FAVORS THE PROPOSED LAW

Kansas City Star Sees Much Value in a National Presidential Primary.

The bill to be presented to congress for a federal presidential primary will afford a test of true progressivism.

Of course the bill as it is projected by progressives of both parties will encounter the objection that it is unconstitutional.

A national presidential primary certainly could not be as evasive of the constitution as is the entire system of national party conventions.

The direct senatorial primaries within the several states are another instance of a change in the method of selecting high federal officials from that method contemplated in the constitution.

The move for a national presidential primary embodies the right principle in the right and practical form. It is right for both parties. It is non-partisan.

No one has yet explained why women never need ear muffs.

In weather like this a little cold is fraught with great danger.

This is the weather that makes the roses blossom on the sweet girls' cheeks.

A statesman is simply a politician who politicizes to suit one's own fads and fancies.

Grease From Tan Shoes. Grease spots of any sort can be removed from tan shoes by dissolving a little oxalic acid in hot water.

Linon Belts. Linon belts and fancy hand wrought buckles will be worn with the spring linens, crases and odd washable ratine effects.

Value of Street Illumination. Urging the extension of lighting service along country highways, and in small villages, the Electric Review says: "The tendency of the times is toward better street illumination."

Will Vindicate Democratic Policy. The position of the Democratic party is vindicated by the fact that this board, of which a majority are Republicans, is unanimous that duties on wool and woollens should come down, and that the president who vetoed the Underwood bill last summer recommends the reductions.

Farm Produce Direct. One reason why farmers do not do more business direct with town customers is because the refrigerator companies have gobbed most of the business in the matter of butter and meats.

Feel That Thump-ety-thump. Harmless, and you know few headache remedies are. It is safe a child can take it. It is wonderfully quick. Good for neuralgia too.

BROMALGINE. At Soda Fountains 5c. - 10c, 25c and 50c Bottle FOR SALE BY TAYLOR'S DRUG STORE.

Won't you come and live near us down by the river shore?

'Tis really so delightful, enchanting, yes and more. 'Twill give you rest and comfort and much improve your health— That's vastly more important than a little of your wealth.

A. C. HATHAWAY

Far-Reaching Influence. 'Tis not possible to know how far the influence of any amiable, honest-hearted, duty-doing man flows out to the world.—Great Expectations

Japan Fastens Home Industries. The Japanese are making great strides in the woolen industry, and by importing the latest modern machinery are striving to manufacture all classes of woolen goods that find a market in Japan.

Woman's Costly Fit of Temper. In a fit of temper, during a heated discussion with her brother recently, a farmer's daughter, of Plouvoirn, Brest, Northern France, cut off her right hand.

Unworthy Men of Wealth. The men who have not realized the responsibility of wealth, and the social system of the present.—Exchange.

Lincoln's Lament. 'Oh, how hard it is to die and not be able to leave the world any better for one's little life in it.—Abraham Lincoln.

She Will Change Then. Mrs. Crawford—Although my daughter is such a big girl, she's still afraid of the dark. Mrs. Crabshaw—Don't worry about that, my dear. She'll soon be in love.—Judge.

Very Emotional. "Ever see one of these barefoot dancers? Their steps are symbolic; every step means something." "I saw one of 'em land on a tack one night. Her steps were full of meaning for the next few minutes."

Daily Thought. We live in an ascending scale when we live happily, one thing leading to another in an endless series.—Robert Louis Stevenson.

A Toot. King Olaf—"What ho, varlet! Bring forth my drinking horn." The Varlet—"Here with the drinking horn, hid. The old man's going to have another toot."

Never Straight. The cocoon palm has one peculiarity. It never stands upright. There is a Malay maxim to the effect that "He who hath seen a straight cocoon palm will surely live forever."

Results Tell

There Can Be No Doubt About the Results in Washington. Results tell the tale. All doubt is removed. The testimony of a Washington citizen

Can be easily investigated. What better proof can be had? Mrs. Lina Arthur, Sr., 528 W. Second St., Washington, N. C., says: "I suffered greatly from dull nagging backaches. I could hardly get around at times, and was afraid to move on account of the knife-like twinges in my loins. My kidneys were weak and no doubt caused all this trouble. I saw Doan's Kidney Pills advertised and getting a box from the Hoyt Drug Co., I began their use. They relieved every symptom of my trouble." (Statement given January 12, 1907.)

CONFIRMED PROOF. On November 19, 1910, Mrs. Arthur said: "I am willing to confirm my former endorsement of Doan's Kidney Pills. They have been of such great benefit to me that I am always glad to make their merits known." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
