more and more getting to be an asylum for the defectives who are sentenced while the able-bodied men sentenced are assigned to the county convict camps. He says this condition is seriously impairing the prison in the matter of keeping the institution self-sustaining.

COL. ASHLEY HORNE STRICKEN ENROUTE

Greensboro, N. C., May 8.—Col. Ashley Horne, of Clayton, was stricken with paralysis shortly before the arrival of the Macon Confederate Reunion Special train here at 8:15 yesterday and immediately upon the arrival of the train, he was removed to a room at the Huffine Hotel, his condition being such that it was considered unwise to later remove him to St. Leo's hospital.

Col. Horne was conscious when the train arrived here and when carried into the hotel by his comrades of '61, expressed regret at his failure to make the full trip with them. Just before the train pulled in one of the grizzled old warriors who stood over Col. Horne asked, "How are you feeling Colonel?"

"Too good for you boys to let me worry you," was the quick response.

Col. Horne was en route to the Macon reunion being a passenger aboard the special train carrying North Carolina Veterans of the Confederacy. He was in apparent good health when he boarded the train at Clayton, and was a member of a jolly party of old vets. en route to the annual encampment and reunion.

HAPPENED ON FLEMING FARM YESTERDAY

Load Entered Left Breast And Death Resulted in a Few Minutes.

BOY SEVEN YEARS OLD, THE GIRL 6

Father Had Gun Hip Woods For Purpose Of Shooting Turkeys

The six year old daughter of John Evans, colored, was shot and killed by her seven year old brother late yesterday afternoon on the farm of Mr. Sylvester Fleming, located about one mile from this city in Chowan county. The shooting was accidental.

Evans is one of the employes on the farm and yesterday afternoon in going to his work after dinner took his double barrel breech-loading gun along. Evans states that he had heard turkeys in the woods for the past several days and decided to be prepared if he should run across them.

In one barrel of the gun was an empty shell and his two children who accompanied him to his work, asked their father to give them the shell. In a short time afterward Evans removed the empty shell and his son remarked "Father, we did not hear you shoot." Evans made no reply but took the precaution to hide the gun in the thicket. After hiding the gun he began his usual afternoon work and the children began to amuse themselves.

In some manner they found the gun and the boy began playing with it. He in some way cocked it and fired the entire load of which entered the left breast and shoulder of the 6-year old girl.

The father hearing the report rushed to the scene and before he could carry his little girl to the house, only a short distance away she was dead.

Evans came to this city this morning and consulted with the clerk of the Superior Court as to what steps to take in the matter. Mr. Paul on hearing all the facts decided and so told Evans, there was nothing for him to do as he was satisfied the shooting was purely accidental.

NEWS MAN VISITS MODEL TRUCK FARM

It was the pleasure of a Daily News man to visit the large truck farm of Dr. David T. Taylor yesterday. It is doubtful if there can be found a prettier field of truck in the state. The doctor is cultivating this year eight hundred acres. He has nearly one hundred acres in potatoes alone; over forty acres in cucumbers and since Monday has been shipping beets to northern markets. The entire crop of truck is certainly pleasing and attractive to the eye and if the prices this season for truck are fair the revenue from this farm should be enormous. The doctor certainly has fine prospects.

The entire farm is clean, well drained and everything up-to-date and modern. In connection with the truck farm the doctor runs a first class dairy. It would pay any citizen to visit this model farm.

HEART BEATS AFTER REMOVAL FROM THE BODY OF PATIENT

New York, May 8.—An account of some remarkable experiments made at the Rockefeller Institute for medical research, with tissues from the heart, is given by Dr. Aelxis Carrel, director of the institute, in a report just published here. Dr. Carrel announces that he was able to keep pieces of the heart tissue pulsating rhythmically outside the organism from which they were taken for more than two months. The fragments were taken for more than two months. The fragments were preserved in glass jars in suitable media.

The experiments were a part of a series to determine whether or not the life of tissues can be preserved indefinitely outside the body.

GEORGE FLOYD MAKES RECORD AT BINGHAM

It will no doubt be gratifying to the friends of Mr. George Floyd to learn of his progress and success as a student at Bingham School, Mebane, N. C.

As all the readers of the Daily News know George is an enthusiastic baseball fan and player and his work at Bingham School this season on the diamond has been remarkable. In a private note to this paper it is stated that he has been the main stay of the team. His fielding percentage is 950 and batting average 309. George has had a tempting offer from Morristown of the Appalachian League as well as several offers from larger schools for next season. This is but another instance of how well Washington boys acquit themselves away from home—they always "make good."

Allen Jurors Sings Hymns

Wytheville, Va., May 8.—The members of the Allen Jury went to church Sunday and on returning to their room in the courthouse held a song service. The hearty voices of the twelve stalwart countrymen blended in the harmony of an old hymn, "Are You Ready for the Judgment Day?"

Across the court house green Floyd Allen, the prisoner on trial—first of the gang which shot up the Carroll County Court in March—heard the song. Eighteen witnesses have been examined and the prosecution still has forty-seven to swear. The defense has as many more.

Allen's mental strain and the physical agony he has endured from his broken leg, which was improperly set, have made him a sorry sight. He is now little like the rugged mountaineer who once spread fear over a country side.

The fight fans of Fall River and vicinity will have an opportunity to see Pacey McFarland in action tomorrow night, when he will mix it up before a local club with Martin Canole, one of the veterans of the ring. The agreement calls for a 10 round bout at 135 pounds.

The first salt water fish of the season arrived here last Monday from the local fishing grounds.

PRICE CONCERT COMPANY The next and last attraction of the Lyceum Course will be the Price Concert Company which appears at the Public School auditorium on next Monday night, May 13.

ALL SHOULD HONOR OLD SOLDIERS FRIDAY

Friday next is Memorial Day. Another opportunity for the citizens of the County of Beaufort to do honor to the heroic dead. Only a few more years and those who took part in the great struggle will have passed away. While the few living are now here let every man, woman, and child pay tribute to their dead comrades. It will do all good; it will prove a comforting pleasure to the living Confederate soldiers to honor whom is a privilege all should prize.

MUSIC A FEATURE

One of the features of the forthcoming series of meetings which are to begin at the First Methodist Church next Sunday will be the music led by Professor Bird of Virginia. All those who can and will aid in the singing are requested to take part. A large chorus choir is desired.
